

Lighting the Way

Beacons of Hope

During this time of thanks, Access Now wishes to express our sincere gratitude for the **nearly 850** caring, compassionate, generous physicians and healthcare staff who donate their medical services free of charge to patients in need. In 2014 alone, Access Now has made **more than 7,800** office and hospital appointments for **nearly 2,400 patients**. As thousands of Richmond-area residents still lack health insurance, Access Now – a program of the Richmond Academy of Medicine – continues to work with area safety net clinics, coordinating access to vital specialty care donated by the physicians and staff of those medical practices listed below. If you know any of these kind providers, please take time to say **THANK YOU!** Richmond is a healthier community because they care.

To donate or learn more, visit accessnow.ramdocs.org

"I wouldn't be here today if it weren't for the care I've received through Access Now."
—Austin Pittman

"Access Now let me feel good and secure and know that I was going to get the best treatment."
—Victoria Anderson

"Access Now allowed me to become well enough to help me pay it back."
—Charlie Korbach

"We feel tranquil because we have care from doctors."
—Odina Pinto
