## Leverage the Expertise of a Global Community!

The NAPCP has been Advancing Commercial Card and Payment Practices Worldwide Since 1999.

There is no similar organisation to the NAPCP within the EMEA business-to-business market which offers needed end-user-based knowledge regarding the efficiencies provided within a complete Commercial Card and Payment solution set.

The NAPCP's rich content, events, and virtual educational opportunities will help you understand the industry's latest advancements, learn how to build strong policies and procedures, meet regulatory requirements and much more.

Our website is the industry's largest and most robust online repository of educational materials and networking tools, containing thousands of pages of:

- White papers
- Sample documents
- Surveys
- Case studies
- Recorded webinars
- eNetworking

All of these resources are related to card and payment program best practices, and brought to you by the industry's top innovators and subject-matter experts.

## How to Get Involved with the NAPCP and the EMEA Commercial Card and Payments Community

We are looking for speakers to present at EMEA events, as well as Regional Forum hosts and sponsors. Year-round end-user opportunities, include:

- Regional Forum End-User Presentation
- Webinar Leader
- Conference Breakout Speakers

By speaking at one of our educational events, you will contribute to your profession, build your reputation as an industry expert, demonstrate to your organisation that you are a professional recognized by your peers, create valuable and lasting professional contacts and inspire others with your story!
