2016 Quorum National Trustee Conferences

Trustees have a fiduciary responsibility to oversee a hospital’s financial performance and quality of care. Quorum supports trustees with operational and financial oversight and experience, and also keeps the Board informed about important industry trends and changes that trustees must address for hospitals to have a sustainable future. Plan to attend one of two Quorum National Trustee Conferences offered in 2016 – Park City, UT in May and St. Petersburg, FL in October – based on the location and date that is most convenient for you!

Conference attendees will benefit from actionable best practices presented by national speakers, as well as opportunities to network and engage with peers from across the nation. Consider attending with your hospital administrative team and physician leadership to collaborate on developing an integrated strategic response to changes in the industry.

2016 Quorum Board Essentials Workshops

Quorum Board Essentials Workshops are designed to orient new hospital trustees and refresh the core skills of experienced trustees. Workshop attendees will gain a better understanding of a hospital trustee’s roles and responsibilities and acquire the tools needed to serve as an effective Board member.

For the first time, Quorum will offer the Board Essentials Workshop in conjunction with each Quorum National Trustee Conference in 2016! This allows new trustees to benefit from this foundational training and attend the Trustee Conference in the same trip. We also encourage the hospital CEO and Board Chair to take advantage of this revamped program to discuss hospital-specific issues as a team during the daylong event.

Board Essentials Workshop topics include:

- Strategic Planning
- Hospital Revenue Cycle
- CEO Recruitment and Retention
- Quality and Duty of Care
- Financial Oversight
- Alignment of Board and Medical Staff
- Fiduciary Responsibilities
- Compliance Oversight
