

Valley Partnership 2015 Community Project Grant Opportunity

Founded in 1987, Valley Partnership is the real estate industry leader advocating for responsible growth policies through public private partnerships that positively impact expansion and economic development.

One of our cornerstones is community service. Each year, Valley Partnership selects a non-profit organization that can benefit from the skills, efforts and supplies provided by our Partners. Our objective is to renovate and enhance a facility for children and those in need. Over the past 25 years, Valley Partnership has contributed more than \$3.8 million to the community.

We are currently accepting applications for our 2015 Community Project recipient. Please apply or nominate an organization that would benefit from the community service of Valley Partnership and its members. Our application is found on the following page and supplementary information will be accepted.

The deadline to submit completed applications for the 2015 Community Project is **Monday, March 16, 2015**. For more information or to apply, please contact Cecilia Riviere, Valley Partnership Director of Partner Services, at 602-266-7844 or criviere@valleypartnership.org. Thank you for your interest.

Valley Partnership 2015 Community Project Grant Opportunity Application Form

TYPICAL PROJECT SCOPES:

The selected Community Projects are typically focused on activities which can be completed by a group of volunteers on the first Saturday of November during our “Event Day.” We seek facilities that are owned by the charity and can accommodate our 200+ volunteers during the transformation.

Typical sites are less than 1 acre and focus on exterior renovations consisting of painting, landscaping, play equipment, fencing and minor site improvements. Our goal is to rebuild the outdoor common areas and to bring some love back into the facility.

We do not perform any structural, mechanical, large scale electrical, or plumbing labor along with anything that requires permitting or major interior upgrades.
