

Incorporated by Royal Charter 2005

The Worshipful Company of Water Conservators

As Master of the Water Conservators Company I would like to offer you the possibility of applying for Membership of our Company.

We are part of the respected and traditionally accepted establishment of the City of London, who not only encompasses Water but also the Environment in its wider form.

As a Chartered Environmentalist, it is hoped that you could through our Company enjoy good fellowship, for not only do we hold formal events such as four quarterly lunches and a prestigious Banquet, we also organise social events to places of interest. In addition we also have a Golf Team and participate in events on the River Thames.

For any further information please visit our website at www.waterconservators.org or contact our Clerk, Ralph Riley on clerk@waterconservators.org or by telephone on 01638 510626 for a chat.

Keith Tozzi
