

Vision

All pharmacy professionals are utilized in all practice settings to improve the health and well-being of all patients in Washington State.

Mission

The Washington State Pharmacy Association exists to advocate on behalf of its members to ensure pharmacy professionals are engaged and valued as essential to the healthcare team to optimize patient outcomes.

Values

• **Devoted to Our Mission and Serving Our Members**

We are committed to responding to our members' needs while demonstrating visible leadership and innovative thinking.

• **Advancing Quality and Safety Through Patient-Focused and Outcome-Oriented Practice**

We are dedicated to the highest level of excellence and are committed to improving medication use and advancing patient care. We strive to support optimal medication and therapy outcomes by encouraging healthy lifestyles, promoting public health, and providing education to our membership and communities.

• **Integrity and Accountability**

We endorse trustworthy and transparent behaviors and are accountable and responsible for acting ethically and honestly.

• **Collaborative and Accessible**

We provide opportunities for our members to meet, communicate, collaborate, and partner within the pharmacy profession and the healthcare community.

Advancing Pharmacy

Cultivate opportunities for our members to thrive within an evolving health care system.

- Lead initiatives that create sustainable business models
- Improve access for patient care services in all health care settings
- Foster innovative care models that utilize pharmacy personnel at the top of their licensure
- Ensure appropriate medication use and optimal patient outcomes
- Highlight the importance of patient safety continuous quality improvement initiatives and foster opportunities to improve community health
