The Patient-Centered Medical Home (PCMH) is the fastest-growing health care delivery model for providing comprehensive, coordinated primary care to patients of all ages. It facilitates partnerships between individual patients and their personal physicians, and when appropriate, the patient’s family. With 3 national accreditation bodies, PMCH assures consumers are protected from unnecessary health care procedures and costs.

### BROAD HEALTH CARE INDUSTRY SUPPORT

**Private Sector**
- Aetna
- Blue Cross Blue Shield
- Humana
- Kaiser Permanente
- UnitedHealthcare

**Public Sector**
- Colorado Medicaid
- North Carolina Medicaid
- Oklahoma Medicaid
- Oregon Medicaid
- US Air Force

**Health Care Professionals**
- American Academy of Family Physicians
- American Academy of Pediatrics

- American Osteopathic Association
- Patient-Centered Primary Care Collaborative

### RETURN ON INVESTMENT

Studies of PCMH implementation have consistently shown evidence of:

**Lower Health Care Costs**
- $15.5 million in overall savings (Blue Cross Blue Shield of CA)
- ROI of 4:1 for disease management programs (Blue Cross Blue Shield, ID)
- $40 million in savings in 2011 (CareFirst Blue Cross Blue Shield, MD)
- 11% lower pharmacy costs (NC Medicaid)
- Reduced PMPM costs by $89 (Care Oregon Medicaid)

**Improved Health Outcomes**
- 50% fewer ER & urgent care visits (Alaska Medical Center)
- 40% fewer hospital readmissions (HealthPartners, MN)
- 46% lower inpatient hospital days (Capital Health Plan, Florida)
- 54% improvement in optimal diabetes control (Blue Cross Blue Shield, ND)
- 22% decrease in patients with uncontrolled blood pressure (Humana, OH)

**Improved Quality of Care**
- 350% reduction in appointment wait time (HealthPartners, MN)
- 24% increase in LDL screening (Blue Cross Blue Shield, NJ)
- 112% increase in influenza inoculations (North Carolina Medicaid)
- 8% increase in patients “always getting treatment” (OK Medicaid)
- 50-90% increase in eye exams (University of PA Medical Center)
