

THE PATRICIA M. BRICKLIN STUDENT ETHICS AWARD

The PPA Ethics Committee has instituted the Patricia M. Bricklin Student Award which is given a psychology student who is a resident of Pennsylvania or who is attending school in Pennsylvania who produces a meritorious work product dealing with ethics or law in psychology. The submission may be a formal paper, but it may be another work product such as a copy of a presentation to the class, analysis of vignettes, ethics diary, or other product that demonstrates considerable sophistication in understanding ethical rules or principles. The submission should include the authors name, address (and email address if any) telephone number, and college or university on a cover sheet only-- not on the work product.
