WHAT OUR MEMBERS ARE SAYING

“SFPE has assisted me in establishing key relationships within the fire protection engineering community which continue to be of value to my career.”
—Debbie Boice, P.E., FSFPE – Swiss Re, Member since 1986

“SFPE provides access to a great network of people and resources dedicated to saving lives and protecting property.”
—Ray Grill, P.E., FSFPE – Arup, Member since 1976

“SFPE membership is important to me because it provides an opportunity for continued education in the state-of-the-art advances of fire safety engineering. SFPE also allows for interaction with professionals on a truly global scale which is necessary in the industry of fire safety engineering.”
—Richard “Rick” Emberley – University of Queensland, Student member since 2012

“One of the primary reasons I joined SFPE was for the networking opportunities to meet and discuss fire protection engineering with like-minded professionals.”
—Timothy A. Hawthorne, – FM Global, Member since 2008

BENEFITS OF SFPE MEMBERSHIP
Continuing Education
SFPE offers members a wide range of tools and resources to help achieve and maintain the professional engineering license (P.E.) and to help you stay on top of the latest research and developments in the profession. Whether it’s webinars, seminars, online and on-site technical courses, or the timely topics and case studies in fire protection engineering that are shared at our conferences, SFPE has what you need to keep your skills fresh and current. Earn Professional Development Hours (PDHs) by participating in monthly member webinars, attending SFPE conferences and participating in other activities throughout the year.

Technical Content and Research
SFPE membership offers you unparalleled access to fire protection engineering resources you won’t find anywhere else. Gain valuable insights via free access to the following SFPE member-only publications and resources:

- Fire Protection Engineering magazine is the only magazine written by and for fire protection engineers. Published quarterly, Fire Protection Engineering is packed with articles on the latest technologies and trends, and is available in both print and digital formats to enable you anytime access to the content.

- Digital access to our peer-reviewed digital bi-monthly journal, Fire Technology, keeps you abreast of the latest research developments.

- SFPE’s monthly member-only newsletter, SFPeUpdate, synthesizes the latest SFPE news and information in a convenient, mobile-responsive format.

- Member-only content on the SFPE website includes webinar archives, technical reports, a searchable member directory and other valuable resources accessible whenever and wherever you need them.

Career Enhancement
Increase your knowledge and take charge of your career through face-to-face networking opportunities at SFPE conferences and events, or online by joining a standing committee or participating in monthly webinars. Augment your local chapter affiliation with SFPE membership to build a peer network across the globe. And take your career to the next level with member-only resources available through SFPE Career Connect.

Discounts
SFPE membership gives you access to valuable discounts, including:

- 20% discount on all SFPE publications

- Discounts on merchandise in the SFPE Online Store

- 75% discount ($299; list price $1,199) on the SFPE Handbook of Fire Protection Engineering, Fifth Edition

- Up to 25% off SFPE conferences and continuing education programs
