

To Parents, Sponsors, Volunteers, and Friends:

Thank you for your time and support of the Cyberjutsu Girls Academy (CGA)! It is thanks to you that we can declare our STEM program a success!

Since 2014, we have completed 3 cycles of CGA impacting over 200 girls in the National Capitol Region! We certainly don't plan to stop here! Our next academy year goals and dreams need your continued support to ensure our success!

A goal of our program for the next academy year is to successfully add 45 new girls to the program and develop a year 2 program with more advanced topics. In addition to our nine planned workshops, we intend to develop and maintain partnerships with organizations such as the YWCA, Girls Inc., and the DC Public Library system to continue growing in numbers increasing the pipeline of girls interested in technology.

Every year in August, Women's Society of Cyberjutsu (WSC) hosts the Annual Cyberjutsu Awards, celebrating women in information technology (IT) and cybersecurity. This time marks the beginning of our new year and need for continual support and fiscal sponsorship. We appreciate any sponsorship, at either the personal or corporate levels. Benefits of sponsoring include, but are not limited to access to our Women's Society of Cyberjutsu offerings, volunteer opportunities for employees, affiliation at events and on academy apparel, speaking opportunities at workshops, and more.

Please consider supporting WSC and CGA, because without you, we cannot reach these goals! There are many ways you can support WSC, in addition to a monetary donation. Please ask about our volunteer programs, and joining the Girls Education committee!

If you have any questions or suggestions, please don't hesitate to contact me.

Regards,

## Mari Galloway
