

### Cardiac CT Data Sheet

Patient Name: \_\_\_\_\_ FMP/SSN: \_\_\_\_ / \_\_\_\_\_ Date of study: \_\_\_\_\_

**\*\*Patient to Fill Out\*\***

Age: \_\_\_\_\_ Sex: \_\_\_ M \_\_\_ F BMI: \_\_\_\_\_ Ht (In): \_\_\_\_\_ Wt (lb): \_\_\_\_\_

Location: \_\_\_ Outpatient \_\_\_ Inpatient \_\_\_ Emergency Dept

Indication: \_\_\_ Chest Pain (CP)/Discomfort \_\_\_ Dyspnea \_\_\_ Asymptomatic \_\_\_ Preoperative \_\_\_ EP  
 \_\_\_ Congenital \_\_\_ Other

Ethnicity: \_\_\_ Caucasian \_\_\_ Afr American \_\_\_ Latin \_\_\_ Asian \_\_\_ Middle Eastern \_\_\_ Other/Mixed

Symptoms: Check as appropriate. Please fill in completely.

|         | Any CP | CP w/ exertion | Relief w/ rest | Dyspnea | Suspect ACS |
|---------|--------|----------------|----------------|---------|-------------|
| Yes     |        |                |                |         |             |
| No      |        |                |                |         |             |
| Unknown |        |                |                |         |             |

Frequency of CP: \_\_\_ 0 \_\_\_ 1-2x/week \_\_\_ 3-5x/week \_\_\_ >5x/week \_\_\_ Unknown

History for; if 'No' leave blank:

|         | MI | PCI | CABG | HTN | DM | HLD | Fam Hx | Current Smoker | Prior Smoker | Asthma | CKD | PVD | CVA |
|---------|----|-----|------|-----|----|-----|--------|----------------|--------------|--------|-----|-----|-----|
| Yes     |    |     |      |     |    |     |        |                |              |        |     |     |     |
| Unknown |    |     |      |     |    |     |        |                |              |        |     |     |     |

Estimated Functional Status > 4 METS (Can you walk 1 block)?: \_\_\_ Yes \_\_\_ No

KEY: MI (heart attack); PCI (heart stents); CABG (open heart surgery, bypass surgery); HTN (hypertension/high blood pressure); DM (diabetes); HLD (hyperlipidemia/high cholesterol); Fam Hx (Mom/dad/brothers/sisters with heart attack, stents or bypass < 65 y/o); CKD (chronic kidney disease); PVD (peripheral vascular disease, prior leg bypass/stents); CVA (stroke, TIA, transient ischemic attacks)

Current Meds (If 'No' leave blank):

|         | ACE | ASA | ARB | BB | CCB | Diuretic | Coumadin | Oral DM Meds | Metformin | Insulin | Non-Statins Lipid Rx | Stat-In | Nitrate | Plavix | Ticagrelor |
|---------|-----|-----|-----|----|-----|----------|----------|--------------|-----------|---------|----------------------|---------|---------|--------|------------|
| Yes     |     |     |     |    |     |          |          |              |           |         |                      |         |         |        |            |
| Unknown |     |     |     |    |     |          |          |              |           |         |                      |         |         |        |            |

KEY: ACE (lisinopril, Ramipril); ASA (aspirin); ARB (telmisartan, candesartan, losartan, valsartan); BB (metoprolol, Lopressor, Toprol, carvedilol, coreg, atenolol); CCB (diltiazem, verapamil, nifedipine, amlodipine (Norvasc), felodipine (Plendil)); Diuretic (furosemide (Lasix), hydrochlorothiazide (HCTZ), torsemide, bumex, chlorothalidone), oral DM meds (glyburide, glipizide, Januvia, actos), non-statin lipid Rx (zetia, niacin, gemfibrozil, fenofibrate (trikor), lovaza), statin (atorvastatin (Lipitor), rosuvastatin (Crestor), simvastatin (Zocor), pravastatin (Pravachol), lovastatin, fluvastatin), nitrate (isosorbide mononitrate, nitroglycerin patch, bidil)
