American Council of Engineering Companies of Kentucky
Directory 2014 - 2015

The purpose of this directory is to foster a better understanding of the relationships between the client, the public and the professional engineer in private practice.

Firms listed in this directory are members of the American Council of Engineering Companies of Kentucky. The firms maintain offices or provide engineering services in Kentucky, are staffed by qualified, registered engineers and are pledged to uphold high professional and ethical standards. By their membership, they subscribe to the code of professional conduct established by law and are recognized as responsible, independent and impartial experts in their fields of practice.

This directory of Kentucky consulting engineers will assist in securing qualified engineering services for any project. Information is also available on consulting engineering services in other states.

For more information about the American Council of Engineering Companies’ member firms or members of the American Council of Engineering Companies in other states, contact ACEC-KY at 1.800.455.5573 or email us at: acecky@kyengcenter.org.

• Services
  Consulting engineering services for bridges, highways and streets, municipal, structural and land reclamation. Services include studies and reports, surveys, design, construction plans, specifications, construction administration, project representation, operation, and maintenance manuals.
5H TECHNOLOGIES, INC.  
110 South 3rd Street  
Paducah, KY 42001  
P: (270) 448-0755  
F: (270) 448-0754  
E: dh@5htech.com  
Website: www.5htech.com  

PRINCIPALS: Crystal L. Hutcheson – President; David F. Hutcheson Jr., CHMM – Vice President; David F. Hutcheson, Sr., PE – Board Chairman and Chief Engineer  

DISCIPLINES: Civil (Environmental); Civil (General); Civil (Municipal); Chemical; Environmental; GIS; Hazardous Waste; Web Page Design; NEPA/Environmental Services; Health & Safety; Biology; Computer Applications; Stormwater  

DESCRIPTION: 5H Technologies, Inc. provides professional services in the following areas: environmental engineering (regulatory compliance, permitting, reporting, and training), project controls services, GIS services, wetlands delineation/mitigation, stream mitigation, NEPA services, sensitive resource management, safety compliance/reporting, environmental assessments (Phase I, II, and III), site remediation, HAZMAT services, and environmental monitoring services. 5H Technologies, Inc. is a woman-owned small business based in Paducah, Kentucky. The company is certified by the US Small Business Administration as a Historically Underutilized Business Zone (HUBZone) small business concern. In November 2006, the firm received its Disadvantaged Business Enterprise (DBE) certification from the Kentucky Transportation Cabinet (KYTC). 5H Technologies, Inc. is prequalified in several disciplines by KYTC. The firm has licensed professionals in Chemical, Environmental and Civil disciplines.

AMEC ENVIRONMENT & INFRASTRUCTURE, INC.  
690 Commonwealth Business Center  
11003 Bluegrass Parkway  
Louisville, KY 40299-0000  
P: (502) 267-0700

E: pgarrow@crai-ky.com

PRINCIPALS:  Steven Creasman; Charles Niquette

DISCIPLINES:  Archeology; Architectural History; Historic Research and HABS/HAER/HALS Recordation; Cemetery Relocation; Historic Preservation Regulatory and Compliance Consulting; GIS

DESCRIPTION:  Since 1983 Cultural Resource Analysts, Inc. (CRAI) has provided assistance on National Historic Preservation Act (NHPA) and National Environmental Policy Act (NEPA) compliance requirements to various federal agencies and private sector clients. Our NHPA assistance has ranged from survey and evaluation strategies and requirements (Section 110), to Section 106 consultation requirements, to the development, negotiation, and implementation of mitigation plans. CRA completes research and survey on thousands of historic properties each year and we are skillful in recommending determinations of National Register eligibility, complying with the Secretary of the Interior’s Standards for the Treatment of Historic Structures, and in facilitating regulatory compliance. Our NEPA assistance includes collecting and organizing documentation pertaining to Section 106 coordination in order to complete and append the appropriate sections of NEPA documents.

DESCRIPTION: DLZ has been protecting our country’s natural resources and improving our nation’s infrastructure for nearly a century. We work on projects ranging from short-term, modest problem-solving investigations and studies to conducting and managing long-term, multidisciplinary, multi-million dollar programs. Our philosophy begins with providing unmatched client service while meeting all of the budget and schedule objectives for the project. Our engineers, architects, planners, and technical support staff are innovative and will work with our clients to establish a shared vision of their projects. Our goal is to turn our clients visions into reality, from exceptional planning and design through construction and post construction. DLZ is a multidisciplinary firm with rich Kentucky history. Our Kentucky operation began as Brighton Engineering in the 1950’s and became one of the state’s premier transportation firms during the height of the development of our parkways and interstates. After the DLZ acquisition in 2004, DLZ Kentucky was able to expand its range of services by drawing from expertise in more than 18 other offices throughout Ohio, Indiana, Illinois, Michigan, and even internationally.

GREENMAN-PEDERSEN INC

PRINCIPALS: Daniel J. Maletic, PE; Perry Nutter, Sr; Douglass Robb, PE

DISCIPLINES: Civil (Structural), Civil (Transportation)

DESCRIPTION: Established in 1966, Greenman-Pedersen, Inc. (GPI) is a consulting engineering, planning, survey, mapping, and construction management and inspection firm that specializes in the innovative development, design and construction of infrastructure and building systems. Originally founded by A. Beecher Greenman and Herbert M. Pedersen, GPI has grown from a two-person endeavor to a consulting firm included among ENR’s top 100 national design firms.

GPI provides services to a wide variety of government agencies, municipalities, institutions, industries, architects and developers. We attribute our long-lasting relationships with our clients to the talented, responsive, service-oriented professionals employed throughout the GPI organization. It is our people that set us apart from other consultants and is what truly makes this company unique.

We take pride in the many projects we have successfully completed and enjoy the challenge of new and difficult engineering issues requiring innovative, yet practical, cost-effective solutions. Our firm’s commitment to provide quality engineering services and to work as a team with our clients is the reason they continue to turn to GPI for engineering solutions.

DEAN DORTON ALLEN FORD PLLC
200 South Fifth Street, Suite 201 South
Louisville, KY 40202
P: (502) 566-1000
F: (502) 581-9016
E: sanderson@ddafcpa.com
Web Site: www.ddafcpa.com

CONTACT: Shawn Anderson

SERVICES: Audit, Tax, Consulting, IT Support, Forensic Accounting, and Valuation

DESCRIPTION: Dean Dorton Allen Ford was created in 2011 by the combination of two of Kentucky’s premier accounting firms – Dean Dorton Ford and Cotton + Allen. These legacy firms have provided us a culture that will continue at Dean Dorton Allen Ford. This culture includes providing exceptional client service and the ability to be innovative problem solvers. As Dean Dorton Allen Ford we will continue to pride ourselves on being large enough to provide expert services while still maintaining the core values developed by our legacy firms, which include personal and timely delivery of services.

In short, we believe that giving unparalleled personal attention to our clients is just as important as providing accurate, timely services that meet their needs. This philosophy of balancing interpersonal skills with accounting and consulting expertise remains at the core of our firm.

ACEC LIFE HEALTH TRUST
2600 Network Blvd, Suite 230
Frisco, TX 75034
P: (469) 200-4583

SERVICES: Quality, affordable healthcare

DESCRIPTION: ACEC Life Health Trust’s purpose is to provide quality, affordable healthcare to ACEC member firms and to support the member organizations of ACEC.
PLANTMIX ASPHALT INDUSTRY OF KENTUCKY
PO Box 286
Frankfort, KY 40602
P: (502) 223-3415
F: (502) 223-2370
E: brian@paiky.org
Web Site: www.paiky.org

CONTACT: Brian K. Wood, P.E.

SERVICES: Asphalt Paving

DESCRIPTION: The Plantmix Asphalt Industry of Kentucky (PAIKY) is a statewide trade association established in 1938 – today we represent more than 50 companies involved in paving and highway construction. Our mission is to serve the membership, expand the use of plant mix asphalt and promote it as the pavement material of choice throughout Kentucky but advocating, communicating, and educating our customers, government agencies, and the general public on the benefits of quality asphalt pavements.

THE UNDERWRITER’S GROUP
1700 Eastpoint Parkway
Louisville, KY 40223
P: (502) 489-6238
F: n/a
E: mbusick@uscky.com
Web Site: www.uscky.com

CONTACT: C. Michael Busick

SERVICES: Professional and Commercial Package Insurance

DESCRIPTION:
A recognized strength of The Underwriters Group is its superior claims administration services for both employee benefits and workers’ compensation. The combined volume of medical payments allows US&C to negotiate substantial savings on behalf of our customers.

Our workers’ compensation adjusters are located in field offices to provide close proximity to our clients’ employees. This aids our adjuster in becoming familiar with how hard our clients work, developing unique relationships to understand our clients better.

All of The Underwriters Group staff is connected via US&C’s computer network, which allows multiple offices to provide the same standard of services to customers in various locations. It also allows us to keep abreast of changes required by the client or jurisdictional authorities.
