NSUCOM/Larkin Community Hospital

5:30 p.m.  End of Conference
Rick Lin, DO, FAOCD
Dr. Rick Lin is a board-certified dermatologist practicing in McAllen, TX since 2006. He is the only board-certified Mohs micrographic surgeon in the Rio Grande Valley region.

Dr. Lin earned his Bachelor degree in Biology at the University of California at Berkeley and received his medical degree from University of North Texas Health Science Center at Fort Worth in 2001. He also graduated with the Master in Public Health Degree at the School of Public Health of the University of North Texas Health Science Center. He then completed a traditional rotating internship at Dallas Southwest Medical Center in 2002.

In 2005, he completed his dermatology residency training at the Northeast Regional Medical Center in Kirksville, Missouri in conjunction with the Dermatology Institute of North Texas. Dr. Lin served as the chief resident of the residency training program for two years. He was also the resident liaison for the American Osteopathic College of Dermatology for two years prior to the completion of his residency. In addition to general dermatology and dermatopathology, Dr. Lin received specialized training in Mohs micrographic surgery, advanced aesthetic surgery, and cosmetic dermatology.

Dr. Lin is board-certified by American Osteopathic Board of Dermatology in the primary specialty of dermatology. He also holds the certification of added qualification for Mohs micrographic surgery from the Bureau of Osteopathic Medical Specialists of the American Osteopathic Association and the American Osteopathic Board of Dermatology. As a leader in the field of dermatology, he is currently serving on the Board of Trustees for American Osteopathic College of Dermatology. He also chairs the Information Technology Committee of the Texas Osteopathic Medical Association and is the President for District 14. Dr. Lin also serves on several advisory boards for different pharmaceutical companies and contributes his opinion to the development of new medications.

Alpesh Desai, DO, FAOCD
Dr. Alpesh Desai is a leading board-certified dermatologist who specializes in all aspects of adult and pediatric dermatology, including general, surgical and cosmetic dermatology. He shares excellent academic and professional credentials, as well as a genuine commitment to sharing knowledge and experience with both his professional colleagues and his patients. It comes as no surprise that he has been named as one of Houston’s Best Physicians by Health & Fitness Sports Magazine in 2007, 2008 and 2009.

A Houston native, Dr. Desai returned to the area after successfully completing a surgical internship and dermatology residency in southern California. In 2006, he was selected among several of his peers to take over one of Houston’s most prestigious dermatology practices. With the help of his brother Dr. Tejas Desai, he expanded the practice to include Mohs micrographic surgery, cosmetic procedures and clinical research trials. At Heights Dermatology and Aesthetic Center, the mission has been to utilize the emerging technology to deliver advanced patient care with a personal and caring touch.

His long list of professional affiliates includes memberships at the local and national levels, including the Texas Medical Association, Harris County Medical Society, and American Academy of Dermatology. Dr. Desai is also a leader in the field of dermatology and conducts many clinical research trials in dermatology. He also provides free dermatology care to local charities and was recently awarded an Honor of Distinction by the Asian American Physician Association for his contribution and dedication to Southeast Asia Orphanages.

As a well-recognized expert in his field, Dr. Desai has been frequently featured in print and broadcast media. He has been on numerous radio interviews discussing dermatological issues ranging from psoriasis to cosmetic procedures. Furthermore, he continues to contribute back to his medical community by authoring multiple medical articles, manuscripts, and texts currently in print.

He is actively sought for civic, local, and national speaking engagements, where his goal has always been to educate and advance the care of dermatology diseases and skin cancer prevention.

Will Kirby, DO, FAOCD
Board-certified dermatologist, Dr. Will Kirby, has a degree in biology from Emory University. He received his medical degree from Nova Southeastern University and completed his first year of postgraduate training in internal medicine at Mount Sinai Medical Center. His dermatology residency training took place in association with Western University/Pacific Hospital where he was honored by being selected to serve as chief resident in the Department of Dermatology. Academically, Dr. Kirby proudly serves as a Clinical Assistant Professor of Dermatology at Western University of Health Science and as a Clinical
Assistant Professor in the Department of Internal Medicine, Division of Dermatology, for Nova Southeastern University. He is also an expert reviewer for the Osteopathic Medical Board of California in dermatology. Dr. Kirby lectures at national medical conventions, publishes articles in peer reviewed medical journals, authors and co-authors medical text book chapters and has the prestigious honor of serving on the editorial advisory board of popular dermatological publications including the Dermatologist and the Journal of Aesthetic and Clinical Dermatology. He has served as the national spokesman for Johnson & Johnson's Neutrogena Dermatologics and Kimberly Clark's Truist Skin Care lines.

A licensed osteopathic physician and surgeon in the state of California since 2002, Dr. Kirby is recognized as a Fellow by the American Osteopathic College of Dermatology. He is currently a member of the American Osteopathic College of Dermatology (AOCD) and the American Osteopathic Association (AOA). In the past, Dr. Kirby has held membership in the American Medical Association (AMA), the American Society for Laser Medicine and Surgery (ASLMS), the American Society of Dermatologic Surgery (ASDS) and the American Academy of Dermatology (AAD). Having appeared on more than 35 different television shows, Dr. Kirby was a featured physician on E! Entertainment Television's “Dr. 90210” and has frequently been seen on “The Doctors,” where he showcases his dermatology practice. Other TV appearances have included “The Young & The Restless,” “LA Ink,” “The Real Housewives of Orange County,” “Regis & Kelly,” “The Talk” and “Chelsea Lately” and has appeared on QVC more than 100 times. Dermatologist, professor, spokesman, researcher and author, Dr. Kirby is well-recognized as one of the country's leading dermatologists!

Matt Leavitt, DO, FAOCD

Dr. Matt Leavitt is a board-certified dermatologist and the Founder and Chief Medical Officer of Advanced Dermatology & Cosmetic Surgery (ADCS), the country's largest dermatology practice. Additionally, he is Founder and Chairman of Ameriderm, a division that provides billing and collections services for dermatology practices outside of ADCS. Dr. Leavitt also founded Medical Hair Restoration (MHR), which he grew into national practice for surgical hair transplantation that became the second largest hair restoration practice in the country. Dr. Leavitt now holds the office of Executive Medical Advisor with Bosley, the largest hair restoration group in the world, due to the merger of MHR and Bosley.

Dr. Leavitt has served as President of the American Osteopathic College of Dermatology (AOCD) and as Advisor and Trustee for the North American Academy of Cosmetic and Restorative Surgery. He is a founding father of the American Board of Hair Restoration Surgery, where he served as its first vice president. The group administers board examinations and establishes standards for hair transplant surgeons. He was also the founder of the World Hair Society. Additionally, Dr. Leavitt was one of the founding members and is currently the president, of the Hair Foundation.

As clinical advisor for Merck Pharmaceutical, Dr. Leavitt was among the original physicians selected to study the effects of the hair-growth drug Propecia on hair transplantation. Dr. Leavitt is currently a member of the advisory boards and national speaker for Abbott and Allergan, both pharmaceutical companies specializing in dermatology products. Formerly, he was a member of the advisory boards of Pfizer (now Johnson & Johnson) Consumer Health, manufacturers of Rogaine. He was selected by the National Educational Foundation to train other physicians nationwide on the use of Botox and was a member of Connetic's Clinical Advisory Board, a company noted for its development of skin, dermatology and scalp related medications. Since 2005, Dr. Leavitt has served as a special consultant to Lexington International, manufacturers of the Hairmax LaserComb.

Dr. Leavitt currently is a Clinical Assistant Professor in Dermatology for University of Central Florida, University of Florida and NOVA Southeastern University. Additionally, he is a preceptor for NOVA University's Physician Assistant Training Program. He is often requested to speak at Dermatology Grand Rounds at the University of Florida and the Florida Society of Dermatology Physician Assistants.

Dr. Leavitt's vision led to the development of Advanced Dermatology & Cosmetic Surgery's research division which has undertaken numerous studies for major pharmaceutical companies.

Dr. Leavitt is recognized both nationally and internationally as an accomplished author, clinical researcher, surgeon and lecturer on the subject of hair loss. He has been sought after to speak on hair loss and dermatology to diverse groups amongst which are the AOCD, American Academy of Cosmetic Surgery, American Academy of Dermatology, American Hair Loss Council, Premier Hair Show, European Cosmetic Surgeons, ISHRS, Masters Teaching Workshop in Mexico, the Multi-Specialty Foundation for Facial Aesthetic Surgical Excellence and the American Association of Anti-Aging.

Dr. Leavitt's physician group was originally selected to research and evaluate the CO2 laser and again chosen as a beta site to study the practicality and use of the Erbium laser on hair transplantation. He was the 2002 recipient of the prestigious ‘Golden Follicle,’ an award presented by nomination from an elite group of leaders and peers involved in hair.
transplantation surgery, known as the International Society of Hair Restoration Surgery (ISHRS), and selected for two consecutive years for the Milestone Award by the Italian Society of Hair Restoration. In 2002, he was also elected to the Board of Governors of the ISHRS, where he served until 2009.

Dr. Leavitt is a founder and 17 time chairman of the annual Live Surgery Workshop, which is acclaimed worldwide for its scope of training doctors in hair transplant and cosmetic surgery, its scientific presentations by the Who’s Who in the field of hair research and cosmetic procedures and for the showcasing of innovative surgical techniques, procedures and patented instruments. Dr. Leavitt is credited with originating ‘crosshatching,’ and the ‘zipper’ closure, techniques used in hair transplantation as well as inventing several surgical instruments. He has received three research grants from ISHRS and was a recipient of two educational monographs where he collaborated with a group of other physicians to develop teaching and instructive programs for doctors.

Dr. Leavitt has penned numerous articles for dermatology, hair and cosmetic journals and has served three times as editor for special hair loss editions of the International Journal of Cosmetic Surgery. He published a chapter on “Corrective Hair Surgery” in the first edition of Hair Restoration, a medical textbook, and a chapter on “Follicle Facts” in the fourth edition of the book. In 2004, he authored chapters on “Scalp Anatomy” and “The Consultation Process” in the fourth edition of another textbook, Hair Transplantation. He is also the author of three chapters in the upcoming 5th Edition of Hair Transplantation and published a chapter on LLLT (low-level laser therapy) in the laser textbook, Lasers and Non-Surgical Rejuvenation. He has also published for the consumer, Women and Hair Loss: A Physician’s Perspective, which has been reviewed and acclaimed by such readers as Richard Simmons, and referenced as a source material in medical books.

Dr. Leavitt has been interviewed by Forbes, Men’s Vogue, Parents Magazine, International Herald Tribune, MD News, Cosmetic Surgery Times, 20/20, WGN radio, New Beauty, Healthy Aging, Playboy, MuscleMag and Men’s Health. He has appeared on America’s Health Network, CBS’s “The Early Show,” The Learning Channel, plus numerous local news programs nationwide. He has been interviewed by the Orlando Business Journal and USA Today regarding the Hairmax Lasercomb as well as appearing on NBC’s iVillage regarding acne and skin care. Most recently, Dr. Leavitt has been selected by ACG (the Association for Corporate Growth) for the 2010 award for outstanding corporate business. The Florida Medical Business Journal selected Dr. Leavitt as the recipient of the Physician Business Leadership award in 2003, and deemed his Advanced Dermatology & Cosmetic Surgery offices as the “Best Dermatology Practice” in 2004. Florida Business Week has honored the dermatology practice several times for its management, patient care and for Dr. Leavitt’s achievements. He has co-sponsored five annual charity golf tournaments benefiting Ronald McDonald House and the Crohn’s and Colitis Foundation (CCFA) in Orlando, Florida. In 2009, he was asked to be Chair of the CCFA Take Steps chapter in Orlando, a post he continues to hold.

A graduate of the University of Michigan and Michigan State University College of Osteopathic Medicine, Dr. Leavitt completed his residency at Ohio University Grandview Medical Center.

Disclosures: A-Z Surgical/George Tiemann, Allergan, Lexington

Dan Ladd, DO, FAOCD
Dr. Daniel Ladd, is the Medical Director and Founder of Tru-Skin™ Dermatology in Austin, Texas. He earned his B.A. from the University of Texas at Austin and received his medical degree from Des Moines University in 1999. He completed his dermatology residency at the Northeast Regional Medical Center in Kirksville, Missouri in conjunction with the Dermatology Institute of North Texas in 2004. In addition to being board-certified in general and cosmetic dermatology, Dr. Ladd is also board-certified in Mohs micrographic surgery.

He is a member of the American Academy of Dermatology, American Osteopathic College of Dermatology, the American Society of Dermatologic Surgeons and the American Society of Cosmetic Dermatology and Aesthetic Surgery, as well as a Member of the American Society of Mohs Surgery. Dr. Ladd is a lifetime member of the Skin Cancer Foundation’s Amonette Circle, an elite group of the country’s foremost dermatologists and Mohs surgeons who have made a commitment to skin cancer education and prevention.

John Cangelosi, MD
Dr. John Cangelosi received his medical degree at the University of Texas Health Science Center at Houston after which he successfully completed an AP/CP pathology residency and dermatopathology fellowship at the University of Texas Medical Branch (Galveston, TX). Dr. Cangelosi is board-certified in dermatopathology by both the American Board of Dermatology and the American Board of Pathology. After dermatopathology board certification, Dr. Cangelosi founded Sagis, PLLC, an entirely physician-owned subspecialty
diagnostic pathology laboratory located in Houston, TX. Sagis, PLLC has rapidly grown to be one of the largest
dermatopathology laboratories in Texas.

Dr. Cangelosi has performed research in such topics as cutaneous adnexal tumors, histiocytic tumors, cutaneous
t-cell lymphomas and non-melanoma skin cancers, and has published in various pathology journals including
the American Journal of Dermatopathology, Journal of Cutaneous Pathology and Archives of Pathology and
Laboratory Medicine. He has also written a book chapter about cutaneous tumors in Dermatology, A Pictorial
Review (McGraw-Hill Medical Publishing). Dr. Cangelosi currently holds academic positions at both the University
of Texas Medical Branch and the University of North Texas/TCOM and regularly teaches dermatopathology to
both pathology and dermatology residents at numerous residency programs in Texas. Dr. Cangelosi currently holds
medical licenses in numerous states including Texas, Indiana, Utah, Arizona, Florida, Oklahoma, Kansas, Illinois
and Louisiana. He also holds professional membership in numerous medical societies including the American
Academy of Dermatology, The American Society of Dermatopathology, College of American Pathologists, United
States and Canadian Academy of Pathology and the American Medical Association.

Disclosures: Sagis, PLLC

Shelly Friedman, DO, FAOCD, FISHRS
In Arizona, the name Dr. Shelly Friedman is synonymous with hair restoration. With 29 years
of experience treating more than 16,000 patients—including celebrities, royalty, politicians,
CEO’s—he has been called one of the top ten hair transplant doctors in the country.

Dr. Friedman has dedicated his medical career to becoming a true specialist in hair
restoration surgery. He is the Founding President of the American Board of Hair Restoration
Surgery, the certifying board for hair transplant surgeons. Dr. Friedman believes that hair
transplantation is a surgical specialty in itself and like other medical specialties, it requires
professional oversight to protect the public from inexperienced surgeons. He has lectured extensively nationally
and internationally at hair restoration and dermatology seminars. He has also taught his surgical techniques at live
surgery workshops.

Dr. Friedman has been very generous with his time and knowledge, training a number of well-known hair transplant
physicians. Dr. Friedman not only performs the latest hair restoration techniques but also has advanced the practice
of hair transplantation with his own innovative ideas and skills.

Disclosure: Capillus, LLC

Suzanne Sirotia-Rozenberg, DO, FAOCD
Dr. Sirotia-Rozenberg is currently the program director for the dermatology residency
training program at St. John’s Episcopal Hospital in Far Rockaway, NY. She graduated from
NYCOM in 1988, did an Internship and Family Practice residency at Peninsula Hospital
Center and a residency in dermatology at St. John’s Episcopal Hospital. She holds Board
Certifications from ACOFP, ACOPM – Sclerotherapy and AOCD.

Lloyd Cleaver, DO, FAOCD
Dr. Lloyd Cleaver, DO founded the Cleaver Dermatology Clinic in 1986. Dr. Cleaver
completed his internship and residency at the Navy Regional Medical Center in San Diego,
CA. He is a graduate of Kirksville College of Osteopathic Medicine. He is also a board-
certified dermatologist, Fellow of American Osteopathic College of Dermatology and board-
certified in Mohs micrographic surgery.

A leader in medical education, Dr. Cleaver is a Professor of Dermatology at the Kirksville
College of Osteopathic Medicine/A.T. Still University and Assistant Dean of Continuing
Medical Education at the Kirksville Osteopathic Medical Center/A.T. Still University.
He serves as Vice Chair for the Certification Committee of American Osteopathic Association and has been Vice
Chair and is currently Secretary to the American Osteopathic Board of Dermatology. He is a Past President of the
Kirksville Osteopathic Alumni Association and a Past President of American Osteopathic College of Dermatology.
Dr. David Herold is one of the few board-certified radiation oncologists in the country to have specialized in the treatment of skin cancer using therapeutic radiation. He has practiced both in general and specialty radiation oncology in Palm Beach County since 1999 and has served for over a decade as the Medical Director of Jupiter Medical Center Department of Radiation Oncology and the Palm Beach Cancer Institute - Center for Radiation Oncology. Dr. Herold completed his radiation oncology residency training at the prestigious Fox Chase Cancer Center in Philadelphia. He had the privilege of working under the direct teaching and guidance of pioneering radiation oncologists including Gerald Hanks, MD, Barbara Fowble, MD, Robert Lee, MD, Benjamin Movsas, MD and Eric Horowitz, MD. He spent time during residency training to learn specialized radiation techniques with experts at MD Anderson Cancer Center in Houston and Thomas Jefferson University Hospital and Children's Hospital of Pennsylvania in Philadelphia.

After serving as chief resident at Fox Chase Cancer Center, he began working in private practice at Jupiter Medical Center. Over the next fifteen years he established countless radiation oncology programs, protocols and treatment plans and diligently cared for hundreds of cancer patients. He has earned a reputation for radiation expertise, professionalism and a kind, compassionate old-fashioned style of care. He completed his internship in internal medicine at Northwestern University – Evanston Hospital in Evanston, IL and attended the University College of Medicine in Gainesville, FL. He attained his undergraduate degree from Cornell University in Ithaca, NY. He also spent a year abroad studying psychology and neurophysiology at Oxford University in England before attending medical school. Dr. Herold pioneered the skin cancer program at Jupiter Medical Center and was responsible for all aspects of the radiation oncology program. He has refined the management of skin cancer treatment using advanced radiation techniques.

Dr. John Minni is board-certified in dermatology. He graduated, with honors, from Nova Southeastern College of Osteopathic Medicine in Fort Lauderdale, FL. He completed his internship at Union Hospital/St. Barnabas Healthcare System in New Jersey. He then returned to Florida and completed both family medicine and dermatology residencies at Columbia Hospital and the VA Medical Center in West Palm Beach, FL. Dr. Minni also served as chief resident in dermatology.

Between residencies, Dr. Minni practiced family medicine at the Palm Beach County Health Department while training residents, interns and medical students. Prior to medical school, Dr. Minni attended the University of Notre Dame as a Notre Dame Scholar and graduated with honors with a B.S. in Biology.

Carlos Nousari, MD is nationally and internationally recognized as a leading authority in dermatoinmunology. He is a clinician, a researcher and a prolific author in the areas of dermatoinmunology, dermatopathology and immunofluorescence. In particular, he has conducted extensive research in autoimmune blistering diseases, connective tissue disorders and vasculitides.

Prior to joining Dermpath Diagnostics in June 2004, Dr. Nousari served as co-director of the Division of Immunodermatology at Johns Hopkins Medical Institute in Baltimore, MD, and as chairman of the Department of Dermatology and Director of Dermatopathology and Immunodermatology at the Cleveland Clinic Florida in Weston. Dr. Nousari is currently the program director of the Broward Health Medical Center Dermatology Residency Program. He also serves as the Medical Director at Dermpath Diagnostics South Florida and the Director of the Institute for Immunofluorescence. Dr. Nousari is a Professor of Dermatology at the University of Miami, University of Florida and Nova Southeastern University where he runs an immunobullous clinic.

Dr. Mark Lebwohl graduated summa cum laude from Columbia College in 1974 and graduated from Harvard Medical School in 1978. He completed residencies in internal medicine and dermatology, both at Mount Sinai. Dr. Lebwohl has been practicing dermatology since 1983. He is professor and chairman of the Kimberly and Eric J. Waldman Department of Dermatology of the Icahn School of Medicine at Mount Sinai. Dr. Lebwohl is the President of the American Academy of Dermatology. Dr. Lebwohl is chairman emeritus of the Medical Board of the National Psoriasis Foundation. He is the founding
editor of Psoriasis Forum as well as a medical editor of the bulletin of the National Psoriasis Foundation, Psoriasis Advance. He is editor of the Dermatology Section of Scientific American Medicine. Dr. Lebwohl has chaired numerous symposia and has written, edited, or co-edited several books including Psoriasis, Mild-to-Moderate Psoriasis, and Moderate-to-Severe Psoriasis. He has authored or co-authored over 500 publications including peer-reviewed articles, invited articles and book chapters. Dr. Lebwohl is actively involved in clinical trials of many new dermatologic treatments.

Brad Glick, DO, FAOCD

Dr. Brad P. Glick, is a Board Certified Dermatologist and Dermatologic Surgeon practicing in Margate and Wellington, Florida. He performs a blend of dermatologic, surgical and aesthetic procedures.

Dr. Glick graduated from Emory University with a B.A. in chemistry and received his M.P.H. from the Emory University School of Public Health. He earned his medical D.O. degree with honors at Nova Southeastern University. His internship in internal medicine was performed at South Broward Hospital and his residency in family medicine was performed at Wellington Regional Medical Center and the Palm Beach County Public Health Unit, West Palm Beach, FL. Dr. Glick’s dermatology residency training was performed at the Greater Miami Skin and Laser Center at Mount Sinai Medical Center, Miami Beach, FL, where he earned certificates in dermatologic, Mohs micrographic and laser surgery.

Dr. Glick is a Diplomate of the American Osteopathic Board of Dermatology, American Osteopathic Board of Family Practice and National Board of Osteopathic Medical Examiners. He held staff positions at University of Florida College of Medicine, Nova Southeastern University College of Osteopathic Medicine, Northwest Medical Center, Coral Springs Medical Center and Mount Sinai Medical Center. Dr. Glick has served as the Director of Dermatology Residency Training at Wellington Regional Medical Center. Dr. Glick is an Assistant Clinical Professor of Dermatology at the Herbert Wertheim College of Medicine at Florida International University.

Dr. Glick has been the author of numerous publications including journal articles and textbook chapters. He is a guest lecturer for the Abbvie, Amgen, Galderma, Valeant, Medicis and Merz Pharmaceutical Speakers Bureaus and has received numerous honors during his career. Dr. Glick is the Past President of the American Osteopathic College of Dermatology (AOCD), President of the Foundation for Osteopathic Dermatology (FOD) and Past President of the Broward County Dermatologic Society. Dr. Glick offers his patients comprehensive dermatologic care as well as specially formulated skin care products for use as part of a physician supervised skin care regimen.

Disclosures: Abbvie, Amgen, Galderma, Valeant, Medicis, Merz Pharmaceutical

Clifford Lober, MD, JD

Dr. Lober received his M.D. degree from Duke University School of Medicine in 1974. He then completed his internship at Mayo Clinic in 1977 and his residency at the University of Tennessee in 1982.

Dr. Lober has been in the full-time private practice of dermatology in Kissimmee, FL, for 29 years. He is Adjunct Associate Professor of Medicine in the Department of Dermatology and Cutaneous Surgery at the University of South Florida.

Dr. Lober has received four Presidential Citations from the American Academy of Dermatology and was named “Surgeon of the Year” in 1992 by the Florida Society of Dermatology and Dermatologic Surgeons. He was awarded the first ever “Distinguished Service Award” by the Florida Society of Dermatology and Dermatologic Surgery. Dr. Lober has served on the Board of Directors of the AAD and chaired its section on Health Practice, Policy and Research. He is currently Chairman of the Carrier Policy and Medical Liability Task Force.

Lisa Swanson, MD

Dr. Swanson is a board certified dermatologist. She was born in New Orleans, LA and raised in Scottsdale, AZ. She attended college at the University of Colorado at Boulder, graduating with honors as an English major. After that, she obtained her medical degree from Tulane University School of Medicine in New Orleans. She performed her internship at Mayo Clinic in Scottsdale, AZ and went on to complete her dermatology residency at Mayo Clinic in Rochester, MN. She recently completed a fellowship in pediatric dermatology at Phoenix Children’s Hospital in Arizona.
Francisco Kerdel, MD

Dr. Francisco A. Kerdel is the founder of Florida Academic Dermatology Centers. He is nationally and internationally renowned as one of the leaders in medical dermatology. Patients are referred to his practice from throughout the United States, Latin America and the Caribbean. Many of these patients are referred from other dermatologists in recognition of his clinical expertise and innovative approaches to treatment.

He attended the St. Thomas Hospital Medical School, London University, United Kingdom. Dr. Kerdel completed his dermatology residency at Harvard Medical School, Boston, MA where he was chief resident during the year 1983-1984. He completed Fellowships at Guy's Hospital, London, England and New York University School of Medicine, New York, NY. He is Director of Dermatology Inpatient at The University of Miami Hospital, Miami, FL, and former Professor of Dermatology at the University of Miami.

Dr. Kerdel is the current Treasurer-General of the International Society of Dermatology and the Foundation for International Dermatologic Education. Other society memberships include the American Academy of Dermatology, Society for Investigative Dermatology, American Dermatological Association, Cuban, Broward, Miami and Florida Societies of Dermatology. Dr. Kerdel has been chosen an Honorary Member of the Venezuelan, Argentinian and Chilean Societies of Dermatology and a corresponding member of the Venezuelan Academy of Medicine. Over 150 scientific articles, 33 books and book chapters and 20 abstracts have been authored by Dr. Kerdel.

As an invited speaker, Dr. Kerdel has spoken at national meetings and at international meetings worldwide. He has been a visiting professor in the United States, Japan, Portugal, Italy, Australia, Brazil, Chile, Spain, England, Venezuela, Colombia, Uruguay and Mexico.

Reagan Anderson, DO, FAOCD

Dr. Reagan Anderson specializes in general dermatology and in Mohs micrographic surgery for the treatment of skin cancer. After graduating from Rampart High School in Colorado Springs, Dr. Anderson moved to Vancouver, British Columbia where he attained his Bachelor of Science and Biology from the University of British Columbia and a Master of Christian Studies degree from Regent College.

Dr. Anderson was then invited to attend the founding Osteopathic Medical School, Kirksville College of Osteopathic Medicine. Upon matriculation, Dr. Anderson was commissioned in the United States Navy where he spent the majority of his time serving the United States Marine Corps as the First Reconnaissance Battalion Surgeon. Dr. Anderson left the military in order to pursue dermatology. During his three-year dermatology residency at the Michigan State University Consortium/Oakwood Southshore Medical Center, he was actively involved in academic pursuits which included national and international lecturing as well as publishing several dermatologic articles. From October 2008-October 2009 Dr. Anderson represented all osteopathic dermatology residents as the resident liaison for the American Osteopathic College of Dermatology.

Since opening the Colorado Dermatology Institute in July, 2010, Dr. Anderson has been recognized as a board-certified dermatologist by the American Osteopathic Board of Dermatology; as a Fellow Member of the American Society of Mohs Surgeons; and is one of approximately 40 Mohs surgeons in the U.S. to attain the prestigious American Osteopathic Board of Dermatology Certificate of Added Qualification in Mohs micrographic surgery. Dr. Anderson is on staff at Memorial and Penrose/St. Francis hospitals and is a member of the El Paso County Medical Society and the Colorado Springs Osteopathic Foundation. He is also an assistant professor at Rocky Vista University College of Osteopathic Medicine in Parker, CO and in conjunction with Rocky Vista University, has founded the Colorado Dermatology Institute/Rocky Vista University Dermatology Residency program—the only one of its kind in Southern Colorado.

Disclosures: Novartis, Abbvie, Kao, Galderma

Teodor Huzij, DO, FACN

Dr. Teodor Huzij is a graduate of the Kirksville College of Osteopathic Medicine, and he completed an Air Force combined residency in family practice and psychiatry. He served in the U.S. Air Force for nine years. After his military service concluded, Dr. Huzij completed an NMM/OMM plus One Residency at the University of New England in Biddeford, ME. Dr. Huzij is osteopathically board certified in psychiatry and NMM/OMM and is an Assistant Professor of Osteopathic Manipulative Medicine at Rocky Vista University College of Osteopathic Medicine. He is also an examining board member of the American Osteopathic Board of Neurology and Psychiatry. Dr. Huzij provides osteopathic psychiatry in his private practice where he specializes in the interface of mental health and manual medicine as well as faith and psychiatry.
American Osteopathic College of Dermatology Mission Statement
Continuing Medical Education Needs Assessment

The Continuing Medical Education Program of the American Osteopathic College of Dermatology will support enhance and advance new models of academic excellence and community health care.

The objectives of this organization are:
1. To maintain the highest possible standards in the practice of dermatology
2. To stimulate study and to extend knowledge in the field of dermatology
3. To promote a more general understanding of the nature and scope of the services rendered by osteopathic dermatologists to the other divisions of medical practice, hospitals, clinics, and the public.
4. To contribute to the best interests of the osteopathic profession by functioning as an affiliated organization of the American Osteopathic Association

Purpose
The purpose of the CME program is to provide AOA-accredited continuing medical education activities to inform the dermatologist physician. The program will provide a mechanism by which its constituents can improve competency, maintain board certification, and cultivate lifelong learning. CME will provide physicians with the opportunity to further develop their knowledge through individual and group learning activities. The Continuing Medical Education Committee will monitor the quality of all programs conducted by the AOCD.

Content Areas
The content of CME activities produced by the AOCD is determined and initiated by its members. The CME program approves the activities based upon needs assessment data to ensure that all offerings present current, state-of-the-art information. Specific areas of emphasis include: (1) state-of-the-art clinical information, (2) health systems administration, (3) public health issues, (4) educational methodology, (5) professionalism in medicine, (6) cultural proficiency.

Target Audience
The primary target audience of the CME activities conducted by the AOCD are the dermatologist physician members. The program serves community physicians, volunteer clinical faculty, academic clinicians, and students affiliated with the AOCD. The program will also actively seek to broaden its audience through developing affiliations with CME providers on the national level.

Types of Activities
The core activities presented by the CME program are live conferences. The program actively encourages member to develop enduring materials as an evolving tool for continuing education. The program is committed to exploring the development of its capacity to expand resources in other educational techniques, including Web-based activities and point-of-care technologies.

Expected Results
As a result of participation in the AOCD Continuing Medical Education program, practicing clinicians will have access in obtaining assistance in the correction of outdated knowledge, the acquisition of new knowledge in specific areas, mastering of new skills, and the changing of attitudes or habits, etc.

These objectives will be achieved in a setting which is evidence-based, culturally sensitive, and free of commercial bias. The AOCD is committed to the practice of continuing program improvement. The AOCD will actively explore new educational technologies, develop collaborative relationships with other CME providers, and seek to build the capacity to evaluate competency-based outcomes among the clinicians we serve.

Accreditation:
The AOCD is accredited by the American Osteopathic Association.
Meeting Objectives:
The 2015 Fall Meeting will provide a diversified CME program focusing on the art and science of dermatology. Information will be presented through lectures and scientific paper presentations. Attendees will be updated on a broad range of new developments in dermatology and acquire a better understanding of advances in medical and surgical therapies. They will also gain greater insight into current trends in practice management as well as financial and medical/legal challenges facing today's clinician.

Needs Assessments:
The program was developed based upon the needs of physicians within the association identified through: (1) a program evaluation/survey provided to meeting participants at both our annual and midyear meeting, (2) recommendations received through the mail, email, or by phone, (3) recommendations from previous program chair, and (4) new advances in dermatologic treatment identified in major publications or research studies. The Board of Trustees also meets to discuss previous conferences and to provide additional topics and potential speaker contacts.

Faculty Disclosure:
As a sponsor accredited by the AOA, it is the policy of the AOCD to require the disclosure of anyone who is in a position to control the content of an educational activity. All relevant financial relationships with any commercial interests and/or manufacturers must be disclosed.

Disclosure of Commercial Support of CME:
As you undoubtedly know from the national media, there has been much discussion concerning the relationships between CME sponsors, faculty and commercial companies providing support of CME.

Both the American Osteopathic Association and the Committee on Continuing Medical Education have adopted regulations for ethical actions in this area which the American Osteopathic College of Dermatology endorse and have adopted for all our educational activities.

Please be assured that having an affiliation with a company does not imply in any way that something is wrong or improper; however, we want to inform attendees that such a relationship exists.

Should you have any questions regarding the facilities, handouts, program content, or concerns about CME compliance with the AOA “Uniform Guidelines,” feel free to contact the AOCD representative:

Marsha A. Wise, BS  
Executive Director  
P.O. Box 7525  
Kirkville, MO 63501  
660-665-2184  
800-449-2623

Unresolved issues regarding compliance with the AOA “Uniform Guidelines” can be brought to the attention of the AOA Division of CME by calling: 800-621-1773, or by writing: AOA CME Office  
142 East Ontario Street, Chicago, IL 60611

Credit Statements
This Fall Meeting is pending approval for up to 25 category 1A CME credits. Physicians should only claim credit commensurate with the extent of their participation in the activity. A completed attestation form and post course evaluations are required to receive CME credit and a certificate of attendance.

AAD Recognized Credit Statement
The American Osteopathic College of Dermatology's Current Concepts in Dermatology, AAD program number 698100 is recognized by the American Academy of Dermatology for 25 AAD Recognized Credits and may be used toward the AAD CME Award.
