Summary: Current law regulates real property acquired and operated by the state as wildlife management areas, and requires the Department of Fish and Wildlife, when income is directly derived from that real property, as provided, to annually pay to the county in which the property is located an amount equal to the county taxes levied upon the property at the time it was transferred to the state. Summary: Current law designates illnesses and conditions that constitute a compensable injury for various employees, such as California Highway Patrol members, firefighters, and certain peace officers. These injuries include, but are not limited to, hernia, pneumonia, heart trouble, cancer, meningitis, and exposure to a biochemical substance when the illness or condition develops or manifests itself during a period when the officer or employee is in service of his or her employer, as specified.
