AIA Iowa Allied Membership

Do you work with architects or in a field that supports architects?
Then you are invited to join us as an AIA Iowa Allied Member.

The American Institute of Architects, Iowa Chapter (AIA Iowa) plays an integral role in creating a partnership among all members of the design and construction industry. AIA Iowa enhances the collective interests of the building industry with a program designed to connect members of this team.

Over 90% of architects in Iowa are our members, so when you join us, you're guaranteed connections with your target audience.

As an Allied member of AIA Iowa, you have a free subscription to our weekly newsletters, quarterly addenda, and other communications.

Have an event coming up that our members might be interested in? Let us know and we'll put it in our newsletter!

With a **weekly readership over 1100 strong**, you'll find the free publicity more than worth the price of your membership.

Our **brand new website** speaks for itself. With more new visitors every day, your unique profile on AIAIowa.org won't go unnoticed.

When you choose to be a **Gold** or **Silver** level member, your company logo is featured on our homepage, AIAIowa.org!

We **host over 100 events every year**, many of which you are invited to for free or reduced cost. We also offer a selection of educational programming.

In addition, as an AIA Iowa Allied Member, we will work with you to host educational events for our members.

Do you have an accredited presentation featuring your company's services or products? Host a Dine & Discover and **educate our members**.

By attending events just for our Allied Members, including firm visits, business meetings, and socials, you'll get **connected in the industry**. Firm Visits, the most popular of our Allied Events, are 8 visits to architectural firms that help you to create relationships face to face with our firm members and introduce you to what projects they're working on.

AND we'll help you **connect with our members** in a way you can't on your own. Even better, you'll be positioned as a **solution provider and industry leader**. What could be better than that?
