The ISTH Academy is the online education arm of the International Society of Thrombosis and Haemostasis (ISTH). As part of the Society’s mission to advance the understanding, prevention, diagnosis and treatment of thrombotic and bleeding disorders, the ISTH Academy provides advanced learning opportunities without managing travel budgets or flight plans.

**Webinars**
The ISTH Academy offers monthly live webinars presented by internationally recognized scientists. Topics include: controversies in anticoagulation, von Willebrand disease, thrombocytopenia, microvesicles, platelet function testing and many other topics. Participation in live webinars is free, and CME credit is available for a small fee. ISTH members also receive full access to archived webinars for use at any time.

**Webcasts**
The Academy library includes archived webcasts of plenaries and State-of-the-Art presentations from past congresses and meetings. Webcasts are made available to ISTH members and meeting attendees in the weeks following the meeting.

**Abstracts & Posters**
In addition to video presentations, the ISTH Academy archives abstracts and eposters from past meetings. Users can search through hundreds of documents to find specific topics.

**ISTH Course on Venous Thrombosis**
The ISTH Course on Venous Thrombosis is an accredited course and a comprehensive educational resource developed by internationally recognized ISTH experts. The course will feature nine interactive modules that include pictures, videos, in-course quizzes, interactive glossaries, and end-of-module assessments.
Clinical Core Curriculum
Developed by global scientific leaders, the ISTH Clinical Core Curriculum sets the minimum requirements for a medical doctor to be considered a specialist in the fields of thrombosis and hemostasis. The Curriculum is an internationally recognized standard that provides the framework of the educational opportunities offered through the ISTH Academy.

Expand Your Knowledge
Join the thousands of medical professionals who have benefitted from ISTH Academy resources. Full and complete access to the ISTH Academy is complementary for ISTH members. For those who do not wish to become ISTH members, a free ISTH Academy membership is available with limited access. Visit academy.isth.org to get started. Current members may use their ISTH login; new users will need to join. Learn more at isth.org.

In addition to the ISTH Academy’s online resources, the ISTH offers a variety of in-person educational programs for health professionals around the world.

Reach-the-World Fellowships
Every six months, the ISTH awards Reach-the-World Fellowships to junior clinicians and researchers from developing countries. Fellows receive the opportunity to study at renowned host institutes, and the ISTH provides financial support for travel and living expenses for up to four months.

Education Courses
The ISTH regularly sponsors and helps to organize educational courses throughout the world in places like Brazil, India, Portugal and Russia. While primarily focused on developing countries, the ISTH will sponsor events in other parts of the world.

Advanced Training Courses
In an effort to provide the latest training, the ISTH also organizes advanced training courses. These three-day events provide focused lectures and training from internationally recognized experts.

Visit isth.org to learn more about these opportunities.
