Who IS the PFA and What Can We Do For YOU?

Since 1958, the Pedorthic Footcare Association (PFA), a 501(c)(6) non-profit professional association, has worked exclusively to represent the interests of credentialed providers of lower extremity pedorthic modalities. As the only professional association available to individuals practicing in the pedorthic industry, it is through our efforts that we make sure pedorthics, the management and treatment of conditions of the foot, ankle, and lower extremities requiring fitting, fabricating and adjusting of pedorthic devices, is a well established allied health profession that will continue to make an invaluable contribution to public health.

PFA's mission is to enhance the effectiveness and efficiency of credentialed providers of lower extremity pedorthic modalities through education; increase the demand for services through marketing; and promote the right to practice through government affairs activities.
