Road to Registration for Candidate Engineers, Technologists and Technicians

Get Ahead! Get Registered!

Don’t go just halfway to your dreams. You have your qualification - Now kick-start your career and work towards getting registered with ECSA.

Being registered allows you to:
- Demonstrate your competence
- Gain recognition as a professional
- Earn more
- Boost your career prospects
- Work independently
- Add the designation Pr Eng, Pr Tech Eng or Pr Techni to your name

Attend this course and learn about:
- The level of competence required for registration
- How to plan the training that you need
- The ECSA registration process and how to fill in the forms and templates
- Your responsibilities during the candidate phase and your relationship with mentors and supervisors

Presenter:
Allyson Lawless Pr Eng, DEng(hc)
Stewart Gibson Pr Eng, FSAICE

WHO SHOULD ATTEND
The course is aimed at:
- Candidate engineers, technologists and technicians
- Graduates who are about to register as candidates

COURSE DATES & VENUES
Scheduled courses are offered around the country based on demand. Please contact Lizelle for more information on upcoming courses.

TIMES: 08:00 for 08:30 to 16:30

REGISTRATION
To register, visit www.candidateacademy.co.za
For more details contact Lizelle at lizelle@ally.co.za

CPD: 1 credit
PHILOSOPHY OF THE CANDIDACY PHASE
- Education levels
- Training opportunities per sector

COMPETENCIES
- The Project Cycle
- Core competencies
- Cross-cutting competencies
- Professional and other competencies
- The skills acquisition pyramid
- Outcomes

DEVELOPING HIGH PERFORMANCE PROFESSIONALS
- Why register?
- Becoming a high-performance professional

ROLEPLAYERS
- Candidates
- Supervising engineers/Coaches
- Mentors
- ECSA
- Mentoring vs Coaching

THE REGISTRATION PROCESS
- The registration process
- Practical training period
- Training plan
- Assessments
- The final report for submission to ECSA
- Continuing development
- Code of conduct

"This was excellent. The course came just at the right time for me."

"The course was very well organised and very precise about the requirements of registration; I am particularly impressed with the presenter. She had tons of experience and relevant examples."

"The course helped me to understand why I have to register, because for me it was just a matter of filling out paperwork. I now realise my responsibility in my career choice as an engineering technician."

ABOUT THE FACILITATORS
Allyson Lawless is a civil engineer experienced in structural, municipal and mining engineering. In the year 2000 she became the first female president of the South African Institution of Civil Engineering, and during that year recognised the looming skills challenge. Since 2003 her career has been focused on skills development and she has published two books, Numbers and Needs, and Numbers and Needs in Local Government, which address skills shortages and the associated solutions in civil engineering and local government respectively.

Stewart Gibson trained and qualified as a Civil Engineer in the UK before moving to South Africa in 1974 where he joined a major consultancy group, eventually becoming a Group Director. After 25 years with the group he left and formed his own company advising municipalities on ways of improving their service delivery as well as mentoring and assisting graduate engineers, technologists and technicians towards professional registration. As an active member of Toastmasters International, Stewart is a skilled presenter and facilitator. He is a Fellow of SAICE.

FEES (including VAT)
Fees include course manual, tea and lunch
- R2 950 for SAICE Members
- R3 500 for Non-SAICE Members

In-house courses for a reduced fee per person are available. Contact Lizelle at lizelle@ally.co.za for further information.

Benefits include:
- Portfolio of Evidence
- Master File - for filing master documents and signed off reports for submission to ECSA
- Development File - for filing your workplace training plans, time sheets, monthly reports, quarterly assessments and other reference material which may be necessary for producing your final project report
- Interactive exercises to help you learn fast
- Networking with other candidates in similar situations
- Help with filling in forms and planning your activities

The Candidate Academy’s philosophy is to support candidates on their road to registration with ECSA, by helping them through the transition from theoretical training to the ‘how’ of engineering projects and processes. The Academy offers practical, hands-on training relevant to experiences in the workplace.
