

**Office of the President
of the Philippines
Malacañang**

26 April 2017

ENGR. REYNALDO V. CRUZ
65th NatCon Chairman
Philippine Society of Mechanical Engineers
PSME National Office
Room 401, 4/F, Don Lorenzo Bldg.
889 P. Paredes Street
Sampaloc, Manila

Dear **Engr. Cruz**,

We are pleased to provide you with the President's message to *the Philippine Society of Mechanical Engineers*, as you hold your *65th National Convention, 7th Mechanical Engineering Student Conference and 7th Philippine Machineries Exhibits*. Kindly acknowledge its receipt by e-mail, letter or fax.

The President's message ensures our people that their government is doing its best for the common good. We are highly appreciative of your organization's contribution to society and your eagerness to correspond with the President.

It is our Office's honor and mandate to ensure the consistency of the President's communications thrust through our messaging system. The President requests that no alterations or any other form of editing be made in the text of the message unless otherwise approved by our Office, as the Correspondence Office is mandated to preserve and protect the image of the President. Should you find any inaccuracies, misspellings, or contentious statements in the message, please contact our office so we can immediately implement the necessary changes.

We wish you all the best in your forthcoming activity. Thank you.

Very truly yours,

GREGORIO G. DELIGERO
Director IV
Head, Correspondence Office

MALACAÑAN PALACE
MANILA

MESSAGE

My warmest greetings to the **Philippine Society of Mechanical Engineers (PSME)** as it holds its **65th National Convention, 7th Mechanical Engineering Student Conference** and **7th Philippine Machineries Exhibits**.

Since its establishment in 1952, PSME has been crucial to the development of our country's industries. I laud the organization for your contribution in helping our mechanical engineers become globally competitive.

Currently, relevant government agencies are conducting trainings and seminars to update our professionals with the latest breakthroughs. Grants and scholarships have also been provided for researchers and students so that they can further pursue groundbreaking discoveries in their respective fields.

May this occasion yield viable solutions that promote innovative and ethical practices in mechanical engineering. Let this occasion pave the way for a more technologically advanced and industrialized country in the coming years.

I wish you a meaningful and productive event.

A handwritten signature in black ink, appearing to read "Rodrigo Roa Duterte".
