Meeting Agenda

10:00 am Opening Comments, Antitrust Statement, Introductions and Chair's Remarks

a) The Essential Principles of ACIL Sections provides that meetings must comply with the antitrust rules that apply to trade associations.

This means that, during any ACIL meeting, there shall be no discussion of the following: current or future prices of services; price lists or procedures for coordinating price changes, sales quotas, allocation or division of territories or clients; boycotting any party or denying any party access to markets, products, or information; commercial practices of competitors or clients; anything dealing with trade abuses or excluding or controlling competition.

There is a degree of constitutional protection from antitrust liability when dealing in good faith with taking positions on legislation. Nonetheless, following the foregoing will help avoid potential problems.
