University Student Housing is excited to welcome over 8000 students to their new homes this August! This year, the Residence Halls officially open on Sunday, August 20th beginning at 10 am. If you have the opportunity to chat with parents of incoming students, please assist us in communicating this message as the official move-in day and time. You can move in anytime after Sunday, but your students will not want to miss Raider Welcome (more info below).

University Housing has implemented a pilot program this year that will allow residents of Chitwood, Weymouth, and Coleman halls to self-select a move-in time. Pre-selecting a move-in time for the high-rise towers should help provide expedited access to luggage carts, elevators, and parking. (All things in hot demand on move-in day!) Students living in these specific buildings have received email communication from University Student Housing about how to claim their desired check-in time. If they need additional assistance with this new process, they can call 806-742-2661. This process is open to any resident of Chitwood, Weymouth, or Coleman, including students participating in Greek recruitment.

The Welcome Center will be open on Saturday, August 19, 2017 from 10:00 a.m. to 5:00 p.m. and Sunday, August 20, 2017 from 10:00 a.m. to 5:00 p.m. to assist students.

NOTE: If you need to move in before Sunday, CONTACT STUDENT HOUSING (806) 742-2661 to make arrangements.

## **Raider Welcome**

*August 20 - September 2, 2017*

Raider Welcome is a series of FUN and FREE events designed to welcome new and returning students to the Texas Tech campus. Raider Welcome occurs after Residence Hall move-in and throughout the first week of classes.

## Is your student transferring?

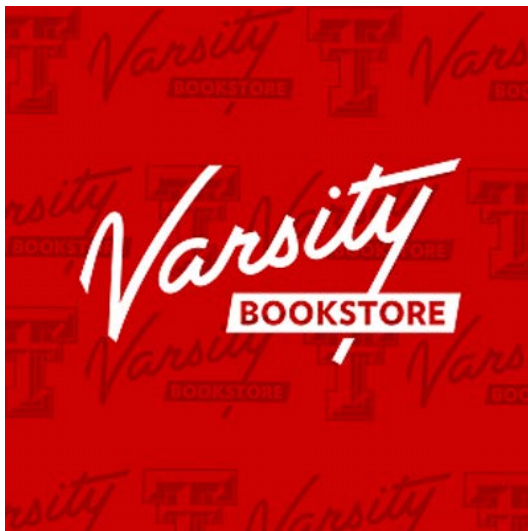

*Attend Transfer Leadership Connection!*

Is your student transferring to Texas Tech? Then they will want to investigate Transfer Leadership Connection, a student-led 3-day retreat for new undergraduate transfer students. This retreat is filled with activities to help transfer students build connections to Texas Tech, develop their abilities as student leaders, and to help prepare them to have a positive impact on the climate for transfer students at Texas Tech.
