ENTERPRISE MEMBERSHIP

As a non-profit association that educates, trains, develops global standards, supporting research and provides resources to intelligence practitioners, SCIP continues to advance the intelligence function as an ancillary skill set to a variety of decision making business operations disciplines [i.e. finance, strategy, R&D, investor relations, marketing, supply chain] within organizations and as a standalone intelligence decision support discipline in organizations which is essential to sound business decision-making and successful competitive advantage.

One of the ways we seek to accomplish this is through corporate-level affiliations known as our SCIP Enterprise Membership Program. This specialized membership classification gives select companies seeking comprehensive solutions to their intelligence challenges a corporate affiliation with SCIP. The Enterprise Membership Program also provides opportunities for corporate-wide training, education, professional development and intelligence function enhancements and awareness for the entire company.

DETAILS:

The Enterprise Membership Program with SCIP is ideal for companies that need to make decisions that arise from insights across a range of global internal and external disciplines and resources that may include integrated competitive intelligence, strategy, marketing, finance, investor relations and other operational disciplines. The Enterprise wide membership affords significant access to all of the benefits outlined herein to all members of your organization regardless of discipline. Unlike individual memberships, the Enterprise Membership is renewed on January 1 of each calendar year (not the anniversary date). This means that all employees that want to participate in your program will have the same renewal date*, which makes renewing easy.

* Please note that SCIP is happy to prorate the membership rate of any existing individual memberships that will become part of an Enterprise Membership.

ADDITIONAL INCREMENTAL MEMBERSHIPS

Additional incremental members can be added throughout the year by the Enterprise Lead(s). These team members can be enrolled with membership privileges. All incremental memberships become part of the group membership and must renew on the same date as the rest of the Enterprise Membership group – contact SCIP for details.

Assign your Enterprise Lead Today and have them contact Lisa Badolato at lbadolato@scip.org or + 1 (703) 739-0696 x108 to discuss any questions you may have regarding Enterprise Membership. Enrollment in to this program is encouraged prior to the end of this calendar year to ensure a seamless transition to Enterprise Membership.
