Mr. Tim Adams, CEO  
International Registration Plan, Inc.  
4301 Wilson Blvd, Suite 400  
Arlington, VA 22203

November 06, 2013

Mr. Adams:

Oklahoma will launch its new web-based IRP system on December 2, 2013. On that date we will start issuing new 8 1/2" X 11" paper credentials. Examples of the permanent cab card and 45-day temporary registration are attached to this letter. As an integral part of these credentials are PRISM compliant bar codes and new "QR" codes in the upper right hand corner of each credential. As an aide to roadside enforcement is the ability to scan the "QR" code with any smart device and verify the validity of the presented credential.

For law enforcement personnel who cannot scan either code, an enforcement verification link will be provided on our website: <https://apps.occeweb.com/IRPEXternal/> (also noted on each credential). There the user can enter the "Enforcement Control Number" from the credential or at least the last 5 digits of the "Vehicle Identification Number".

This verification capability will be available 24/7 (given the occasional service interruption). An example of the results produced by this verification is also attached to this letter.

Roadside enforcement will continue seeing the legacy cab cards issued by the prior system for about a year after our deployment.

I have previously informed Robin Murphy that we will likely be netting through the Clearinghouse in March 2014. We have arranged a tentative Clearinhouse training schedule.

If I can be of further assistance, please feel free to contact me.

Scott Greenawalt  
Regulatory Program Manager
