"Epic Through The Ages"

### NWRA Women's Council Celebrates 15 Years

Michael Hoffman, Stifel, graciously extended an invitation to the Women's Council to help celebrate our 15 year Anniversary at his Investor Summit Welcome Cocktail Reception at WasteExpo.

### Providing Professional Development:

### *Super Storms, Natural Disasters, and Catastrophic Occurrences: Navigating Cleanup and Recovery.*

Women's Council Professional Development Co-Chairs: Kathy Trent (R) and Katie Evans (L) put together an incredible education program for attendees at Waste Expo. Speakers Marcel Dalby, Area Director/Waste Management, Matt Graham, Regional VP /WCA, and Dave Haeckel, Operations Manager/SKB/Waste Connections provided expertise and lessons learned in coping with cleanup.

Providing educational opportunities to the industry serves the mission of the Women's Council.

Justin Allbright, Bank United was the lucky winner of the 50/50 Split the Pot Raffle. Justin, generously donated his share back to the council. Over \$11,000 was raised.

**NWRA WOMEN'S COUNCIL COMMITTEES**

A discussion was held at the Board and Membership Meeting on the structure and volunteer needs of the various Council committees. Members took the opportunity to sign up to serve. If you are interested in serving please let the Chair of the Committee know with a cc to Peggy about your interest. Most committees meet via conference call with all members pitching in on designated tasks.

Check the [Operating Guidelines](#) out for the committee structure.
