Clinical Predictors of Recurrent Stenosis and the Need for Re-Intervention in the Cephalic Arch in Patients with Brachio-Cephalic AV Fistulas
Saravanan Balamuthusamy (1, 2), Peter Nguyen (1), Suman Bireddy (1), Avinash Vallurapalli (1), Bijin Thajudeen (2) and Oladapo Afolabi (1).
(1) Tarrant Nephrology Associates and Tarrant Vascular (2) University of Arizona, Division of Nephrology, Tucson.
Presenting Author: Dr. Saravanan Balamuthusamy, MD FASN, Assistant Professor of Clinical Medicine, Tarrant Nephrology Associates, Fort Worth, TX, balsarav@gmail.com

Mechanical and Infectious Complications of Radiological PD Catheter Insertion: A Single-Center Experience
Viraj V. Bhalani M.D. and Brett Stephens M.D.
Presenting Author: Viraj Bhalani, M.D. (fellow), University of Texas Health and Science Center - Department of Renal Diseases and Hypertension, Houston TX, virajbhalani@gmail.com

Hybrid Thrombectomy for Treatment of Occluded “Megafistula”
Chyi Chyi Chong, MD, Bharat Sachdeva, MD, Wayne Zhang, MD, and Tze-Woei Tan, MD
Presenting Author: Chyi Chyi Chong, MD, Assistant Professor of Surgery, Louisiana State University Health Shreveport, Shreveport, LA, cchong@lsuhsc.edu

Are Fistulas Superior to Grafts as Long-Term Hemodialysis Accesses in Elderly Patients?
Jie Cui, MD and Zubin Irani, MD
Presenting Author: Jie Cui, Interventional Nephrology Fellow, Nephrology Division Massachusetts General Hospital, Boston, MA, jcul2@partners.org

Subcutaneous Implantable Electronic Devices in Hemodialysis Patients
Rajiv K. Dhmiija (1), Daniel Sedhom (2), Brian Wang (1), M Usman Talha Akmal (2), Krishnakumar Hongalgi (2), and Arif Asif (2). Institutions: (1) Rancho Los Amigos National Rehabilitation Center, Downey, CA. (2) Albany Medical College, Albany, NY.
Presenting Author: Brian Wang, MS-III, Class of 2016, Western University of Health Sciences, Pomona, CA, briianwang@gmail.com

Transcatheter Anastomosis Connector System for Vascular Access Graft Placement: Preliminary Results from a First-in-Human Study
Adrian Ebner, MD; John Ross, MD; Cindy Setum, PhD; Michael Kallok, PhD; and Alexander Yevzlin, MD
Presenting Author: Alexander Yevzlin, MD, Director of the Interventional Nephrology and Vascular Access Program, University of Wisconsin, Madison, WI, asy@medicine.wisc.edu

Sheep Model of Arteriovenous Fistula using Superficial Veins
MC Florescu, A Sacks, T Tysinger, MJ Kuchta, J Lo, EA Stolze, GM Fry, DP Bumgardner, J Runge, B Hadley, M Morris
Presenting Author: Marius C. Florescu MD, Associate Professor of Medicine Interventional Nephrologist, University of Nebraska Medical Center, Omaha, NE, mfflorescu@unmc.edu

A Novel Model of Balloon Angioplasty Injury in Rat Arteriovenous Fistula
Lingling Gao, Maheshika Somarathna, and Timmy Lee
Presenting Author: Timmy Lee, MD, MSPH, FACP, FASN, University of Alabama at Birmingham, Birmingham, AL, txlee@uab.edu

Venous Outflow Lesions in Brachio Cephalic Fistulas Caused by the Use of Tourniquet
Martin Gorrochategui Rodriguez, MD, Carlos Rivera Bermudez, MD, Francisco Torres, MD, and Martin Gorrochategui Vigoreaux MD
Presenting Author: Martin Gorrochategui, MD, Interventional Nephrologist, Assistant Professor University of Puerto Rico, School of Medicine, Centro de Accesos Vasculares de Puerto Rico, martingpr@hotmail.com

Thrombectomy: Clearing without Complicating
Zubin Irani, MD and Jie Cui, MD
Presenting Author: Zubin Irani, MD, Zubin Irani, MD Attending Physician, Interventional Radiology Department Massachusetts General Hospital, Boston, MA, zirani@mgh.harvard.edu
Risk Factors Associated with Distal Hypoperfusion Ischemic Syndrome in Patients with an Arteriovenous Fistula
Muhammad S. Karim MBBS, Alexander S. Yezzi MD, Brad C. Astor PhD MPH, and Micah R. Chan MD MPH. Division of Nephrology; Department of Population Health Sciences, University of Wisconsin School of Medicine and Public Health, Madison, WI.
Presenting Author: Muhammad Sohaib Karim, M.B.B.S (Currently Fellow, Nephrology), Department of Nephrology, University of Wisconsin School of Medicine and Public Health, Madison WI, mkarim@uwhealth.org

Hemodialysis Catheterization of Persistent Left Superior Vena Vava with Agenesis of Right Superior Vena Cava.
Sung Jun Kim, Hye Eun Yoon, Sungjin Chung, Chul Woo Yang, Yong-Soo Kim, Yoon Sik Chang, and Seok Joon Shin
Presenting Author: Sung Jun Kim, Division of Nephrology, Department of Internal Medicine, Incheon St. Mary’s Hospital, College of Medicine, The Catholic University of Korea, KSJUN80@gmail.com

Hemoperitoneum after Peritoneal Catheter Placement- Should Peritoneal Dialysis be Continued?
Ramesh Marahatta MD, Bharat Sachdeva MD and Adrian Sequeira MD
Presenting Author: Ramesh Marahatta MD, Nephrology Fellow, LSU Health, Shreveport LA, rmarah@lsuhsc.edu

Experience with Dialysis Catheter Fibrin Sheath from Developing Country
Dr Hemant Mehta, Dr Anup Chaudhari, Dr Jhoomar Makhija, and Dr Gireesh Warawadekar
Presenting Author: Hemant Mehta, MD (Med), DM (Nephrology), DNB (Nephrology), Section Coordinator and Consultant, Department of Nephrology, Lilavati Hospital and Research Center, Mumbai, India, drhmehta@hotmail.com

Basilic Vein Transposition Fistulas Created by a Nephrologist: 8 Year Experience
Rick Mishler, MD and Saravanan Balamuthusamy, MD
Presenting Author: Rick Mishler, MD, Interventional Nephrologist Nephrologist Access Surgeon, Arizona Kidney Disease and Hypertension Centers Phoenix, AZ, nephrologist.access.surgeon@gmail.com

CONTINUED on pg. 19
Can Augmentation Procedures Promote Arteriovenous Fistula Use without Compromising Vascular Access Long Term Patency?

_Hoon Suk Park, Sung Joon Kim, Hyung Wook Kim, Bum Soon Choi, Cheol Whee Park, Young Ok Kim, Chul Woo Yang, and Dong Chan Jin_

**Presenting Author:** Hoon Suk Park, M.D., Clinical Assistant Professor, St. Vincent’s Hospital, Division of Nephrology, Department of Internal Medicine, The College of Medicine, The Catholic University of Korea, cttailor@catholic.ac.kr

Comparison of Arteriovenous Fistula and Arteriovenous Graft on Patient Survival and Access Patency in Non-elderly versus Elderly Population

_Hoon Suk Park, Sung Joon Kim, Hyung Wook Kim, Bum Soon Choi, Cheol Whee Park, Young Ok Kim, Chul Woo Yang and Dong Chan Jin_

**Presenting Author:** Hoon Suk Park, M.D. Clinical Assistant Professor, St. Vincent’s Hospital, Division of Nephrology, Department of Internal Medicine, The College of Medicine, The Catholic University of Korea, cttailor@catholic.ac.kr

Placement of Fluoroscopically-Guided Percutaneous Peritoneal Dialysis Catheters by Interventional Nephrology Followed by Urgent-Start Peritoneal Dialysis

_Rajeev Narayan MD_

**Presenting Author:** Rajeev Narayan MD, Interventional and Clinical Nephrology San Antonio Kidney Disease Access Center, San Antonio, TX, renalraj@gmail.com

Effect of Transdermal Nitroglycerin on Newly Created Arteriovenous Fistula for Hemodialysis

_Dr. Zachariah Paul P, Dr. George Kurian, Dr. Rajesh R, and Dr. Anil Mathew_

**Presenting Author:** Dr. Zachariah Paul P, M.D, D.M, Department of Nephrology Amrita School of Medicine, Amrita Institute of Medical Sciences, Amrita Vishwa Vidypaetham, Kochi, Kerala India, zachpaul@rediffmail.com

Arteriovenous Fistula Remodeling in a Rat AVF Model

_Maheshika Somarathna, Lingling Gao, and Timmy Lee_

**Presenting Author:** Timmy Lee, MD, MSPH, FACP, FASN, University of Alabama at Birmingham, txlee@uab.edu

Direct Basilic Vein Cannulation as an Alternative Approach to Treat Difficult Cephalic Vein and Subclavian Vein Junction Stenosis

_Mukesh Sharma, MD, MS  Salman Singapuri, MD, FASN, FACP  David Desoto, MD Drew Heiple, MD_

**Presenting Author:** Mukesh Sharma, M.D., M.S., Arkansas Renal Group Ouachita Procedure Center 115 Wrights St Hot Springs, AR 71913, MKSharmaMD@gmail.com

It Happened One Evening- A Case of Quinton Misplacement

_M Singh, D Rotaru, James Meek, and Mary E Meek_

**Presenting Author:** Singh Manisha, MD, Nephrology Fellow - PGY5, Division of Nephrology, University of Arkansas for Medical Sciences, Little Rock, AR, msingh@uams.edu

Retrograde Dissection of the Axillary Artery During Arteriogram via AV Access

_Ramesh Soundararajan and Vinaya Soundararajan_

**Presenting Author:** Ramesh Soundararajan, MD, FASN, FACP, Asst. Professor Midwestern College of Medicine, Dowers Grove IL, rsoundar59@gmail.com

Arteriovenous Fistula Versus Autonomic Neuropathy: A Culprit for High Output Heart Failure

_Ekamol Tantisattiamo_

**Presenting Author:** Sukit Raksasuk, MD, Division of Nephrology Department of Medicine, Siriraj Hospital, Bangkok, Thailand, kobsukit@yahoo.com

The Self-Locating Catheter: Four Years of Experience

_Koraichi Zakaria, Gonzalez Francisco, Clavijo Fuensanta, Soria Carrion Juan Jose_

**Presenting Author:** Dr Francisco Javier Gonzalez Martinez, Nephrology Fellow, Complejo Hospitalario Torrecardenas, Almeria. Spain, fcuro@yahoo.com
