Vermont Technology Alliance  
The Voice for Technology in Vermont

The Vermont Technology Alliance is a non-profit business association with a mission to support, promote, and grow technology businesses and technology jobs in Vermont.

The Alliance has 200 members ranging from individual entrepreneurs to large companies, including those that work with and support Vermont's tech businesses. We are the only business organization focused solely on Vermont's technology business sector and careers.

## Vermont Technology Alliance Programs and Highlights

**Advocacy:** The vtTA works on behalf of the Vermont's technology business sector with the state legislature and government officials on tech-friendly legislation, policies and programs.

**Collaboration:** The vtTA collaborates with dozens of organizations, including state and federal government representatives, businesses, non-profit organizations, schools and colleges in support of Vermont's technology business sector and tech-based careers.

**Promote Vermont's Tech Business Sector:** We spread the news about Vermont's tech ecosystem through projects such as our Vermont Tech Jobs report and media outreach to highlight Vermont's growing technology businesses and their importance to the state's economy.

**Sponsor Technology Events and Projects:** The vtTA is leading efforts to help recruit tech employees and entrepreneurs to Vermont and host events and meetings for our members and the tech community. We also are organizers of the annual Vermont Tech Jam event and present Tech Jam Awards to honor Vermont innovations and leaders.

**Create Opportunities for Networking:** We sponsor Lunch & Learn education and information sessions and host networking and social events throughout the year, such as our annual summer dinner cruise and dinners for tech business leaders.

**Connect with the Tech Community:** The Alliance delivers news, information and event listings through our web site, monthly newsletter, and social media channels. We share business opportunities and offer member companies free postings of job openings in the Career Center on the vtTA website. We have one of the largest LinkedIn groups in Vermont.
