**Subject: INVITATION TO THE 65<sup>th</sup> PSME NATIONAL CONVENTION**

Dear Engr. ,

The **65<sup>th</sup> National Convention (65<sup>th</sup> NATCON)** of the **Philippine Society of Mechanical Engineers** will be held on **October 18 to 21, 2017** at SMX Convention Center, Pasay City, Philippines with the theme "**PSME: Bridging Global Advancement for a Stronger Mechanical Engineering Profession**"

Our mission and duty to equip the Filipino Mechanical Engineers with competitive advantage over foreign competition will be vigorously pursued in the 65<sup>th</sup> NATCON to give the delegates the full experience of the value of membership to the PSME.

### **RENOWNED TECHNICAL SPEAKERS.**

We will tap renowned technical speakers from world class organizations and companies in the Philippines and all-over the world for delegates to learn the latest and cutting-edge technologies and innovations in various fields of mechanical engineering. You will know some of these speakers from our 65<sup>th</sup> NATCON Updates newsletter.

We will have select seminars on boilers, fire protection, HVAC/R and mechanical devices from experts in these fields/devices.

We have invited speakers on Entrepreneurship and Leadership. Knowledge learned from these speakers will open opportunities for you to go into business, to expand your existing businesses and to be more effective in your organization.

Our NATCON Technical Committee will select the best and relevant technical papers submitted by our members. We have invited our colleagues from other foreign technical organizations and world-class global corporations to present the best technical papers, especially those papers that have been presented at prestigious technical conferences.

## GLOBAL RECOGNITION.

For global recognition, our 65<sup>th</sup> NATCON will have workshops on how to become ACPE, APEC, ASEAN Engineers. The workshops will be designed so that at the end of the workshop, the attendees will be made to fill-up forms and submit documentary requirement to start the process of the ACPE, APEC and ASEAN Engineers certification/registration.

There will be workshop on how to become a Professional Mechanical Engineer (PME), on professional practice and on implementation of R.A. 8495.

## POWER & RENEWABLE ENERGY CONFERENCE (PSME POWERCON).

There will also be a conference on Power and Renewable Energy (PSME POWERCON.) We will be inviting policy makers, industry players, consultants, technical speakers and PHILMACH exhibitors who are from or active in the power and renewable energy to discuss issues affecting the sector. This would also offer career and business opportunities for our delegates.

## MORE FUN IN 65<sup>th</sup> NATCON.

The 65<sup>th</sup> NATCON is an opportunity to rekindle the bond between friends and between chapters, and to take a break from job related stresses. Thus, the Committees handling the sports and other social events within the 65<sup>th</sup> NATCON are given their primary objective: **MORE FUN in 65<sup>th</sup> NATCON!** We will have golf, basketball shooting and bowling tournaments.

To celebrate success of our members and chapters, we will have a fellowship night to remember and an awarding ceremony befitting the challenges confronted and hardwork exerted by the honorees.

## CHEAPER NATCON FOR DELEGATES.

The 65<sup>th</sup> NATCON aims to lower the total expenses of the delegates. Following our brothers from IIEE, we have removed meals in the registration fees effectively lowering it by almost half. Delegates can choose the food suited to their taste and budget. We will have food stalls in the venue. Delegates can also opt to go to SM Mall of Asia Food Court. We have also asked hotels near the venue to offer discounted rates to delegates and we are negotiating with various transportation companies to offer also discounted rates for delegates. We will also have vehicles to transport the delegates from airport and pier to the convention venue. Your registration fee is still subsidized by PSME by about 50%.
