New York State Veterinary Conference

Hosted by the
New York State Veterinary Medical Society and Cornell University College of Veterinary Medicine

Thursday, Oct. 3 – Sunday, Oct. 6, 2013

Cornell University College of Veterinary Medicine
Ithaca, N.Y.

Register easily online at www.vet.cornell.edu/nysvc for discounted early registration fees and to guarantee a seat in a lab!
Join us for the 6th Annual New York State Veterinary Conference (NYS-VC), hosted by the New York State Veterinary Medical Society (NYSVMS) and Cornell University College of Veterinary Medicine, in Ithaca, N.Y. This year's conference will feature an outstanding slate of speakers presenting a wide variety of lectures in multiple tracks, including a new laboratory animal track, a focus on emergency medicine and toxicology, and interactive ultrasound and radiology learning opportunities. This year's conference will also feature expanded opportunities to attend labs and small group sessions.

The Cornell University College of Veterinary Medicine venue facilitates learning and networking in a friendly and casual setting. Attend one of the popular laboratory or case-based discussions at no additional charge, and visit the exhibits featuring innovative veterinary products and services. The conference also features numerous opportunities to network with your peers, including the Thursday evening Welcome Reception with exhibitors, Friday evening's Purple Party and Silent Auction and Saturday evening's Conference Celebration Dinner.

We thank our sponsors and exhibitors for their support of the NYS-VC: their generous sponsorship helps keep attendance fees affordable and ensures that conference participants have access to the latest breakthroughs. We encourage you to visit the exhibitor booths at the conference as a thank you for their support.

To register for this year's conference and to guarantee a place in limited labs log onto www.vet.cornell.edu/nysvc for easy online registration. Or complete the registration form in this packet and mail it to NYSVMS at the address listed on the form.

Register by Friday, Sept. 6, to take advantage of discounted early registration fees. If you miss the early bird deadline, you can still avoid the on-site registration fee surcharge by registering online or through the mail by Friday, Sept. 20.

We look forward to seeing you in Ithaca Oct. 3-6, 2013!
New York State Veterinary Medical Society

Linda JM Tintle, DVM
President

Dean Snyder, DVM
Chair, Academy of Veterinary Practice

Susan Wylegala, DVM
Chair, Conference Committee

Bridget M. Barry, DVM
Committee Member

Rene van Ee, DVM
Veterinary Technician Track Director

Douglas Cohn, DVM, DACLAM
Laboratory Animal Track Director

Jennifer Mauer, CAE
Executive Director

Cornell University College of Veterinary Medicine

Michael I. Kotlikoff, VMD, PhD
Austin O. Hooey
Dean of Veterinary Medicine

Lorin D. Warnick, DVM, PhD
Associate Dean for Veterinary Education and Hospital Director

Margret Thompson, DVM, DACVR
Director of Continuing Education and Hospital Director

Paul Virkler, DVM
Bovine Track Director

Mary C. Smith, DVM, BS, DACT
Camelid/Small Ruminant Track Director

Thomas Divers, DVM, DACVIM, DACVECC
Equine Track Director

Norm Ducharme, DMV, MSc, DACVS
Equine Track Director

### 1:00 p.m. - Program ends

Classes marked in PURPLE are approved for veterinarian credit only.
The NYS-VC offers more than 200 hours of continuing education. The maximum CE credits per person is 22 hours. The breakdown of hours per day are as follows: Thursday - 1; Friday - 8; Saturday - 8; and Sunday - 5.

New York State Continuing Education Credit

The NYSVMS and the Cornell University College of Veterinary Medicine are approved New York State continuing education sponsors. New York State Veterinary Conference will offer a maximum of 22 hours of continuing education credit to veterinarians and veterinary technicians attending this conference. Veterinary technicians may only receive CE credit for classes that are within their scope of practice as defined by the NYS Veterinary Medicine Board. Classes not approved for credit for veterinary technicians are listed in purple on the schedule.

RACE Credit

This conference has been submitted (but not yet approved) for 22 hours of continuing education credit in jurisdictions that recognize AAVSB RACE approval. However, participants should be aware that some state veterinary boards have limitations on the number of hours accepted in certain categories and/or restrictions on methods of delivery of continuing education.

CE Certificate Procedure

Verify your attendance at the conference by signing in at the registration desk when you pick up your badge and conference materials. A CE tracking form will be provided with each conference program book so that you may keep track of the sessions you attend. File this form with the Certificate of Attendance that will be emailed or mailed (by request) after the conference. Each individual is responsible for maintaining personal records of continuing education for six years from the date of the course.

For further information, please contact Amanda Mott, Continuing Education Coordinator in the CVM Office of Continuing Education at (607) 253-3200.
NYS-VC Registration

Online registration is available at [www.vet.cornell.edu/nysvc](http://www.vet.cornell.edu/nysvc)

Please keep in mind that laboratories have limits on the number of registrants. Be sure to register early to guarantee your first choice. Online registration is strongly encouraged and will help you avoid long lines and a $75 surcharge at the on-site registration desk. Register by Sept. 2 to improve your chances of admission to labs with limited space, and SAVE money!

The registration form can be found on pages 18-19. Paper registration forms can be faxed to the NYSVMS at (518) 869-7868 or mailed to 100 Great Oaks Blvd. Suite 127, Albany, NY 12203.

Full conference registration includes attendance at all lectures, selected labs, continental breakfast each day, refreshment breaks, Thursday’s Welcome Reception with the exhibitors, lunch on Friday and Saturday, Friday’s Purple Party and Silent Auction (with one complimentary drink ticket) and admittance to all exhibit areas.

Upon arrival at the conference please check-in at the Registration Desk in the Centennial Room to pick-up your conference materials, including your name badge and tickets, and to sign-in for CE credit.

REGISTRATION DESK HOURS

Thursday, Oct. 3: 6 p.m. - 8 p.m.
Friday, Oct. 4: 7 a.m. - 5 p.m.
Saturday, Oct. 5: 7:30 a.m. - 5 p.m.
Sunday, Oct. 6: 8 a.m. - Noon
Spouse/Guest Registration

Spouse and guest registration includes a name badge, refreshment breaks, admittance to the exhibit areas and Friday’s Purple Party and Silent Auction. Not included in the spouse/guest registration is admittance to lectures or labs, lunches, or a complimentary Purple Party drink ticket. Veterinarians and veterinary technicians may not register as spouses or guests.

Parking Permits

A parking permit for the College is required only for Friday; Saturday and Sunday campus parking is free. You can purchase a Friday parking permit on the registration form for $5; the permit will be emailed to you before the conference begins. Shuttle service to the College is available during certain hours from selected hotels listed on page 17.

Proceedings

Conference Proceedings will be available online after Sept. 6, and registrants will be advised how to access them after their registration form and payment have been received. A printed copy of the Conference Proceedings may be purchased in advance on the registration form for $50 and will be available for pick-up at the registration desk. A limited number of printed Proceedings will be available for purchase on-site for $75.

Exhibits/Sponsors

We encourage registrants to stop by the exhibit areas and learn more about our sponsors. Exhibits will be open at the following times:

**Exhibits Hours**

- Thursday, Oct. 3: 6 p.m. - 8 p.m.
- Friday, Oct. 4: 8:30 a.m. - 5 p.m.
- Saturday, Oct. 5: 8:30 a.m. - 5 p.m.
- Sunday, Oct. 6: 8:30 a.m. - Noon
CONFERENCE INFORMATION - THURSDAY

Welcome Reception

The conference begins with a Welcome Reception Thursday evening from 6-8 p.m. in the Veterinary College Atrium. Join us at the reception to greet friends and colleagues, visit the exhibit booths and enjoy some light refreshments after you pick up your conference materials in the Centennial Room.

Thursday Evening CE Presentation:

Mobile Technology for Increased Productivity in a Veterinary Practice

6:15 - 7:15 p.m.

Are any of these names familiar to you: Dropbox, Workshare, Evernote, Smartsheet, iCloud, iPhone, SurveyMonkey, Clickbook.net, MailChimp, Carbonite, or Facebook? If you said no to more than half, then attend this special evening session to find out how these technologies are revolutionizing the veterinary practices of tomorrow. And the best part – most of these software tools are free and easy to use.

The drive for mobility is creating a new business universe for all businesses, not just veterinary practices. Just having mobile access to your email is insufficient for increasing productivity and producing better informed employees. This session will show you how to link your phones, laptops and office computers into one integrated system that will increase your day-to-day office productivity while also increasing the personal service you can deliver to your clients.

This session is not about implementing fancy systems, like electronic medical records or robust practice management software solutions. This session will teach you the everyday tools available, for free, that can help you manage your emergency calls, back-up your computer data systems, and process payments directly from your clients’ property during a house call.

Did you know you can use your cell phone to process credit card payments while making a house call? We’ll show you how. Did you know you can manage emergency, off-hours calls using a paid service at a very reasonable price? This session will show you how.

Taught by Eric Bregman, VMD, a veterinary business owner, this session will speak in “everyday language” and will show you how these and other software tools are best suited to your veterinary hospital.

Tour of the Cornell University Hospital for Animals

The Hospital Director, Lorin Warnick, DVM, PhD, will conduct a special tour of the Cornell University Hospital for Animals. The tour will meet Thursday evening outside of the Centennial Room at 6:15 p.m. and will last one hour. Highlights will include the Imaging Suite and MRI, the equine treadmill, and our resident equine blood donor Mike and his companion, Minnie. Please indicate on the registration form if you would like to participate. This tour is limited to 25 attendees.
Purple Party and Silent Auction

NYS-VC registrants and exhibitors are invited to the Silent Auction and Purple Party Friday, Oct. 4, at 5:30 p.m. in the New York State Veterinary Diagnostic Laboratory Atrium.

The Purple Party celebrates the NYS-VC partnership between the NYSVMS and the College. This partnership is reflected in the NYS-VC logo and the prominent use of the color purple. **Why purple?** When Cornell's Big Red and the blue of NYSVMS are blended, the two colors become one – **PURPLE!**

At the Purple Party, you will enjoy a delightful selection of food and beverages and be entertained by the veterinary college's student a cappella group, UltraSound. Be sure to bid on some of the beautiful, historic and fun items available in the Silent Auction!

The Silent Auction will once again feature the popular Wine Wall giveaway. For every $25 wine wall ticket, a participant will go home with a gift wrapped bottle of wine valued at $25 or more. Nearly half the bottles won in 2012 were valued between $50 and $100!

Monies raised at the Silent Auction benefit the NYSVMS' legislative advocacy through the Veterinary Political Education Committee and the NYSVMS scholarship, awarded annually to a veterinary student at Cornell. The NYSVMS scholarship was established in 1994 as a permanently-endowed scholarship at Cornell University. The scholarship provides tuition assistance to New York State residents who are third- or fourth-year students and interested in organized veterinary medicine.

*Send in the donation form on page 16 or contact NYSVMS headquarters and let us know what YOU can donate!*
NYSVMS Annual Business Meeting

NYSVMS members can register to receive a complimentary ticket to breakfast at the NYSVMS Annual Business Meeting Saturday, Oct. 5 at 7 a.m. The meeting and breakfast are held in the cafeteria at the veterinary college.

Every NYSVMS member who attends the Annual Business Meeting will receive a raffle ticket and one lucky member, present when the drawing is held, will receive FREE 2014 NYSVMS membership dues!

Celebration Dinner at Celebrations!

The NYSVMS and the Cornell Veterinary Alumni Association will host a party to celebrate award recipients at Celebrations Banquet Hall Saturday, Oct. 5. The Celebration Dinner will begin with complimentary wine and local craft beer at 7 p.m., a buffet dinner at 7:45 p.m. followed by brief award presentations and an evening of dancing. Shuttle transportation from the parking lot outside the conference to Celebrations will begin at 6:45 p.m. with return trips beginning at 9 p.m.
Disaster Preparedness Series
Sunday, Oct. 6, 2013 9 a.m. – 1 p.m.

Sponsored by the American Veterinary Medical Foundation

Attend this special series on disaster preparedness sponsored by the AVMF. The issue of disaster preparedness has been made relevant to all New Yorkers with the occurrence of both Hurricane Sandy and Hurricane Irene within the last two years. The most recent and memorable Hurricane Sandy devastated a significant portion of New York City and Long Island, rendering hundreds of veterinarians out of work, out of a job, or out of practice entirely. In addition, many New Yorkers are still recovering from the aftermath of Hurricane Irene in 2011 that claimed total damages of $15.6 billion, making it the seventh costliest hurricane in United States history. Hurricane Irene ravaged rural towns and villages in Greene County, the Catskills and surrounding areas due to flooding from Schoharie Creek and tributaries.

The New York City Veterinary Response Team (NYCVERT) will conduct a three-part series on the lessons learned from Hurricanes Irene and Sandy, sheltering issues and challenges facing homeowners during an evacuation, the resources available to pets and their owners displaced by a disaster, and the steps necessary to create a disaster plan for your veterinary practice.
Enjoy a vacation getaway to Kissimmee, Florida, compliments of Drs. Eric, Jack and Allan Bregman. Choose from available dates at one of their vacation homes located within Reunion Resort, just minutes from theme parks, golf courses, shopping and restaurants. These luxurious houses feature 4 bedrooms that sleep up to 10 people, high-end amenities, gourmet kitchens, private pools and patios in a beautiful, peaceful location.

2013 Silent Auction – Featured Item
Vacation Getaway to Kissimmee, Florida

Starting Bid: $1,000

The Silent Auction will once again feature the popular Wine Wall giveaway! For every $25 Wine Wall ticket, a participant will go home with a gift wrapped bottle of wine valued at $25 or more. Nearly half the bottles won in 2012 were valued between $50 and $100! Participate in the Wine Wall giveaway by donating your choice of a bottle of wine valued at $25 or more.

All proceeds raised at the Silent Auction and Wine Wall benefit veterinary student scholarships at Cornell University College of Veterinary Medicine and the Veterinary Political Education Committee (VPEC) that helps educate New York State legislators about issues important to veterinary medicine.

Please consider contributing an item to the NYS-VC Purple Party Silent Auction. Popular items include: gift baskets, wine and beer baskets, artwork, jewelry, sporting event tickets, and historical veterinary objects.
