

MEMBER TESTIMONIALS

"The most significant benefit that I've experienced is the confidence I have gained in myself to take on challenges at work that others shy away from or avoid all together. I love that sense of accomplishment! Attending local meetings gives me a boost that energizes me for the month ahead and when I attend Council, Regional and International conferences it's a huge lift to my spirit!" - *Robyn Railsback*

"I benefit from the experience of more 'seasoned' members. They have truly 'been there and done that', so if something comes up at work I can't or don't know how to handle, all I have to do is send an email or pick up the phone, and someone is there. The personal growth in leadership is a big benefit for me and my employer as well. With leadership you get that 'emotional intelligence'. It is a very motivating organization for those just starting out, or just looking to always learn and improve." - *Danielle Main CISR, CPIW*
