Program

44th International Annual Meeting
Brisbane, Australia
July 10-13, 2013

Last updated: June 12, 2013
Wednesday, 10 July 2013

Wednesday | 9:30 AM-12:30 PM | Z301
Journal Editor’s Meeting

1. Pre-Conference Workshop
   Assessment

Wednesday | 1:00 PM-4:00 PM | Z301
Developing reliable clinical case formulations
John T. Curtis, University of California, San Francisco, USA

2. Pre-Conference Workshop
   Psychodynamic

Wednesday | 1:00 PM-4:00 PM | Z302
The use of the conversational model of psychodynamic psychotherapy
Joan Marie Haliburn, Mental Health Sciences Centre, Westmead & Cumberland Hospitals, Sydney, Australia

3. Pre-Conference Workshop
   Narrative

Wednesday | 1:00 PM-4:00 PM | Z305
Repetitive relationship patterns. Update 2013
Dan Pokorny, Ulm University, Germany; Lisa M. Parker, University of Wollongong, Australia

4. Pre-Conference Workshop
   Training

Wednesday | 1:00 PM-4:00 PM | Z306
Longitudinal study of psychotherapy trainees: Designing a collaborative SPR project
David E. Orlinsky, University of Chicago, USA
Bernhard Strauss, Institute of Psychosocial Medicine and Psychotherapy, Jena, Germany
Jan Carlsson, Karolinska Institut, Sweden
Louis G. Castonguay, Penn State University, University Park, USA
5. Pre-Conference Workshop  
**Child/Adolescent**  
**Wednesday | 1:00 PM-4:00 PM | Z308**  
**Treatment of on-going interpersonal trauma with PPACT: Parent-child dyad treatment either sequentially or concurrently with Family Therapy and larger systemic treatment**  
Sophie Holmes, Williams Road Family Therapy Center, Melbourne, Australia; Jackie Amos, University of South Australia, Australia

6. Pre-Conference Workshop  
**DBT**  
**Wednesday | 1:00 PM-4:00 PM | Z309**  
**Dialectical behaviour therapy: A primer on practical strategies for managing challenging therapy situations**  
Shelley F. McMain, Centre for Addiction and Mental Health, Toronto, Canada

**Opening Welcome**  
**Wednesday | 5:00 PM-5:30 PM | Z411**  
**Opening Welcome**  
Hadas Wiseman, Program Chair - University of Haifa, Israel  
Brin Grenyer, Local Host Chair - University of Wollongong, Australia

**Traditional Welcome to Country**  
**Songwoman Maroochy, Turrbal People**

7. Presidential Plenary Address:  
**Wednesday | 5:30 PM-7:00 PM | Z411**  
**Presidential Plenary Address:**  
**Improving the yield of psychotherapy research: Lessons from a farmer**  
George Silberschatz, University of California, San Francisco, USA

**Awards ceremony**  
Guillermo dela Parra, Pontificia Universidad Católica de Chile

**Welcome Reception**  
**Wednesday | 7:00 PM-9:00 PM | Old Government House**  
**Welcome Reception**
Thursday, 11 July 2013

8. **Plenary**  
*Process-outcome*  
*Moderator: Hadas Wiseman, University of Haifa, Israel*

Thursday | 8:30 AM-10:00 AM | Z411  
**Researchers and clinicians learning from each other about change processes and outcomes**

Clinicians and researchers traveling toward and beyond the scientific-practitioner bridge  
Louis G. Castonguay, Penn State University, University Park, USA

Balancing naturalistic observation with RCT's  
Jeanne Watson, University of Toronto, Canada

Research and clinicians learning from each other about change processes and outcomes - an Australian experience  
Brin Grenyer, University of Wollongong, Australia

What does a researcher learn from expert psychodynamic clinicians?  
Jacques P. Barber, Adelphi University, New York, USA

Thursday | 10:00 AM-10:30 AM | Coffee Break

Coffee Break

9. **Panel**  
*Therapist factors*  
*Moderator: Héctor Fernández-Álvarez, Aiglé Foundation*

Thursday | 10:30 AM-12:00 PM | Z302  
**New developments on therapist factors**

Using self-help trials to estimate therapist effects  
Robert King, Queensland University of Technology; Giac Giacomantonio, Australian Catholic University, Australia; Brooke Poulsen, Queensland University of Technology, Australia

The personal style of the therapist: An observational guide to classify verbal behavior (ATOG-v)  
Héctor Fernández-Álvarez, Aiglé Foundation; Beatriz Gómez, Aiglé Foundation; Sergi Corbella, FPCEE Blanquerna, Universitat Ramon Llull
A dyadic examination of client and therapist attachment, working alliance, session evaluation and response to psychotherapy: A university counseling center study

Eric Martin Sauer, Western Michigan University; Christopher James Richmond, Ferris State University; Barbara Gormley, Governors State University

How do psychotherapists manage therapeutic boundaries? Findings from the international study of the professional development of psychotherapists

Thomas Albert Schroder, University of Nottingham, UK; David E. Orlinsky, University of Chicago, USA

Discussant: Jacques P. Barber, Adelphi University, New York, USA;

Thursday | 10:30 AM-12:00 PM | Z303

Applied psychotherapy research from down under using the OQ-45

Therapist mentalization and therapist effectiveness: Does attachment play a role in differentiating supershrinks from pseudoshrink? 

John Cologon, Queensland University of Technology, Australia; Robert Schweitzer, Queensland University of Technology, Australia; Robert King, Queensland University of Technology

The relationship between treatment trainee-therapist treatment outcome and therapeutic language amongst clients experiencing Major Depressive Disorder

James Banham, Queensland Institute of Technology, Brisbane, Australia

What are the consequences of less than weekly psychotherapy

Davey Erekson, Brigham Young University, Provo, USA; Michael J. Lambert, Brigham Young University, Provo, USA

Efficacy research is not the "gold standard" for causal research: Did Seligman get it right when discussing efficacy and effectiveness research in 1996?

Robert M. Lynd-Stevenson, Flinders University, Australia
11. Panel

Psychodynamic

Moderators: Manfred E. Beutel, University of Mainz, Germany; Barbara L. Milrod, Weill Cornell Medical College

Psychodynamic and interpersonal psychotherapy in anxiety and mood disorders: Outcome and attachment

Reflective function in patients with panic disorder and PTSD

John C. Markowitz, Columbia University, New York, USA; Barbara L. Milrod, Weill Cornell Medical College; Marie G. Rudden, Weill Cornell Medical College; Kevin B. Meehan, Long Island University, Purchase, USA; Dianne Chambless, University of Pennsylvania, Philadelphia, USA; Jacques P. Barber, Adelphi University, New York, USA

Psychodynamic therapy and cognitive therapy in social phobia -- results from the Social Phobia Psychotherapy Research Network (SOPHO-NET)

Falk Leichsenring, University of Giessen, Germany

Attachment status as a predictor of process and outcome in STPP (and CBT) of patients with social phobia

Bernhard Strauss, Institute of Psychosocial Medicine and Psychotherapy, Jena, Germany; Steffi Nodop, Institute of Psychosocial Medicine and Psychotherapy, Jena, Germany

Efficacy and predictors of outcome of STPP in depressed breast cancer patients

Manfred E. Beutel, University of Mainz, Germany; Rüdiger Zwerenz, University of Mainz, Germany; Barbara H. Imruck, University of Mainz, Germany; Jörg Wiltink, University of Mainz, Germany; Antje Haselbacher, University of Mainz, Germany; Christian Ruckes, University of Mainz, Germany; Susanne Kuhnt, Universität Leipzig, Germany; Gregor Weißflog, Universität Leipzig, Germany; Yvette Barthel, Universität Leipzig, Germany; Katja Leuteritz, Universität Leipzig, Germany; Elmar Brähler, Universität Leipzig, Germany
12. Panel
Family
Moderator: Xiaorong Zhou, University of Ulm, Germany
Thursday | 10:30 AM-12:00 PM | Z305
Understanding family dynamic in the process
The parents’ perspective on their sons’ and daughters’ committed suicide
Annelie Werbart Törnbloom, Karolinska Institutet; Andrzej Werbart, Stockholm University, Sweden; Per-Anders Rydelius, Karolinska Institutet
Family dynamics in the perception of female patients with bulimia nervosa and healthy controls
Xiaorong Zhou, University of Ulm, Germany; Kathrin Holzinger, Ulm University, Germany; Dan Pokorny, Ulm University, Germany; Jörn von Wietersheim, Ulm University, Germany
Family Constellation Seminars improve psychological functioning and individuals’ experience in social systems - Results of a randomized controlled trial
Christina Hunger, Heidelberg University Hospital; Annette Bornhaeuser, University Hospital, Heidelberg, Germany; Jan Weinhold, University Hospital, Heidelberg, Germany; Leoni Link, University Hospital, Heidelberg, Germany; Jochen Schweitzer-Rothers, University Hospital, Heidelberg, Germany
Discussants: Christina Hunger, Heidelberg University Hospital; Annelie Werbart Törnbloom, Karolinska Institutet;

13. Panel
Patient/client factors
Moderator: Timothy Andrew Carey, Flinders University, Australia
Thursday | 10:30 AM-12:00 PM | Z309
Self-organisation in therapy: Treatment duration, appointment scheduling, and change process
Responsive regulation of treatment duration in routine practice: Extension to an even larger sample
William B. Stiles, Glendale Springs, North Carolina, USA; Sue Wheeler, University of Leicester, UK; Michael Barkham, University of Sheffield, UK; John Mellor-Clark, CORE IMS
Effective and efficient: Using patient-led appointment scheduling in routine mental health practice in remote Australia
Timothy Andrew Carey, Flinders University, Australia; Sara J. Tai, University of Manchester, UK; William B.
Clients leading the way: Piloting a client-led approach to the scheduling of therapy sessions  
Michael Di Mattia, La Trobe University, Australia

The phenomenology of therapeutic change in young people  
Ian Nathan Donald, University of Canberra, Australia

14. Brief Paper Session  
Culture  
Moderator: Hsiu Jung Chen, National Taiwan Normal University, Taipei

Culture in treatment for Aboriginal Australian men in New South Wales residential drug and alcohol rehabilitation services  
Stacey Berry, University of Wollongong, Australia; Trevor P. Crowe, University of Wollongong, Australia; Frank P. Deane, University of Wollongong, Australia

Alternative psychotherapies: Spirit consultations and clairvoyant counselling in Denmark  
Vibeke Steffen, University of Copenhagen, Denmark

Effectives of mindfulness-based cognitive group therapy on depression: Taiwan experiences  
Hsiu Jung Chen, National Taiwan Normal University, Taipei; Bee-Horng Lu, National Taiwan University; Yih-Ru Cheng, National Taiwan University

Korean Version of the Spiritual Wellness Inventory: Psychometric Properties and Implications for school counselors  
Seung Min Park, Soongsil University, Seoul, Republic of Korea; Mi Seo, Seattle Pacific University; Jung Soo Kim, Hankuk University of Foreign Studies

Does the 'Global South' need psychotherapy? The Asialink project in Vietnam  
Peter Scheib, University of Freiburg, Germany; Cat Huu Nguyen, Hue Medical College; Viet Kim Nguyen, Hanoi Medical University; Linh Tich Ngo, University of Pharmacy and Medicine Ho Chi Minh City; Michael Wirsching, University of Freiburg, Germany; Nayeong Ko, University of Freiburg, Germany
15. Brief Paper Session
Supervision/Training
Moderator: Jan Nielsen, University of Copenhagen, Denmark

Thursday | 10:30 AM-12:00 PM | Z306

Supervision styles that perceived and preferred by supervisors and supervisees
Li-Ching Hung, Overseas Chinese University; Cary Stacy Smith, National Taichung University of Science and Technology

Professional identity under construction: A case study of Canadian counsellors
Kate Kearney, University of Ottawa, Canada; Nick Gazzola, University of Ottawa, Canada; Shigeru Iwakabe, Ochanomizu University, Tokyo, Japan

Novice supervisors' tasks and training -- a descriptive study
Jan Nielsen, University of Copenhagen, Denmark; Claus H. Jacobsen, private practice; Birgit B. Mathiesen, University of Copenhagen, Denmark

Linking clinical-decision-making, in-session practices of novice counsellors and outcomes: Preliminary results
Magda Kurzak, Swinburne University of Technology, Australia; Sunil Bhar, Swinburne University of Technology, Australia; Sophie Holmes, Williams Road Family Therapy Center, Melbourne, Australia

Differential effectiveness of novice practitioners: Some novices already have the habits of mind of elite practitioners
Sophie Holmes, Williams Road Family Therapy Center, Melbourne, Australia

Thursday | 12:00 PM-1:00 PM | Gibson Room
Past Presidents' Lunch

Thursday | 12:00 PM-1:00 PM | Lunch Box Area
Lunch Box
Chapter Meetings

UK Chapter Meeting
Thursday | 1:15 PM-2:15 PM | Z301

NA Chapter Meeting
Thursday | 1:15 PM-2:15 PM | Z302

LA Chapter Meeting
Thursday | 1:15 PM-2:15 PM | Z305

EU Chapter Meeting
Thursday | 1:15 PM-2:15 PM | Z306

16. Structured Discussion

Structured Measures
Moderator: Robert King, Queensland University of Technology

Thursday | 2:30 PM-4:00 PM | Z305
Feedback to therapist in routine clinical settings
Discussants: Michael J. Lambert, Brigham Young University, Provo, USA; Wolfgang Lutz, University of Trier, Germany;

17. Panel

Process
Moderator: Andrzej Werbart, Stockholm University, Sweden

Thursday | 2:30 PM-4:00 PM | Z302
Inner changes in psychodynamic psychotherapy: Different perspectives

Psychodynamic change in psychotherapy: Cycles of patient-therapist linguistic interactions and interventions
Kye McCarthy, University of Wollongong, Australia; Erhard Mergenthaler, University of Ulm, Germany; Sven Schneider, University of Ulm, Germany; Brin Grenyer, University of Wollongong, Australia

Dialogical reorganization of the subjectivity in a long-term psychoanalytic psychotherapy: A case study
Claudio Martinez Guzman, Universidad Diego Portales, Santiago, Chile; Alemka Tomicic, Universidad Diego Portales, Santiago, Chile
Changes in self-representations among young adults in psychoanalytic psychotherapy: A longitudinal qualitative study of self-descriptions
Andrzej Werbart, Stockholm University, Sweden; Alexander Widholm, Stockholm University, Sweden; Lars Brusell, Stockholm University, Sweden

Discussant: George Silberschatz, University of California, San Francisco, USA;

Thursday | 2:30 PM-4:00 PM | Z303
The role of therapists’ interventions and therapeutic alliance in psychotherapy.
Contributions of the process elements to therapeutic outcomes
How nice is good for patients and for therapy outcome? The role of confrontation in the process of psychotherapy
Patrick Figlioli, University of Bern, Switzerland; Franz Caspar, University of Bern, Switzerland; Thomas Berger, University of Bern, Switzerland

Juan Martin Gomez Penedo, Universidad de Belgrano, Buenos Aires, Argentina; Andres Roussos, Universidad de Belgrano, Buenos Aires, Argentina

Discussant: Franz Caspar, University of Bern, Switzerland;

Thursday | 2:30 PM-4:00 PM | Z304
The process and outcome of psychodynamic psychotherapy with children and adolescents
An open clinical trial of manualized, time-limited psychodynamic psychotherapy for children and adolescents with GAD, SAD, and social phobia
Barbara L. Milrod, Weill Cornell Medical College

Children who run with a wolf: Short-term psychoanalytic therapy with junior primary school children utilizing a puppet as a transitional object
Christine Laidlaw, University of South Africa; Greg Howcroft, Nelson Mandela Metropolitan University
Alliance, change, and adherence in therapeutic processes with adolescents
Olga María Fernández, Pontificia Universidad Católica de Chile, Santiago; Mariane Krause, Pontificia Universidad Católica de Chile, Santiago; J. Carola Pérez, Universidad del Desarrollo, Santiago, Chile

Changes in internal representations of the therapeutic relationship in psychodynamic treatment of adolescents
Dana Atzil-Slonim, University of Haifa, Israel; Gaby Shefler, Hebrew University, Jerusalem, Israel; Orya Tishby, Hebrew University, Jerusalem, Israel

20. Panel
Supervision
Moderator: Edward Paul Shafranske, Pepperdine University

Qualitative and empirical studies of clinical supervision: Practices that enhance clinical competence, management of clinician reactivity, and promote resilience

Supervisory alliance and supervisee disclosure of personal reactivity/countertransference
Edward Paul Shafranske, Pepperdine University; Carol A. Falender, Pepperdine University

What do we do when we supervise? A qualitative study on the perspective of clinical supervisors about their own work
Johana Zapata, Pontificia Universidad Católica de Chile, Santiago; Claudio Araya, Pontificia Universidad Católica de Chile, Santiago; Sol Casassus, Pontificia Universidad Católica de Chile, Santiago; Domingo Salvo, Pontificia Universidad Católica de Chile, Santiago; Cristobal Guerra, Pontificia Universidad Católica de Chile, Santiago; Mariane Krause, Pontificia Universidad Católica de Chile, Santiago

Building resilience through supervision: Elements of effective practice
Fiona Howard, University of Auckland, New Zealand

How therapists develop competence through clinical supervision: Working with trauma
Margot Schofield, La Trobe University, Melbourne, Australia; Jan Grant, Curtin University of Technology, Australia
Recent findings in group treatments focusing on personality disorder and breast cancer patients

The current state of research on group treatment for personality disorders: Findings from a review for the next Handbook of Psychotherapy and Behavior Change
Anthony Joyce, University of Alberta, Edmonton, Canada; Bernhard Strauss, Institute of Psychosocial Medicine and Psychotherapy, Jena, Germany.

Emotional expression and resilience in a long term group for women with secondary breast cancer
Mary Anne O’Brien, Griffith University, Australia

Group analytic psychotherapy for moderate personality disorders
Steinar Lorentzen, University of Oslo, Norway

Attachment Theory’s contribution to psychotherapy research: A bridge between Evidence Based Practice (EBP) and Evidence Supported Treatment (EST)?
Kevin Patrick Keith, University of Sydney, Australia

Re-conceptualizing severe performance anxiety as an attachment disorder: A case study series
Dianna Theadora Kenny, University of Sydney, Australia

Systematic review of the prediction of pre-therapy patient suitability factors on psychotherapy outcome
Maarit Anniina Laaksonen, National Institute for Health and Welfare, Helsinki, Finland; Olavi Lindfors, National Institute for Health and Welfare, Helsinki,
Using Control Mastery Therapy with borderline patients
Tinakon Wongpakaran, Chiang Mai University, Thailand; Nahathai Wongpakaran, Chiang Mai University, Thailand

Identifying tests based on the Control Mastery Theory: A case study
Sylke Andreas, Alpen-Adria Universität Klagenfurt, Austria; Jennifer Kadur, Alpen-Adria Universität Klagenfurt; Irina Flaig, Alpen-Adria Universität Klagenfurt

Thursday | 4:00 PM-4:30 PM |   Coffee Break Area
Coffee Break

23.  
Structured Discussion
Training
Moderator: Jeanne Watson, University of Toronto, Canada

Thursday | 4:30 PM-6:00 PM |   Z305
Developing and supporting psychotherapy research programs: Advice from SPR colleagues
Discussants: Louis G. Castonguay, Penn State University, University Park, USA; Thomas Albert Schroder, University of Nottingham, UK; Orya Tishby, Hebrew University, Jerusalem, Israel;

24.  
Structured Discussion
Qualitative methods
Moderators: Xiaorong Zhou, University of Ulm, Germany; Dan Pokorny, Ulm University, Germany

Thursday | 4:30 PM-6:00 PM |   Z306
The travel of salmon—methodological, cultural and practical issues in qualitative research
Discussants: Christina Hunger, Heidelberg University Hospital; Mariane Krause, Pontificia Universidad Católica de Chile, Santiago; Nicolás Suárez, Pontificia Universidad Católica de Chile, Santiago;
25. **Panel**  
**Computer**  
Moderator: Robert King, Queensland University of Technology  

**Thursday | 4:30 PM-6:00 PM | Z302**  
**Text as an adjunct or alternative to face to face or online interventions**

**Does SMS text messaging promote healthy behaviour: A meta-analysis**  
Jayne Orr, Queensland University of Technology, Australia; Robert King, Queensland University of Technology

Young people's constructions of the therapeutic relationship: Text and face-to-face counselling  
Kerry Gibson, University of Auckland, New Zealand; Claire Cartwright, University of Auckland, New Zealand

Promoting health behaviour in children via SMS  
Kathina Ali, FernUniversität in Hagen; Cátia B. Silva, Universidade do Minho, Braga, Portugal; Sónia Gonçalves, Universidade do Minho, Braga, Portugal; Eva Conceição, Universidade do Minho, Braga, Portugal; Ana Vaz, Universidade do Minho, Braga, Portugal; Daniel B. Fassnacht, James Cook University, Singapore; Paulo P.P. Machado, Universidade do Minho, Braga, Portugal

Discussant: Robert King, Queensland University of Technology

26. **Panel**  
**Personality disorders**  
Moderators: George Silberschatz, University of California, San Francisco, USA; Joan Marie Haliburn, Mental Health Sciences Centre, Westmead & Cumberland Hospitals, Sydney, Australia  

**Thursday | 4:30 PM-6:00 PM | Z303**  
**The conversational model of psychotherapy: Development and research at the Westmead psychotherapy program**

The development of the conversational model of psychoanalytic psychotherapy  
Joan Marie Haliburn, Mental Health Sciences Centre, Westmead & Cumberland Hospitals, Sydney, Australia; Nick Bendit, University of Newcastle, Australia; Anthony Korner, Mental Health Sciences Centre, Westmead & Cumberland Hospitals, Sydney, Australia

The Westmead psychotherapy research program: Outcome and process using the conversational model of psychotherapy  
Anthony Korner, Mental Health Sciences Centre,
27. Panel

Process

Moderator: Fabian Ramseyer, University of Bern, Switzerland

Thursday | 4:30 PM-6:00 PM | Z304

Psychotherapy outcome and time: Insights from various time scales

Session-by-session dynamics elucidates change mechanisms: A review of times series analyses

Wolfgang Tschacher, University of Bern, Switzerland

Shying away: An observer-based microprocess analysis of experiential avoidance and resource activation in outpatients with generalized anxiety spectrum disorder

Hans Jörg Znoj, University Bern; Christoph Flückiger, University Zürich

Therapist intervention strategies and outcome assessed from a temporal perspective

Fabian Ramseyer, University of Bern, Switzerland

Discussant: Bernhard Strauss, Institute of Psychosocial Medicine and Psychotherapy, Jena, Germany

28. Panel

Emotion/Trauma

Moderator: Anastassios Stalikas, Panteion University of Social and Political Sciences, Athens, Greece

Thursday | 4:30 PM-6:00 PM | Z309

Applications of positive psychology in psychotherapy

Using mindfulness to increase positive emotion for individuals with Amyotrophic Lateral Sclerosis: Preliminary results

Francesco Pagnini, Catholic University of Sacred Heart, Milan, Italy

Psychological distress during economic crisis: Implications for psychotherapy

Anastassios Stalikas, Panteion University of Social and Political Sciences, Athens, Greece
Strengthening personal resilience: Evaluation of an intervention module
Ulrike Willutzki, Ruhr-Universität Bochum, Germany; Philipp Victor, Ruhr-Universität Bochum, Germany

A mindful mind is a 'healthy' mind: Furthering the psychotherapeutic application of mindfulness
Kathleen Gregory, La Trobe University, Melbourne, Australia

Discussant: Marilyn Fitzpatrick, McGill University, Canada

29. Brief Paper Session

Personality disorders
Moderator: Johannes C. Ehrenthal, University Hospital, Heidelberg, Germany

Thursday | 4:30 PM-6:00 PM | Z301

The influence of structural diagnostics on treatment indication for inpatients with borderline personality disorder
Jana Volkert, University Medical Center Hamburg-Eppendorf, Germany; Sylke Andreas, Alpen-Adria Universität Klagenfurt, Austria; Holger Schulz, University Medical Center Hamburg-Eppendorf, Germany; Olga Wlodarczyk, University Medical Center Hamburg-Eppendorf, Germany

An examination of the significance of Differentiation of Self in the assessment and treatment of borderline personality disorder
Dianne Mooney-Reh, University of Wollongong, Australia; Brin Grenyer, University of Wollongong, Australia

Levels of personality functioning, process, and outcome in inpatient psychotherapy
Johannes C. Ehrenthal, University Hospital, Heidelberg, Germany; Jule Lehr, University Hospital, Heidelberg, Germany; Ulrike Dinger, Adelphi University, New York, USA; Lena Horsch, University Hospital, Heidelberg, Germany; Christoph Nikendei, University Hospital, Heidelberg, Germany; Henning Schauenburg, University Hospital, Heidelberg, Germany

Unsettling a way of being: Therapeutic interventions with patients with CSU
Margot Patricia Solomon, Auckland University of Technology, New Zealand; Josie Goulding, Auckland
**The aetiology of stigmatic behaviour: Implications for therapists, clients and clinical students**  
Jerome Perera, Flinders University, Australia; Robert M. Lynd-Stevenson, Flinders University, Australia

Child/Adolescent

Application of direct observation form in children psychotherapy research: A case study of a second grade elementary student
Mei-Hsiang Tsai, Chinese Culture University, Taiwan; Wei-Lien Sun, Chinese Culture University, Taiwan; Ying-Tung Chen, Chinese Culture University, Taiwan

Measures

Measuring change in personal and organizational systems with the Experience In Social Systems Questionnaire (EXIS)
Christina Hunger, Heidelberg University Hospital; Annette Bornhaeuser, University Hospital, Heidelberg, Germany; Leoni Link, University Hospital, Heidelberg, Germany; Jan Weinhold, University Hospital, Heidelberg, Germany; Jochen Schweitzer-Rothers, University Hospital, Heidelberg, Germany

Depression

Neurocognitive and emotional dimensions of introjective and anaclitic depression
Alberto Botto, Universidad de Chile, Santiago; Caroline Leighton, Pontificia Universidad Católica de Chile, Santiago; Alemka Tomicic, Universidad Diego Portales, Santiago, Chile; Claudio Martinez Guzman, Universidad Diego Portales, Santiago, Chile; Carla Crempiem, Pontificia Universidad Católica de Chile, Santiago; Camila Valdés, Pontificia Universidad Católica de Chile, Santiago; Eugenio Rodríguez, Pontificia Universidad Católica de Chile, Santiago

Prevention

Psychological intervention oriented to return-to-work for patients with labor mental health problems: A systematic review
Claudio Martinez Guzman, Universidad Diego Portales, Santiago, Chile; Alemka Tomicic, Universidad Diego Portales, Santiago, Chile; Constanza Domínguez, Universidad Diego Portales, Santiago, Chile; Soledad Castillo, Universidad Diego Portales, Santiago, Chile; Pablo Garrido, Asociación Chilena de Seguridad; M. Elisa Ansoleaga, Universidad Diego Portales, Santiago, Chile; Claudia Lucero, Universidad Diego Portales, Santiago, Chile

Assessment

Internet use related cognitions scale: Development, confirmatory factor validation and psychometric properties
Min-Pei Lin, National Taiwan Normal University, Taipei; Wei-Hsuan Hu, National Taiwan Normal University, Taipei; Yu-Ping Lin, National Taiwan Normal University, Taipei; Yung-Wei Jo Wu, National
Child/Adolescent

Using Bibliotherapy in treatment of problems about life adjustment: A single case study of Aboriginal single-parent children in Taiwan
Hsuan Chiang, National Taichung University of Education, Taiwan; Jiun De Lin, National Taichung University of Science and Technology, Taiwan; Shing-Li Shih, National Chi Nan University, Taiwan

Change Process

Communicative patterns used by depressive patients for working on emotional contents in change episodes and throughout the psychotherapeutic process
Diego Ignacio Urzúa, Pontificia Universidad Católica de Chile, Santiago; Nelson Valdés, Pontificia Universidad Católica de Chile, Santiago

Group

Application of horticultural activities in group counseling with older adults
Jiun De Lin, National Taichung University of Science and Technology, Taiwan; Ting Chia Lien, National University of Tainan, Taiwan; Hsuan Chiang, National Taichung University of Education, Taiwan; Yen Jui Chen, National Chung Hsing University, Taiwan; Shing-Li Shih, National Chi Nan University, Taiwan; Shiang I. Wu, National Hsinchu University of Education, Taiwan

Prevention

The characteristics of those who attempted suicide in Taiwan: An analysis of 2009-2011 Taipei Lifeline records
Shing-Li Shih, National Chi Nan University, Taiwan; Li-Chuan Chen, National Chi Nan University, Taiwan; Fortune Shaw, National Chi Nan University, Taiwan; Wen-Hsien Chiang, Taipei Lifeline Association, Taiwan

Anxiety

Tracking symptom and process change in treating Generalized Anxiety Disorder: Evidence from cognitive therapy and mindfulness meditation
Maree J. Abbott, University of Sydney, Australia; Ronald M. Rapee, Macquarie University, Australia; Peter McEvoy, University of Western Australia, Australia; Lexine Stapinski, Macquarie University, Australia; Jonathan Gaston, Sydney Anxiety Disorders Practice; Mal Huxter, Private Practice
Change process

Understanding and counseling with adult suicidal survivors: An ecological approach
Hsiao-Pei Chang, National Taichung University of Education

Psychodynamic

Defense in prayers
Uwe Hentschel, Leiden University, Netherlands

Family

Contribution to decision making regarding therapeutic strategies. Comparative analysis of the discourse of hearing mothers of deaf adolescents
Ruth Kazez, Universidad de Ciencias Empresariales y Sociales, Buenos Aires, Argentina; Gabriela Melloni, Universidad de Ciencias Empresariales y Sociales, Buenos Aires, Argentina; David Maldavsky, Universidad de Ciencias Empresariales y Sociales, Buenos Aires, Argentina

Depression

Evaluation of biological rhythm in a clinical trial for depression
Thaíse Campos Mondin, Universidade Católica de Pelotas, Brazil; Ricardo Azevedo da Silva, Universidade Católica de Pelotas, Brazil; Taiane de Azevedo Cardoso, Universidade Católica de Pelotas, Brazil; Mariana Bonati de Matos, Universidade Católica de Pelotas, Brazil; Karen Jansen, Universidade Católica de Pelotas, Brazil; Luciano Dias de Mattos Souza, Universidade Católica de Pelotas, Brazil

Alliance

Evolution of the therapeutic alliance in the treatment of patients with eating disorders
Fernanda Díaz Castrillón, Universidad Adolfo Ibáñez, Chile; Claudia Cruzat Mandich, Universidad Adolfo Ibáñez, Chile; Paula Lizana, Universidad Adolfo Ibáñez

Prevention

Counseling issues and concerns with the elderly in Taiwan: An analysis of 2009-2011 Taipei Lifeline records
Li-Chuan Chen, National Chi Nan University, Taiwan; Shing-Li Shih, National Chi Nan University, Taiwan; Fortune Shaw, National Chi Nan University, Taiwan; Wen-Hsien Chiang, Taipei Lifeline Association, Taiwan

Quantitative methods

The effects of self-affirmation on community-living elders' self-esteem and self-efficacy
Shinyi Chang, National Chi Nan University, Taiwan; Fortune Shaw, National Chi Nan University, Taiwan
**Client factors**

How are underlying cognitive mechanisms related to the Main communicative patterns used by depressive patients for working on emotional contents?

Nicolle Anette Alamo, Pontificia Universidad Católica de Chile, Santiago; Nelson Valdés, Pontificia Universidad Católica de Chile, Santiago

**Supervision**

The practice of supervision as a methodological tool in psychotherapy's research

Andre Guirland Vieira, Universidade do Porto, Portugal; Jonas Untertrieb Fallner Costa, Advanced Personnel Management, Australia; Maria Cristina Giacomazzi, Brazilian Association of Psychiatry; Miriam Gomes de Freitas, Brazilian Association of Psychiatry

**Theory**

A case study of strength-based counseling on physically disabled adolescents with difficulties in learning and career planning: Their mental health, life adaptation, and resilience

Chia Hui Liao, National Chi Nan University, Taiwan; Fortune Shaw, National Chi Nan University, Taiwan; Yi Hui Lin, National Changhua University of Education; Xiu Feng Liu, National Hemei Experimental School

**Change process**

Affective explorations or affective resignifications?: How patients and therapists work on emotional contents during the therapeutic conversation

Nelson Valdés, Pontificia Universidad Católica de Chile, Santiago; Henry Daniel Espinosa, Pontificia Universidad Católica de Chile, Santiago; Mariane Krause, Pontificia Universidad Católica de Chile, Santiago

**Anxiety**

Therapist supported bibliotherapy for anxious rural children: Predictors of treatment outcome

Sophie Claire Schneider, Macquarie University, Australia; Heidi J. Lyneham, Macquarie University, Australia; Jennifer Hudson, Macquarie University, Australia; Ronald M. Rapee, Macquarie University, Australia

**Therapist factors**

Psychotherapy in Australia: Some therapist and client responses

Richard Edward Hicks, Bond University, Australia; Alistair Campbell, Australian Institute of Psychology
Anxiety

The relative impact of cognitive processes on self-report and behavioural indices during a sorting task for young people with OCD and controls
Sharlene Carla Mantz, University of Sydney, Australia; Maree J. Abbott, University of Sydney, Australia

Therapist factors

Verbal behavior in psychotherapy: similarities and differences in the way therapists of different orientation and experience level make statements
Claudia Elena Castañeiras, Aigle Foundation; Alejandro Gabriel Curtarelli, Aigle Foundation; Fernando García, Aigle Foundation; Beatriz Gómez, Aigle Foundation; Matias Javier Ighani, Aigle Foundation; Aldana Lichtenberger, Aigle Foundation; Héctor Fernández-Álvarez, Aigle Foundation

Change process

Facilitating and hindering therapeutic change in the treatment of patients with eating disorders
Fernanda Díaz Castrillón, Universidad Adolfo Ibáñez, Chile; Claudia Cruzat Mandich, Universidad Adolfo Ibáñez, Chile; Paula Lizana, Universidad Adolfo Ibáñez

Therapist factors

Translation and application of the development of psychotherapist common core questionnaire in Vietnam
Nayeong Ko, University of Freiburg, Germany; Hang Nhu Minh Tran, Hue Medical College, Vietnam; Phuong Thuy Le Nguyen, University of Medicine and Pharmacy, Ho Chi Minh City, Vietnam; Tuan Van Nguyen, Hanoi Medical University, Vietnam; Tra My Thi Tran, Hue Medical College, Vietnam; Armin Hartmann, University of Freiburg, Germany; Peter Scheib, University of Freiburg, Germany

Integration

Effectiveness of integrated short term psychotherapy in the context of the Vietnam mental health system
Ho Dzung, Hue Medical College; Peter Scheib, University of Freiburg, Germany; Cat Huu Nguyen, Hue Medical College; Michael Wirsching, University of Freiburg, Germany

Depression

Effectiveness of Cognitive Behavioral Treatment (CBT) with depressed outpatients: The first CBT depression treatment study in Vietnam
Friday, 12 July 2013

31. Plenary
Training
Moderator: Lynne Angus, York University, Canada

Friday | 8:30 AM-10:00 AM | Z411
Research on the training and development of psychotherapists: Connecting research, supervision and clinical practice

Research in therapist training and development: Connecting researchers, trainers and clinicians
Bernhard Strauss, Institute of Psychosocial Medicine and Psychotherapy, Jena, Germany

Therapist factor research in Korea with an introduction to a working model of connecting research, supervision and clinical practice
Eunsun Joo, Duksung Women's University, Seoul, Republic of Korea

Training therapists to regulate negative affect & resolve ruptures in the therapeutic alliance
J. Christopher Muran, Adelphi University, New York, USA

There and back again: Research and practice in psychotherapy, training and supervision
Robert Elliott, University of Strathclyde, Glasgow, UK

Friday | 10:00 AM-10:30 AM | Coffee Break Area
Coffee Break

32. Panel
Process
Moderator: Hadas Wiseman, University of Haifa, Israel

Friday | 10:30 AM-12:00 PM | Z302
From CCRT research to practice and back
Core Conflictual Relationship Theme method -- Theory research and practice (or: CCRT- Can Clinicians and Researchers Talk ?)
Orya Tishby, Hebrew University, Jerusalem, Israel;
Hadas Wiseman, University of Haifa, Israel
Relationship patterns in a projective test. Scoring CCRT-LU in texts with multiple subjects
Dan Pokorny, Ulm University, Germany; Ivo Cermak, Institute of Psychology, Academy of Sciences, Brno, Czech Republic; Zuzana Lakostikova, Masaryk University, Brno, Czech Republic

CCRT patterns in the structural analysis of personality attachments and personality disorders
Brin Grenyer, University of Wollongong, Australia; Kye McCarthy, University of Wollongong, Australia; Danielle Linda Ciaglia, University of Wollongong; Anne Devlin, University of Wollongong, Australia

Discussant: Hadas Wiseman, University of Haifa, Israel

33.
Panel
Change Process
Moderator: Franz Caspar, University of Bern, Switzerland

Friday | 10:30 AM-12:00 PM | Z303
Corrective experiences: Concepts and findings

Corrective experiences from a connectionist point of view
Franz Caspar, University of Bern, Switzerland; Nicola Ferrari, University of Bern, Switzerland; Thomas Berger, University of Bern, Switzerland

What are corrective experiences and how can we measure them?
George Silberschatz, University of California, San Francisco, USA

Identifying client corrective experiences in Emotion-focused Therapy for Trauma: An intensive case analysis
Naomi Carpenter, York University, Canada; Lynne Angus, York University, Canada; Sandra Paivio, University of Windsor, Ontario, Canada

Innovative moments of reconceptualization as corrective experiences
Miguel M. Gonçalves, Universidade do Minho, Braga, Portugal; Pablo Fernández-Navarro, Universidade do Minho, Braga, Portugal; António Ribeiro, University of Minho
34. **Panel**  
*Change Process*  
**Moderator: David John Arthur Edwards, Rhodes University, Grahamstown, South Africa*  

**Friday | 10:30 AM-12:00 PM | Z304**  
*Modifying early schemas in schema therapy and emotion-focused therapy. Case-based investigations of change processes*  

**Building a circle of safety and healing: Imagery rescripting and the transformation process in a case of complex trauma**  
David John Arthur Edwards, Rhodes University, Grahamstown, South Africa  

**Tracking change in clients' negative treatment of self using individual case comparison**  
Jeanne Watson, University of Toronto, Canada; Evelyn McMullen, University of Toronto, Canada  

**Experiential change and search for the authentic self in schema therapy for eating disorders**  
Susan Simpson, University of South Australia, Australia  

**Change processes in therapy: Case studies in Process-Experiential / Emotion-Focused Therapy**  
Melissa Harte, La Trobe University, Melbourne, Australia  

**Discussant:** William B. Stiles, Glendale Springs, North Carolina, USA

35. **Panel**  
*Culture*  
**Moderator: Christopher Wurm, University of Adelaide, Australia*  

**Friday | 10:30 AM-12:00 PM | Z305**  
*Self-transcendent values and research in existential psychotherapy. Viktor Frankl, Irvin Yalom and new developments*  

**Self-transcendent values, optimism and progress in existential psychotherapy**  
Christopher Wurm, University of Adelaide, Australia  

**Self-transcendent values, daily behaviour, and well-being**  
Clare L. Foa, McGill University, Montreal, Canada; Marilyn Fitzpatrick, McGill University, Canada
From well to wounded and back again: The lived experience of soldiers undergoing recovery in the Australian army
Paula Anne Dabovich, Department of Defence - Australia

Therapeutic factors involved in bereavement following suicide
Denis John O’Hara, Australian College of Applied Psychology; Fiona O’Hara, University of the Sunshine Coast, Australia

Friday | 10:30 AM-12:00 PM | Z306
Evaluating the effectiveness of STPP with children, adolescents and adults

Effectiveness of short-term psychodynamic psychotherapy for children and adolescents: A meta-analysis
Sven Rabung, Alpen-Adria-Universität Klagenfurt, Austria; Allan Abbass, Dalhousie University, Canada; Falk Leichsenring, University of Giessen, Germany; Johanne S. Refseth, Borggade Psychology Clinic, Denmark; Nick Midgley, Anna Freud Center, London, UK

Short-Term Psychodynamic Psychotherapy (STPP): Preliminary results from a naturalistic process and outcome study of treatment of severe, complex and treatment resistant disorders
Susan Julie Hajkowski, University of Leicester, UK; Stephen N. Buller, Psychotherapy Foundation, UK

Do patient characteristics predict outcome of Short-Term Psychodynamic Psychotherapy for social anxiety?
Jörg Wiltink, University of Mainz, Germany; Manfred E. Beutel, University of Mainz, Germany; Stephan Herpertz, University of Bochum, Germany; Jürgen Hoyer, University of Dresden; Peter Joraschky, University of Dresden; Björn Nolting, University of Bochum, Germany; Karin Pühlmann, University of Dresden; Simone Salzer, University of Göttingen; Bernhard Strauss, Institute of Psychosocial Medicine and Psychotherapy, Jena, Germany; Eric Leibing, University of Göttingen; Falk Leichsenring, University of Giessen, Germany
37. Panel
Therapist factors
Moderator: Wolfgang Lutz, University of Trier, Germany

Friday | 10:30 AM-12:00 PM | Z309
A fresh focus on therapist effects in outpatient psychotherapy

Therapist effects on treatment outcome and length within a large feedback study
Wolfgang Lutz, University of Trier, Germany; Julian Rubel, University of Trier; Ann-Kathrin Schiefele, University of Trier

Does control influence feedback use? Examining the Contextualised Feedback Intervention Theory using a computer-based decision-making task
Adellin Sng, University of Western Australia, Perth; Andrew C. Page, University of Western Australia, Crawley; Amelia Harvey, University of Western Australia, Perth; Paula Chinnery, University of Western Australia, Perth

What determines the size of therapist effects? Investigating the influence of design and sample issues
Anne-Katharina Schiefele, Trier University; Julian Rubel, University of Trier; Jan R. Böhnke, University of York; Wolfgang Lutz, University of Trier, Germany

Discussant: Louis G. Castonguay, Penn State University, University Park, USA

38. Brief Paper Session
Training
Moderator: Claire Cartwright, University of Auckland, New Zealand

Friday | 10:30 AM-12:00 PM | Z301
Personality features of prospective therapists: Patterns in applicants for training in clinical psychology
Edward Helmes, James Cook University, Australia

Investigating a method for teaching reflective practice: Understanding and managing countertransference
Claire Cartwright, University of Auckland, New Zealand; Paul Rhodes, University of Sydney, Australia
Psychotherapist development in South Africa: Beginner and experienced psychologists' journeys of psychotherapeutic development
Christine Laidlaw, University of South Africa;
Christopher Norman Hoelson, Nelson Mandela Metropolitan University

Training in psychology treating sexual diverse populations: A systematic review
Reynel Alexander Chaparro, Universidad Nacional de Colombia

Supervision in psychology in Australia: Developments and challenges
Russell Hawkins, James Cook University, Australia

Friday | 12:00 PM-1:00 PM | Lunch Box Area
Lunch Box

Friday | 12:00 PM-1:00 PM | Z302
CaFTR Special Section Meeting (Friday Lunch Box)

Friday | 1:15 PM-2:15 PM | Z411
Business Meeting

Friday | 2:30 PM-4:00 PM | Z302
Empirical study of trainee development: What is it essential to measure?
Discussants: Jan Carlsson, Karolinska Institut, Sweden;
Louis G. Castonguay, Penn State University, University Park, USA;

39. Section Meeting
Moderator: Orya Tishby,
Hebrew University, Jerusalem, Israel

40. Structured Discussion
Training
Moderators: David E. Orlinsky,
University of Chicago, USA;
Bernhard Strauss, Institute of Psychosocial Medicine and Psychotherapy, Jena, Germany
41. Panel
DBT
Moderator: Shelley F. McMain, Centre for Addiction and Mental Health, Toronto, Canada

Friday | 2:30 PM-4:00 PM | Z303

Dialectical behaviour therapy for borderline personality disorder: Clinical outcomes and predictors of treatment response

Randomised clinical trial comparing dialectical behaviour therapy and the conversational model in the treatment of borderline personality disorder: Implementation in a real world setting
Carla Joy Walton, University of Newcastle, Australia; Nick Bendit, University of Newcastle, Australia; Amanda Baker, University of Newcastle, Australia; Gregory L. Carter, University of Newcastle, Australia; Terry Lewin, University of Newcastle, Australia

The effectiveness of brief dialectical behavior therapy skills training for suicidality in borderline personality disorder: Findings from a randomized controlled trial
Shelley F. McMain, Centre for Addiction and Mental Health, Toronto, Canada; Tim Guimond, University of Toronto; David Streiner, McMaster University; Liat Habinski, Centre for Addiction and Mental Health

Predictors of dropout in DBT skills group for suicidal individuals with borderline personality disorder
Andrew Griffin Ekblad, Centre for Addiction and Mental Health; Tim Guimond, University of Toronto; David Streiner, McMaster University; Shelley F. McMain, Centre for Addiction and Mental Health, Toronto, Canada

42. Panel
Patient/client factors
Moderator: Andres Roussos, Universidad de Belgrano, Buenos Aires, Argentina

Friday | 2:30 PM-4:00 PM | Z304

Why client’s perceptions matter: Feelings pre, during and post-treatment

Client experience of psychoanalytic psychotherapy and cognitive behavior therapy for bulimia nervosa
Stig Poulsen, University of Copenhagen, Denmark; Susanne Lunn, University of Copenhagen, Denmark; Louise Tækker, University of Copenhagen, Denmark; Sarah I. F. Daniel, University of Copenhagen, Denmark
Psychotherapy treatment preferences of patients with chronic PTSD
John C. Markowitz, Columbia University, New York, USA; Kevin B. Meehan, Long Island University, Purchase, USA; Page Van Meter, Columbia University, New York, USA; Yuval Neria, Columbia University, New York, USA; Hayley Pessin, Columbia University, New York, USA; Yasmin Nazia, NYS Psychiatric Institute

Client’s retrospective perception of therapeutic interventions
Malena Braun, Universidad de Belgrano, Buenos Aires, Argentina; Julieta Olivera, Universidad de Buenos Aires, Argentina; Laura Challú, Universidad de Belgrano, Buenos Aires, Argentina; Andres Roussos, Universidad de Belgrano, Buenos Aires, Argentina

Corrective experiences in emotion-focused therapy: Client’s first person accounts of experiences of change in brief therapy
Lynne Angus, York University, Canada; Fern Kagan, York University, Canada; Jasmine Khattra, York University, Canada

Discussant: Andres Roussos, Universidad de Belgrano, Buenos Aires, Argentina

43.
Panel
Alliance
Moderators: John David Snyder, San Francisco Psychotherapy Research Group; George Silberschatz, University of California, San Francisco, USA

Measuring the patient’s experience of therapy sessions

Measuring the patient’s experience of attunement and responsivity: The PEAR scale
John David Snyder, San Francisco Psychotherapy Research Group; George Silberschatz, University of California, San Francisco, USA

Failure in psychotherapy from the standpoint of patients: A qualitative (in progress) study in clients diagnosed with depression.
Nicolás Suárez, Pontificia Universidad Católica de Chile, Santiago; Mariane Krause, Pontificia Universidad Católica de Chile, Santiago
Putting it all together: A comprehensive, multi-method examination of patient drop-out in community mental health
Marna S. Barrett, University of Pennsylvania, Philadelphia, USA; Robert Gallop, University of Pennsylvania, Philadelphia, USA; Mary Beth Gibbons, University of Pennsylvania, Philadelphia, USA; Paul Crits-Christoph, University of Pennsylvania, Philadelphia, USA

Discussant: George Silberschatz, University of California, San Francisco, USA

44.
Panel
Qualitative methods
Moderator: Celia Godfrey, Monash University, Melbourne, Australia

Friday | 2:30 PM-4:00 PM | Z306
Where distance and depth coincide: Multi-layered experience in psychotherapy practice and research

Parallel process in psychoanalytic psychotherapy practice and research
Celia Godfrey, Monash University, Melbourne, Australia; Jacqueline Grady, Monash University, Melbourne, Australia; Suzanne Dean, Monash University, Melbourne, Australia; Bruce Tonge, Monash University, Melbourne, Australia; Jeanette Beaufoy, Monash University, Melbourne, Australia

Does meeting diverse needs preclude depth? Service directors reflect upon approaches to adolescent psychotherapy and culture
Jill Pullen, Monash University, Melbourne, Australia; Suzanne Dean, Monash University, Melbourne, Australia; Bruce Tonge, Monash University, Melbourne, Australia

A qualitative investigation of the challenges of teaching and learning psychodynamic and cognitive-behavioural therapy modalities in a dual-orientation Clinical Psychology program
Gavin Ivey, Victoria University, Australia; Carolyn Deans, Victoria University, Australia

Discussant: Robert King, Queensland University of Technology
45. Panel

Process-outcome

Moderators: Christina Hunger, Heidelberg University Hospital; Jochen Schweitzer-Rothers, University Hospital, Heidelberg, Germany

How effective are short term interventions? state of research

How effective is systemic family therapy: State of research based on randomized controlled trials
Jochen Schweitzer-Rothers, University Hospital, Heidelberg, Germany; Kirsten von Sydow, Psychologische Hochschule Berlin; Stefan Beher, University of Bielefeld; Markus Haun, University Hospital, Heidelberg, Germany; Rüdiger Retzlaff, University Hospital, Heidelberg, Germany; Christina Hunger, Heidelberg University Hospital

Combined resource-activation/cbt-approach compared to a standard cbt-treatment in unipolar depression
Tobias Teismann, Ruhr-Universität Bochum, Germany; Ulrike Willutzki, Ruhr-Universität Bochum, Germany

Focal psychodynamic psychotherapy vs. cognitive behavioural psychotherapy vs. TAU in adult females with Anorexia Nervosa (ANTOP) - A randomized controlled trial
Henning Schauenburg, University Hospital, Heidelberg, Germany; Wolfgang Herzog, University Hospital, Heidelberg, Germany; Hans-Christoph Friederich, University Hospital, Heidelberg, Germany; Katrin Giel, University of Tuebingen; Gaby Gross, University of Tuebingen; Martin Teufel, University of Tuebingen; Beate wild, University Hospital, Heidelberg, Germany; Stephan Zipfel, University of Tuebingen

Discussant: Michael J. Lambert, Brigham Young University, Provo, USA

46. Brief Paper Session

Alliance

Moderator: Ulrike Dinger, Adelphi University, New York, USA

Alliance and techniques in psychotherapy for panic disorder
Ulrike Dinger, Adelphi University, New York, USA; Sigal Zilcha-Mano, Adelphi University, New York, USA; Kevin S. McCarthy, Chestnut Hill College; Barbara L. Milrod, Weill Cornell Medical College; Dianne Chambless, University of Pennsylvania, Philadelphia, USA; Jacques P. Barber, Adelphi University, New York, USA
Effects of continuous working alliance feedback on psychotherapy outcome
Tony Gordon Rousmaniere, University of Alaska Fairbanks; Jason L. Whipple, University of Alaska Fairbanks; Joshua K. Swift, University of Alaska, Anchorage; Kyle R. Dexter, University of Alaska, Fairbanks, USA

Alliance rupture and repair processes and therapeutic change in young people with borderline personality disorder
Elon Gersh, University of Melbourne, Australia; Carol Hulbert, University of Melbourne, Australia; Ben Mckechnie, Orygen Youth Health; Andrew Chanen, Orygen Youth Health Research Centre

Therapeutic alliance in brief counseling: Exploring professional background and team counseling
Raul Pedro Manarte, Universidade do Porto, Portugal; Margarida R. Henriques, Universidade do Porto, Portugal

Common- and specific-factor models of change and their relative merits
Giac Giacomantonio, Australian Catholic University, Australia

Friday | 4:00 PM-4:30 PM | Coffee Break Area
Coffee Break

47.
Structured Discussion
Process-outcome
Moderator: Orya Tishby, Hebrew University, Jerusalem, Israel

Friday | 4:30 PM-6:00 PM | Z309
How do client-therapist relationships and therapist´s interventions influence outcome in different psychotherapies?

Discussants: Jacques P. Barber, Adelphi University, New York, USA; Louis G. Castonguay, Penn State University, University Park, USA; J. Christopher Muran, Adelphi University, New York, USA; Nikolaos Kazantzis, La Trobe University, Melbourne, Australia; Sophie Holmes, Williams Road Family Therapy Center, Melbourne, Australia
48. Panel
Change Process
Moderator: Changming Duan,
University of Kansas, Lawrence, USA

Friday | 4:30 PM-6:00 PM | Z302
Counseling deepening processes, working alliance, and client and therapist experiences in China

Depth of interview interaction: A three-dimension model
Guangrong Jiang, Huazhong Normal University; Yongbo Tu, Huazhong Normal University; Xu Zhu, Huazhong Normal University; Jia Liang, Huazhong Normal University; Shujing Hu, Huazhong Normal University

Exploring the structures of working alliance in Chinese culture
Xu Zhu, Huazhong Normal University; Guangrong Jiang, Huazhong Normal University

Distance between counseling-client perceived alliance and its correlates
Changming Duan, University of Kansas, Lawrence, USA; Bo Hu, University of Kansas, Lawrence, USA

Discussant: William B. Stiles, Glendale Springs, North Carolina, USA

49. Panel
Change Process
Moderators: Jaime Yasky,
University of Queensland, Australia; Thomas O’Brien,
University of Queensland

Friday | 4:30 PM-6:00 PM | Z303
Resistance to psychotherapy: Dealing with obstacles in the therapeutic relation

Dealing with resistance to psychoanalytic treatment among patients with psychosomatic disorders
Jaime Yasky, University of Queensland, Australia

The therapeutic alliance in psychodynamic psychotherapy
Dianna Theadora Kenny, University of Sydney, Australia

The impact of personality on therapy process
Anne Devlin, University of Wollongong, Australia; Brin Grenyer, University of Wollongong, Australia

Discussant: Robert King, Queensland University of Technology
50. Panel
Culture
Moderator: Guillermo dela Parra, Pontificia Universidad Católica de Chile

Friday | 4:30 PM-6:00 PM | Z304
Research and practice in the intercultural frontier

How does it feel to be a psychotherapy researcher in Latin America?
Guillermo dela Parra, Pontificia Universidad Católica de Chile; Nelson Valdes, Pontificia Universidad Católica de Chile, Santiago; Mahaira Reinel, Pontificia Universidad Católica de Chile, Santiago; Paula Dagnino, Pontificia Universidad Católica de Chile, Santiago

Refugee mental health: Responses to distress
Robert Schweitzer, Queensland University of Technology, Australia; Sierra van Wyk, Queensland Institute of Technology, Australia; Rachel Cleary, Queensland University of Technology, Australia

A Qualitative Research on the Psychosomatic Experience of Hwa-Byng (Korean culture-bound somatization disorder)
Eunsun Joo, Duksung Women's University, Seoul, Republic of Korea; Young-Gi Lee, Duksung Women's University, Seoul, Republic of Korea

Discussant: Shigeru Iwakabe, Ochanomizu University, Tokyo, Japan;

51. Panel
Couple
Moderator: Luis Tapia, Universidad del Desarrollo, Santiago, Chile

Friday | 4:30 PM-6:00 PM | Z305
Relational patterns and narratives in couple therapy

Patterns and predictors of change in marital satisfaction at 3 and 12 months after community-based couple counselling
Margot Schofield, La Trobe University, Melbourne, Australia; Nicholas Mumford, La Trobe University, Melbourne, Australia; Andrew Bickerdike, La Trobe University, Melbourne, Australia

Social Representations of romantic love
Carolina Aspillaga, Universidad del Desarrollo, Santiago, Chile
Temporality regulation in the triadic couple therapeutic system
María Elisa Molina, Universidad del Desarrollo, Santiago, Chile; Luis Tapia, Universidad del Desarrollo, Santiago, Chile

Relational patterns and meaning attributions in the triadic couple therapeutic system through relational drawing video analysis (RDVA) methodology
Luis Tapia, Universidad del Desarrollo, Santiago, Chile; María Elisa Molina, Universidad del Desarrollo, Santiago, Chile

52. Brief Paper Session

Psychotherapeutic treatment for people diagnosed with schizophrenia: Narrative processes and recovery
Melissa Greben, Queensland University of Technology, Australia; Rebecca Bargenquast, Queensland University of Technology, Australia; Robert Schweitzer, Queensland University of Technology, Australia

Reconceptualization and the consolidation of new self-narratives
Pablo Fernández-Navarro, Universidade do Minho, Braga, Portugal; Vanessa Moutinho, Universidade do Minho, Braga, Portugal; Miguel M. Gonçalves, Universidade do Minho, Braga, Portugal

Internet-based intervention to enhance vocational reintegration after inpatient psychosomatic treatment based on the supportive-expressive therapy (SET)
Rüdiger Zwerenz, University of Mainz, Germany; Katharina Gerzymisch, University of Mainz, Germany; Manfred E. Beutel, University of Mainz, Germany

A quantitative exploration of young unemployed job-seekers’ attitudes to receiving resilience-building SMS messages
Jayne Orr, Queensland University of Technology, Australia; Robert King, Queensland University of Technology
What I have learned as a clinician from the clinical research: some theoretical issues
Licia L. Reatto, Italian psychoanalytic society (SPI)

53.
Brief Paper Session
Process-outcome
Moderator: Jeremy Edward Halstead, Leeds University, UK

Friday | 4:30 PM-6:00 PM | Z306

The role of specific versus common factors in dialectical behaviour therapy: A test of the contextual model
Kirsten Rose Barnicot, Queen Mary University, London, UK; Stefan Priebe, Queen Mary University, London, UK

Is integration of the therapist/therapeutic attitude (introject) dependent on significant improvement after therapy?
Alice Marble, University of Oslo, Norway; Per Andreas Høglend, University of Oslo, Norway; Randi Ulberg, University of Oslo, Norway

Client rated assimilation: Using very complex & very simple client process measures
Jeremy Edward Halstead, Leeds University, UK

What does change when people change: Studying the narrative changes in depression with CCRT and Innovative Moments
João Batista, Universidade do Minho, Braga, Portugal; Miguel M. Gonçalves, Universidade do Minho, Braga, Portugal

Voluntary HIV counseling and testing in Portugal: is it working and does it matter who’s doing it?
Raul Pedro Manarte, Universidade do Porto, Portugal; Margarida R. Henriques, Universidade do Porto, Portugal

54.
Poster session
Posters Session 2
Neuroscience

Neurophysiological analysis of therapeutic interaction: Development of an observational device of the neural synchrony in psychotherapy
Alemka Tomicic, Universidad Diego Portales, Santiago, Chile; Eugenio Rodríguez, Pontificia Universidad Católica de Chile, Santiago; Claudio Martinez Guzman,
Change process

Clinical perspectives of therapeutic change: A test of the generic model in early sessions of therapy
Sara Beth Austin, University of Wisconsin, Madison, USA; Gregory G. Kolden, University of Wisconsin, Madison, USA

Child/Adolescent

Research in children and adolescents in Taiwan: A 10-year review to inform counselor educator and practice
Mei-Hsiang Tsai, Chinese Culture University, Taiwan

Couple

Construction of the focus of intervention in first session of couple’s therapy: An exploratory study.
Pablo Fossa, Universidad del Desarrollo, Santiago, Chile; Gabriela Benavente, Pontificia Universidad Católica de Chile, Santiago; Valezka Pimentel, Pontificia Universidad Católica de Chile, Santiago

Qualitative

Psychotherapy research and clinical practice in Colombia: Relationship or dissociation?
Mahaira Reinel, Pontificia Universidad Católica de Chile, Santiago; Nelson Valdés, Pontificia Universidad Católica de Chile, Santiago; de la Parra Guillermo, Pontificia Universidad Católica de Chile, Santiago

Client factors

The mental health of students presenting to an Australian university counselling service
Mary Anne O'Brien, Griffith University, Australia; Alexandra Mooney, Griffith University, Australia; Jill Harris, Brisbane; Jennifer M. O'Brien, Hong Kong

Process

Discursive and vocal expressions of mutual regulation in psychotherapy
Claudio Martinez Guzman, Universidad Diego Portales, Santiago, Chile; Sebastian Hernandez, Universidad Diego Portales, Santiago, Chile; Francisca Ossandon, Universidad Diego Portales, Santiago, Chile; Valeria Vargas, Universidad Diego Portales, Santiago, Chile; Alema Tomicic, Universidad Diego Portales, Santiago, Chile
**Integration**

A meta-analysis of positive psychology research in Taiwan
Kuei-chen Kuan, Chinese Culture University, Taiwan

**Process-outcome**

Research of the effects and effect mechanisms on Psychological Displacement Paradigm in Diary-writing
Su-Fen Lee, Chinese Culture University

**Depression**

The effectiveness of long- and short-term psychotherapy on psychiatric symptoms and working ability in depressive and anxiety disorders
Paul Knekt, National Institute for Health and Welfare, Helsinki, Finland; Olavi Lindfors, National Institute for Health and Welfare, Helsinki, Finland; Tommi Härkönen, National Institute for Health and Welfare, Helsinki, Finland

**Group**

Could the prison term be an outcome indicator of group psychotherapy for HIV infection male prisoners?
Yu-Kuang Kevin Hsu, Hsinchu University, Taiwan; Lin-Feng Wang,

**Process-outcome**

Monitoring the patients' improvement after the first year of Alcohol Dependence Therapy
Nelson Valdés, Pontificia Universidad Católica de Chile, Santiago; Andrés Borzutzky, Schilkrut Medical Institute; Loreto Arriagada, Schilkrut Medical Institute; Yamil Quevedo, Schilkrut Medical Institute

**Client factors**

Self-reported immature defense style as a predictor of outcome in short- and long-term psychotherapy
Maarit Anniina Laaksonen, National Institute for Health and Welfare, Helsinki, Finland; Carlos Sirkiä, National Institute for Health and Welfare, Helsinki, Finland; Paul Knekt, National Institute for Health and Welfare, Helsinki, Finland; Olavi Lindfors, National Institute for Health and Welfare, Helsinki, Finland

**Depression**

Image of self in adolescence
Alessandra di Carimate Gabrielli, University of Milan, Italy
Culture

Strength-Based Therapy (SBT): Incorporation of the 'Great Human Strength' concept within the psychotherapy model
Nahathai Wongpakaran, Chiang Mai University, Thailand; Tinakon Wongpakaran, Chiang Mai University, Thailand

Couple

The subjectivity of the person of the therapist in couple therapy
Tita Szmulewicz, Universidad del Desarrollo, Santiago, Chile

Couple

Dynamics and experiences of Chilean heterosexual couples about the process of making decisions in different areas of the relationship
Carolina Aspillaga, Universidad del Desarrollo, Santiago, Chile; Tita Szmulewicz, Universidad del Desarrollo, Santiago, Chile; Karla Kozubova, Universidad del Desarrollo, Santiago, Chile; Mariana Tornel, Universidad del Desarrollo, Santiago, Chile

Client factors

Patients with drug dependence: Their parental bonding and main relational conflicts
Loreto Arriagada Vásquez, Instituto Médico Schilkrut; Henry Daniel Espinosa, Pontificia Universidad Católica de Chile, Santiago; Nelson Valdés, Pontificia Universidad Católica de Chile, Santiago; Andrés Borzutzky, Schilkrut Medical Institute; Yamil Quevedo, Schilkrut Medical Institute

Narrative

Client's evaluation of voluntary HIV counseling and testing for HIV/AIDS in Portugal: Exploring professional background and team counseling
Raul Pedro Manarte, Universidade do Porto, Portugal; Margarida R. Henriques, Universidade do Porto, Portugal

New tools and new territories for the relationship research
Dan Pokorny, Ulm University, Germany; Xiaorong Zhou, University of Ulm, Germany; Zuzana Lakostikova, Masaryk University, Brno, Czech Republic; Elisabeth Erhardt, Innsbruck University, Austria; Andrea Langenwalter, Innsbruck University, Austria; Blerta Bodinaku, Tirana University, Albania; Anxhela Gramo, University of New York, Tirana, Albania; Eni Qirjako, Isar-Amper Hospital, Munic, Germany; Alessandra Vicari, University of Ulm, Germany; Michael Stigler, University of Lausanne, Switzerland
**Culture**

The image about future aging of baby boomers generation in Taiwan: A pilot study
Huang Shuhsien, National Chi Nan University, Taiwan; HuiChun Hsieh, National Chi Nan University, Taiwan

**Culture**

A survey study on community well-being, a case study of Pingho community
Hsieh Huichun, National Chi Nan University, Taiwan; LeKo Hsieh, ; Huang Shuhsien, National Chi Nan University, Taiwan

**Emotions**

A comparison of the infants with high- versus low-avoidance tendency in mother and stranger induced frustrations
Shih-tseng Tina Huang, National Chung-Cheng University, Chiayi, Taiwan; Liwen Lee, National Chung-Cheng University, Chiayi, Taiwan

**Group**

What psychological mechanisms work in the elderly horticultural therapeutic group
Jiun De Lin, National Taichung University of Science and Technology, Taiwan; Shing-Li Shih, National Chi Nan University, Taiwan; Yen Jui Chen, National Chung Hsing University, Taiwan; Shiang I. Wu, National Hsinchu University of Education, Taiwan; Hsuan Chiang, National Taichung University of Education, Taiwan; Sih-Yu Yu, National Taichung University of Education, Taiwan

**Child/Adolescent**

Predictors of Treatment Outcome for Childhood Anxiety Disorders
Ashleigh Knight, Macquarie University, Australia

**Therapist factors**

Eunsun Joo, Duksung Women's University, Seoul, Republic of Korea; Young-joo Park, Duksung Women's University, Seoul, Republic of Korea
Saturday, 13 July 2013

55. **Plenary Outcome**

**Moderator:** Michael J. Lambert, Brigham Young University, Provo, USA

**Saturday | 8:30 AM-10:00 AM | Z411**

`Hot from the Press`: The sixth edition of Bergin and Garfield`s handbook of psychotherapy and behavior change

The general efficacy & effectiveness of psychotherapy: Important new findings

Michael J. Lambert, Brigham Young University, Provo, USA

Practice-oriented research: A complementary paradigm to evidence based research

Louis G. Castonguay, Penn State University, University Park, USA; Michael Barkham, University of Sheffield, UK; Wolfgang Lutz, University of Trier, Germany; Andrew A. McAleavey, Penn State University, University Park, USA

Research on dynamic psychotherapies

Jacques P. Barber, Adelphi University, New York, USA; J. Christopher Muran, Adelphi University, New York, USA; Kevin S. McCarthy, Chestnut Hill College; Jack Keefe, Hospital of the University of Pennsylvania, Philadelphia, USA

Change mechanisms and effectiveness of small group treatments

Gary M. Burlingame, Brigham Young University, Provo, USA; Bernhard Strauss, Institute of Psychosocial Medicine and Psychotherapy, Jena, Germany; Anthony Joyce, University of Alberta, Edmonton, Canada

**Saturday | 10:00 AM-10:30 AM | Coffee Break**

**Area Coffee Break**
56. **Structured Discussion**

**Integration**
Moderator: George Silberschatz, University of California, San Francisco, USA

**Saturday | 10:30 AM-12:00 PM | Z302**

**Identifying patients` maladaptive schemas and narratives**

Discussants: Franz Caspar, University of Bern, Switzerland; Nikolaos Kazantzis, La Trobe University, Melbourne, Australia; J. Christopher Muran, Adelphi University, New York, USA; Hadas Wiseman, University of Haifa, Israel

57. **Panel**

**Assessment**
Moderator: Marilyn Fitzpatrick, McGill University, Canada

**Saturday | 10:30 AM-12:00 PM | Z303**

**Current perspectives on progress monitoring in routine care**

Routine outcomes and clinical effectiveness using the OQ-45 to monitor progress within an Australian university counselling service
Alexandra Mooney, Griffith University, Australia; Mary O'Brien, Griffith University, Australia; Jennifer M. O'Brien, Hong Kong; Jill Harris, Brisbane

Stakeholder views of progress monitoring in psychotherapy
Marilyn Fitzpatrick, McGill University, Canada; Giorgio Tasca, University of Ottawa, Canada; Terra Kowalyk, McGill University, Montreal, Canada; Gabriel I Ionita, McGill University, Montreal, Canada

Therapist views of progress monitoring in a psychotherapy practice-research network
Kylie Francis, Ottawa Hospital Research Institute, Canada; Giorgio Tasca, University of Ottawa, Canada; John Sylvestre, University of Ottawa, Canada

Discussant: Michael J. Lambert, Brigham Young University, Provo, USA

58. **Panel**

**Supervision**
Moderators: Jan Carlsson, Karolinska Institut, Sweden; Joakim Norberg, Department of Psychology, Stockholm University, Sweden

**Saturday | 10:30 AM-12:00 PM | Z304**

**Supervision and therapist development**

Supervisors experience of supervision during psychotherapy training
Joakim Norberg, Department of Psychology, Stockholm University, Sweden; Jan Carlsson, Karolinska Institut, Sweden
The impact of supervision on therapist's clinical interventions: Investigating qualitatively two cross-sections (treatment-session-supervision-treatment-session) with Interaction-Evaluation-Analysis
Jutta Kahl-Popp, John-Rittmeister-Institut, Kiel, Germany

Psychotherapist development towards integration: A qualitative study
Tomas Rihacek, Masaryk University; Ester Danelova, Masaryk University; Ivo Cermak, Institute of Psychology, Academy of Sciences, Brno, Czech Republic

Discussant: Bernhard Strauss, Institute of Psychosocial Medicine and Psychotherapy, Jena, Germany

Danielle Linda Ciaglia, University of Wollongong; Brin Grenyer, University of Wollongong, Australia

Change in relationship patterns in psychoanalysis found by the Core Conflictual Relationship Theme method
Lisa M. Parker, University of Wollongong, Australia; Brin Grenyer, University of Wollongong, Australia

Discussant: Dan Pokorny, Ulm University, Germany

69.
Panel
Family
Moderator: Sophie Holmes, Williams Road Family Therapy Center, Melbourne, Australia

Saturday | 1:30 PM-3:00 PM | Z306
Real-time evaluation of treatment with complex family systems

Working with complex and traumatised families: In-home family therapy pilot project
Michelle Hall, Mackillop Family Services
Complex multi-therapist treatment of on-going interpersonal trauma
Dina Jones, Williams Road Family Therapy Centre;
Nicole Schultz, Williams Road Family Therapy Centre;
Sophie Holmes, Williams Road Family Therapy Center, Melbourne, Australia

Real-time evaluation-reflection method as a way of monitoring clinical themes and change processes
Sophie Holmes, Williams Road Family Therapy Center, Melbourne, Australia

Saturday | 1:30 PM-3:00 PM | Z309
Challenges in implementing and sustaining Measurement Feedback Systems (MFS)

Development of an online motivational tool to increase therapist use of progress monitoring
Terra Kowalyk, McGill University, Montreal, Canada;
Gabriela Ionita, McGill University, Montreal, Canada;
Marilyn Fitzpatrick, McGill University, Canada

Technological and organisational challenges to the delivery of patient and staff feedback systems
Geoff R. Hooke, Perth Clinic, Australia; Andrew C. Page, University of Western Australia, Crawley

Technology in psychotherapy: A topic for quality management, feedback research and clinical practice
Babett Herrmann, Universität Trier, Germany; Julian Rubel, University of Trier; Wolfgang Lutz, University of Trier, Germany

Discussant: J. Christopher Muran, Adelphi University, New York, USA;

Saturday | 3:00 PM-3:30 PM | Coffee Break Area
Coffee Break
71. **Structured Discussion**  
*Change Process*  
*Moderators: Hadas Wiseman, University of Haifa, Israel; Jacques P. Barber, Adelphi University, New York, USA*

Saturday | 3:30 PM-5:00 PM | Z309  
**Psychotherapy researchers and clinicians meet the TV series "In Treatment"**

Discussants: Bernhard Strauss, Institute of Psychosocial Medicine and Psychotherapy, Jena, Germany; George Silberschatz, University of California, San Francisco, USA; William B. Stiles, Glendale Springs, North Carolina, USA; Louis G. Castonguay, Penn State University, University Park, USA; Orya Tishby, Hebrew University, Jerusalem, Israel; de la Parra Guillermo, Pontificia Universidad Católica de Chile, Santiago

72. **Panel**  
*Culture*  
*Moderator: Geoff Walter Denham, La Trobe University, Melbourne, Australia*

Saturday | 3:30 PM-5:00 PM | Z302  
**Making psychotherapy more relevant for non-Western refugees: Lessons from the research literature**

*Illness explanations in the cultural formulation*  
Lauren Ban, University of Melbourne, Australia

*Towards a contextual model of practice for refugee psychotherapy*  
Keren White, La Trobe University, Melbourne, Australia

*Does psychotherapy make sense to a Mon refugee from Myanmar?*  
Geoff Walter Denham, La Trobe University, Melbourne, Australia

Discussant: Robert Schweitzer, Queensland University of Technology, Australia

73. **Panel**  
*Outcome*  
*Moderator: Analise O'Donovan, Griffith University, Australia*

Saturday | 3:30 PM-5:00 PM | Z303  
**The role of feedback systems in healthcare**

*A tale of two systems: Great expectations, hard times, and strategies to avoid bleak houses*  
James Bennett-Levy, University of Sydney, Australia; Dave Richards, University of Exeter, UK

*Introducing progress monitoring into the routine training of supervisees*  
Aaron Frost, Griffith University, Australia
What matters to supervisees, what they share with supervisors and how regular feedback can assist the alliance
Analise O'Donovan, Griffith University, Australia

Discussant: Michael J. Lambert, Brigham Young University, Provo, USA

Saturday | 3:30 PM-5:00 PM | Z304
Settings in psychotherapy training

Evaluation of Skype-based psychodynamic psychotherapy training in China
Svenja Taubner, University of Kassel and International Psychoanalytic University Berlin; Ines Henning, International Psychoanalytic University Berlin, Germany; Marc Schwietring, International Psychoanalytic University Berlin, Germany; Horst Kächele, International Psychoanalytic University Berlin, Germany

The influence of adverse childhood experiences and ego-defensives on working alliance and work involvement in psychotherapy training
Thomas Munder, University Kassel; Jennifer Klasen, University of Kassel; Heidi Möller, University of Kassel; Rainer Weber, University of Köln; Svenja Taubner, University of Kassel and International Psychoanalytic University Berlin; Wiebke Munder, University of Kassel

The use of videoconference for internet-based international live one-way-mirror supervision
Tony Gordon Rousmaniere, University of Alaska Fairbanks; Jon Frederickson, Washington School of Psychiatry

Discussant: Jan Carlsson, Karolinska Institut, Sweden

Patterns of change during therapy and the relationship to recovery

Early change -- and then? A stage sequential pattern analysis of change in psychotherapy
Julian Rubel, University of Trier; Wolfgang Lutz,
Routine symptom monitoring of early change in suicidality
Andrew C. Page, University of Western Australia, Crawley; Emma L. Doyle, University of Western Australia, Australia; Geoff R. Hooke, Perth Clinic, Australia

Broadening our conception of recovery in psychotherapy: Clinical significance and its implications for understanding patterns of change
Fiona Renae Ronk, University of Western Australia, Australia; James R. Korman, Behavioral Health & Cognitive Therapy Centre, New Jersey; Geoff R. Hooke, Perth Clinic, Australia; Andrew C. Page, University of Western Australia, Crawley

Discussant: Tim Coombs, AMHOCN

Saturday | 3:30 PM-5:00 PM | Z301

The effects of vicarious reinforcement on efforts to overcome a specific phobia
Nicole Ennis, University of New England, Australia; John M. Malouff, University of New England, Australia

Executive functions in patients with Generalized Anxiety Disorder (GAD) diagnosis: Preliminary results
Paula Romina Balbi, Universidad de Buenos Aires, Argentina; Ludmila Jurkowski, Universidad de Belgrano, Buenos Aires, Argentina; Andres Roussos, Universidad de Belgrano, Buenos Aires, Argentina

Finding a path when the world contracts - A case study
David I. Smith, RMIT University, Australia; Lisa Majella Negri, RMIT University, Australia; Vivienne Champness, RMIT University, Australia; Sarah Bourchier, RMIT University, Australia

Effectiveness of breathwork as an intervention for depression and anxiety
Lloyd Lalande, Australian Catholic University, Australia; Robert King, Queensland University of Technology; Matthew Bambling, University of Queensland, Australia
Brief Paper Session
Emotion/Trauma
Moderator: Melissa Harte, La Trobe University, Melbourne, Australia

Saturday | 3:30 PM-5:00 PM | Z306

Personality and emotional vulnerabilities to depression: The role of affect dysregulation
Karin G.E. Sandquist, University of Wollongong, Australia; Brin Grenyer, University of Wollongong, Australia; Peter Caputi, University of Wollongong, Australia

Processing painful or traumatic experiences using the focusing task in Process-Experiential / Emotion-Focused Therapy
Melissa Harte, La Trobe University, Melbourne, Australia

A body felt feeling measuring scale. An APES adaptation in latinamerican Spanish
