CPHR Saskatchewan’s Professional Mentoring Program provides the framework for members to be matched, according to specific needs and goals, with other members for the purpose of enhancing professional development in a meaningful and supportive way.

These relationships enable the program participants and business leaders to exchange knowledge and experience relating to skills, culture and values. Whether you are a newcomer to the field of HR or a senior practitioner, the program can support you to expand, refine and build new skills. This member-only program runs annually from October to May.

Applications will be accepted from June 1 to Sept 30. Notifications regarding mentor/protégé matching will be announced in October. There is a registration fee of $30 for general protégés and $20 for student protégés. Mentor registrations are free.

75% of surveyed FORTUNE 500 CEOs cited mentoring as one of the top three factors in their career.

"Being a mentor to those that are just starting out their career is absolutely one of the most rewarding experiences of my career. Being able to share my experiences and help our younger generation pave a path for themselves and watching them grow is truly a fulfilling experience. I do hope that sharing my stories has made it easier for the next person going on their journey in their HR career."
