

2012 VAPDC Sponsor Profiles

IMAGINiT Technologies

IMAGINiT Technologies, a Rand Worldwide Company, is the world's largest provider of enterprise solutions to the engineering community, including the building, manufacturing, civil and mapping industries. With over 25 years of experience, and over 45 offices throughout North America and Asia Pacific, we provide the expertise, training and support to help companies realize the full power of design technology, maximize ROI and gain competitive advantage.

IMAGINiT is a leading provider of Autodesk software solutions and the largest North American Autodesk Authorized Training Center (ATC) partner. All of our locations are supported by a vast pool of engineering resources focused on developing real-life business solutions for their local clients. For more information please visit imaginit.com

The Berkley Group

The Berkley Group: a full service, professional firm that works with local governments to manage transportation, land use, comprehensive planning, grant planning and general government administration needs. Our firm brings over three decades of local government experience and understand the ever-changing needs facing local and state government today. We partner with local government to achieve their goals by acting as true extension of their staff. Since we are local government employees, we bring a new, refreshing perspective to challenges. Business is changing. Will you be ready?

GHD

GHD is one of the world's leading engineering, architecture and environmental consulting companies. Established in 1928, GHD employs more than 6,500 people across five continents and serves clients in the global markets of water, energy and resources, environment, property and buildings, and transportation. The cornerstone of our business is our client-centered culture and teamwork-based approach known as One GHD. Operating globally and delivering services locally, we are united by the core values of Teamwork, Respect and Integrity.

Wholly-owned by its people, GHD is dedicated to understanding and helping our clients achieve their goals. Our global network of engineers, architects, planners, scientists, project managers and drafters collaborate to improve the built, economic and social environment of the communities in which we operate. GHD is committed to sustainable development, safety and innovation. We care for the wellbeing of our people, assist communities in need and conduct business in an ethical and environmentally responsible manner. GHD operates under a Practice Quality Management System, ISO 9001:2008 and an Environmental Management System, ISO 14001:2004 which are certified by Lloyds Register Quality Assurance.
