Message from the ISNCC President

On behalf of the ISNCC Board of Directors, I am pleased to present you with the 2014-2015 ISNCC Annual Report. This report will outline ISNCC’s successes over the past fiscal year, including membership, partnerships, major initiatives and financials.

In 2014, ISNCC was engaged in various international initiatives supporting our strategic plan, with a focus on advancing and applying knowledge and influencing health policy. ISNCC is able to do this work through the development and engagement of cancer nurse leaders via our international network of professionals in the field of cancer nursing. ISNCC has continued to work to build and sustain our stakeholder relationships and to ensure the ongoing success of these relationships in our work internationally.

ISNCC had an excellent year with some very exciting highlights. We held an extremely successful International Conference on Cancer Nursing (ICCN) 2014 in Panama City, Panama, and are planning ICCN 2015 in Vancouver, Canada and ICCN 2016 in Hong Kong, China. ISNCC is pleased to announce that ‘Cancer Nursing’ is the new official journal of the society. We held numerous international workshops and educational sessions and launched numerous online educational modules in ISNCC Insight. ISNCC launched a new blog, International Cancer Nursing News (ICNN) and an ISNCC Community on Sosido. Further, we developed numerous positions statements and guidelines, including the new Role of Cancer Nurses in the World Joint Statement.

I would like to take this opportunity to thank the ISNCC Board of Directors, whose tireless work has made this organization what it is today.

We are looking forward to the continued success of ISNCC.

Thank you,

Stella Aguinaga Bialous, RN, MSc, DrPh, FAAN
ISNCC President
About ISNCC – Mission, Vision and Strategic Planning

The International Society of Nurses in Cancer Care (ISNCC), founded in 1984, has the following members: national cancer nursing societies, regional cancer nursing societies, oncology institutions, and individual cancer nurses, researchers, and educators. Globally, ISNCC has over 60,000 cancer nursing members.

The ISNCC Board of Directors developed a new strategic plan for 2014 – 2017.

In order to achieve the mission and vision, ISNCC is focusing on the following strategic directions and goals:

1. Building and sustaining stakeholder relationships.
2. Influencing health policy.
3. Advancing and applying knowledge.
4. Developing and engaging cancer nurse leaders.

The ISNCC Core Values are as follows:

- Accountability
- Equity
- Excellence
- Inclusivity
- Integrity
- Respect

Specific charges associated with the abovementioned strategic directions and goals have been allocated to the appropriate ISNCC Committees and a reporting structure is in place. A complete version of the ISNCC Strategic Plan is available on the ISNCC website at: http://www.isncc.org/?page=StratPlan

Mission: Maximize the influence of nursing to reduce the global burden of cancer.

Vision: Lead the global nursing community in cancer control.

International Network of Professionals in the Field of Cancer Nursing – ISNCC Membership

ISNCC membership is available to cancer nursing associations, institutions, and individual cancer nursing professionals worldwide. Members are a part of an international network of professionals in the field of cancer nursing. ISNCC members are encouraged to actively participate in the leadership of the Society by joining ISNCC committees that are working to advance oncology education, research, and patient care.

**ISNCC membership includes the following membership types:**

- **Individual Membership** is open to individual nurses or other professionals involved in or interested in cancer nursing.
- **Association Membership** is available for national specialist nursing groups, institutions and organizations.
- **Full Membership** is available for national oncology nursing societies worldwide.
- **Corporate Membership** is available to companies working in or interested in cancer care.

**ISNCC membership benefits include, but are not limited to, the following:**

- Exclusive access to ISNCC Insight, a unique platform for nurses to access online educational programs, web-courses, conference lectures, guidelines and other online materials that are directly relevant to cancer nursing practice.
- Electronic subscription to Cancer Nursing, a bimonthly publication that address the whole spectrum of problems arising in the care and support of cancer patients.
- Access to the International Cancer Nursing News, opportunity to submit posts or articles relevant to oncology nursing for consideration by the ISNCC Communications Committee, and receipt of notifications when new posts are made.
- Access to the ISNCC Community on Sosido and receipt of weekly digests summarizing all activity in the ISNCC community.
- Discounted subscription rates for inPractice Oncology Nursing, a digital point-of-care reference and educational resource designed specifically for nurses who care for patients with cancer.
- Access to ISNCC discussion forums for online dialogue on pertinent international nursing issues.
- Reduced rates on the International Conference on Cancer Nursing (ICCN) registration fees.
- Participation in the business meeting of the Society, held during ICCN.
- Networking opportunities via participating in society activities such as the ICCN, educational and research initiatives, workshops, task forces, committees and interactions with international health groups.
- Discounted rates for the ISNCC webinar program.
- Access to career postings in the cancer nursing field.
- Access to an extensive network of institutions, centers and individuals involved in cancer nursing and cancer care via access to the online ISNCC Membership Directory.
Statistics

ISNCC members represent over 50 countries worldwide and as of yearend in 2014, ISNCC had 882 Individual Members, 65 Association Members and 44 Full Members.

Building and Sustaining Stakeholder Relationships – ISNCC Partnerships and Outreach

ISNCC has formal memorandum of understanding (MOU) agreements with the following organizations:

- Oncology Nursing Society USA (ONS)
- European Oncology Nursing Society (EONS)
- Multinational Association of Supportive Care in Cancer (MASCC)

ISNCC holds the following international memberships:

- International Council of Nurses (ICN)
- Union for International Cancer Control (UICC)

ISNCC was involved in the following external conferences in 2014:

- 2014 Oncology Nursing Society (ONS) USA Congress (Anaheim, USA): ISNCC Focus Groups, ISNCC and ONS International Session, Exhibition
- 2014 European Oncology Nursing Society (EONS) 30th Anniversary Celebration (London, UK): ISNCC Representation
- 2014 European Oncology Nursing Society (EONS) Congress (Istanbul, Turkey): ISNCC and EONS Session, Postconference BMS Foundation Grantee Summit Meeting, Exhibition
- 2014 Multinational Association of Supportive Care in Cancer (MASCC) Conference (Miami, USA): Exhibition
- Sigma Theta Tau International Nursing Research Conference, Patsy Yates, Nurse Researcher Hall of Fame Award (Hong Kong, China): ISNCC Representation
- 2014 Union for International Cancer Control (UICC) World Cancer Congress (Melbourne, Australia): ISNCC Partnership Session and Palliative Care Focus Group.
Advancing and Applying Knowledge – ISNCC Major Initiatives

INTERNATIONAL CONFERENCE ON CANCER NURSING (ICCN) 2014

ISNCC partnered with the Panamanian Society of Oncology Nursing and the University of Panama Nursing College to host the 18th International Conference on Cancer Nursing (ICCN) from September 7 - 11, 2014 at the Hilton Panama, Panama City, Panama. The conference attracted 375 attendees from 40 countries to learn and discuss the latest developments and educational resources in the field of cancer nursing. The theme for this conference was ‘Strengthening Leadership, Unity and Compassion in Cancer Care’. The conference was supported by 18 corporate supporters and 9 exhibitors.

Advancing and Applying Knowledge – ISNCC Major Initiatives

INTERNATIONAL CONFERENCE ON CANCER NURSING (ICCN) 2015

ISNCC is thrilled to announce that the International Conference on Cancer Nursing (ICCN) 2015 will be held from July 8 - 11, 2015 at Westin Bayshore Hotel in Vancouver, Canada! The theme for ICCN 2015 is ‘Cancer Nursing Research: Global Strategies and Implications for Evidence Based Practice’. ICCN 2015 will be planned in partnership with the Asian Oncology Nursing Society (AONS), European Oncology Nursing Society (EONS), International Psycho-Oncology Society (IPOS), Multinational Association of Supportive Care in Cancer (MASCC), and Oncology Nursing Society (ONS) USA. ONS USA will be the Regional Conference Partner and AONS, EONS, IPOS and MASCC will be International Conference Partners.

The International Conference on Cancer Nursing (ICCN) 2016 will be held from September 4 - 8, 2016 at Sheraton Hong Kong Hotel, Hong Kong, China. More information will be available in mid-2015.

CANCER NURSING JOURNAL

ISNCC is pleased to announce that ‘Cancer Nursing’ is the new official journal of the society. This exciting collaboration between ISNCC and Wolters Kluwer, publishers of ‘Cancer Nursing’, ensures that esteemed published knowledge is readily available to international cancer nurses. ISNCC individual members can obtain an electronic subscription to ‘Cancer Nursing’. Further, the ISNCC logo is placed on the cover of ‘Cancer Nursing’ and ISNCC acknowledges ‘Cancer Nursing’ as its exclusive official journal.
INTERNATIONAL WORKSHOPS AND EDUCATIONAL SESSIONS

In 2014, ISNCC held workshops and educational sessions all over the world, including the following:

- Focus Group on ‘Cancer Patient Safety Framework – Managing Adherence to Oral Therapies’ at ONS Congress, April 2014, Anaheim, USA (supported by Novartis)
- Focus Group on ‘Nurse-Led Patient Education for Targeted Therapies’ at ONS Congress, April 2014, Anaheim, USA (supported by GlaxoSmithKline)
- Educational Workshops on ‘Nurse Management of Oral Chemotherapy’, May 2014, Bogota, Colombia (supported by Pfizer Foundation)
- Focus Group on ‘Adverse Events, Solid Tumors and Targeted Agents’ at ICCN 2014, September 2014, Panama City, Panama (supported by Bayer)
- Bristol-Myers Squibb Foundation Grantee Summit 2014 on ‘Addressing Cancer Disparities in Central and Eastern Europe’ at EONS Congress, September 2014, Istanbul, Turkey (supported by Bristol-Myers Squibb Foundation)
- UICC and ISNCC Advisory Group Meetings on ‘Collaborative on Cervical Screening’, May and September 2014, Bogota, Colombia and Panama City, Panama (supported by UICC and CDC)
- Session on ‘How International Oncology Nurses are Working Together to Accelerate Progress’ at UICC World Cancer Congress, December 2014, Melbourne, Australia
- Series of Tobacco Cessation Leadership Workshops on ‘Eastern Europe Helping Smokers Quit’, throughout 2014, Warsaw, Poland and Prague, Czech Republic – (supported by Bristol-Myers Squibb Foundation)
- Series of Tobacco Cessation Leadership Workshops via the ‘ISNCC Eastern Europe Nurses’ Centre of Excellence for Tobacco Control’, throughout 2014, Prague, Czech Republic (supported by Bristol-Myers Squibb Foundation)

ISNCC INSIGHT

ISNCC Insight provides a unique platform for nurses around the world to access educational materials that are directly relevant to nursing practice. These materials are complimentary for ISNCC members. Online educational materials include the following:

- Access Device Guidelines: Recommendations for Nursing Practice and Education (Chinese)
- Cancer Patient Safety Framework – Managing Adherence to Oral Therapies (English, Spanish, Portuguese, Czech, Hungarian, Polish)
- Nurse-Led Patient Education for Targeted Therapies (English, Spanish)
- Tobacco Cessation Leadership (English, Russian, Romanian, Polish, Hungarian, Czech)
- Nurse Management of Oral Chemotherapy (English, Spanish, Portuguese)
- Adverse Events – Solid Tumors and Targeted Agents (English, Spanish, German, French, Italian, Japanese)
- AEOP (Associacao de Enfermagem Oncologica Portuguesa) Educational Materials (Portuguese)
INTERNATIONAL CANCER NURSING NEWS (ICNN) BLOG

ISNCC is pleased to announce the International Cancer Nursing News (ICNN) has transformed from a quarterly newsletter to an online blog format to increase the number of international oncology nurses reached and to facilitate the sharing of expert knowledge and experience in real time. The ICNN Blog is now live – share your expert knowledge and experiences with other international oncology nursing professionals. ISNCC welcomes all oncology nursing professionals to contribute articles that are relevant to oncology nursing. Please visit http://news.isncc.org/ for more information.

ISNCC COMMUNITY ON SOSIDO

ISNCC Individual Members now have complimentary access to the ISNCC Community on Sosido. Sosido is an online platform for healthcare professionals to share published research and clinical knowledge, allowing members within a specialty community to connect and broadcast recent work or advances in their field. ISNCC members will have access to the Sosido platform and receive weekly email digests summarizing all activity in the ISNCC community.

Influencing Health Policy – ISNCC Major Initiatives

POSITION STATEMENTS AND GUIDELINES

ISNCC has the following posted Position Statements:

- The Role of Cancer Nurses in the World Joint Statement
- Cervical Cancer Prevention and Screening Position Statement
- Cancer Pain Position Statement
- Tobacco Position Statement
- Cancer Nursing Education Position Statement

In 2014, the Asian Oncology Nursing Society (AONS), Canadian Association of Nurses in Oncology (CANO/ACIO), Cancer Nurses Society of Australia (CNSA), European Oncology Nursing Society (EONS), International Society of Nurses in Cancer Care (ISNCC), and Oncology Nursing Society (ONS) developed a new position statement on The Role of Cancer Nurses in the World in honour of World Cancer Day 2015. Taking place under the tagline ‘Not beyond us’, World Cancer Day 2015 took a
positive and proactive approach to the fight against cancer, highlighting that solutions do exist across the continuum of cancer, and that they are within our reach. Please find below an excerpt of the position statement on The Role of Cancer Nurses in the World:

“The growing demand for cancer care, from prevention to palliative care, along with rapidly changing healthcare systems provides opportunities for cancer nurses to play a pivotal and increasingly important role in delivering high quality, safe, effective and efficient healthcare to people affected by, or at risk for, cancer. As the largest group of healthcare providers globally, in most countries around the world nurses are the backbone of the health care delivery system.”

NATIONAL ORGANIZATION GUIDANCE DOCUMENT

ISNCC offers a Guidance Document on How to Establish a National Cancer Nursing Organization. Cancer Nurses need to have their own national organization to speak for them and raise cancer nursing-related issues at the national level. The national organization would represent cancer nurses within a country to inform practice, develop networks and share experiences. Countries with limited resources may face particular challenges when attempting to establish a national organization. Resources can be limited and there may be poorly developed technical infrastructure. The imperative to establish national cancer nursing societies in countries with limited resources is gathering pace as the incidence of cancer rises. These societies will be pivotal in the efforts to prevent, control and treat cancer. The functions and benefits of a national organization may include:

- Provide leadership and a national voice for cancer nurses
- Development and dissemination of standards, training and education
- Support each other and share experiences through opportunities for networking
- Initiate research that will lead to the enhancement of care for people with cancer
- Enable concerns from local forums to feed into national policy and practice
- Collaborate with other societies involved in the care of the person with cancer
- Promote nurses’ contributions to national cancer control activities (preventing new cancers, improving survival, alleviating human suffering)

OTHER PUBLICATIONS

The ISNCC President published a book chapter in the Springer Publication ‘Cancer Care in Countries in Transition’, in partnership with Oncology Nursing Society (ONS) USA.
