Following is the list of family histories available in the AHSGR Library. If the library owns two copies of a title, one may be available to borrow.

Interlibrary Loan (ILL)

AHSGR makes its holdings available through Interlibrary Loan (ILL), which is a cooperative effort to provide books to researchers, students, and others.

AHSGR LIBRARY DOES NOT

- Loan reference books, items from reserve collections, maps, or surname charts
- Loan books unless we have TWO copies
- Borrow books we do not have in our collection from other libraries

How ILL Works

- Give the author(s) and title(s) of the materials you would like to borrow to the staff at your local library.
- They will request the material from a participating library on your behalf. Please note that the ILL system is set up to find a library closest to you, so AHSGR may not be the library that actually loans the material.
- If AHSGR is the closest library to you and the item(s) requested are available for loan, we will send the materials to your library, where they can be checked out.

ILL Fees

The AHSGR Library charges a \$5.00 fee per book for materials requested through interlibrary loan. This charge helps defray costs of processing books for interlibrary loan, including the shipping charges. Some libraries charge for ILL services, others do not. Check with your local library to determine if you will be responsible for the ILL fee.

Loan Periods

Books may be checked out for a period of 45 days. Loan periods may be extended an additional 30 days, if AHSGR receives the request before the original due date, and if the material has not been requested by another patron.
