

1st Chapter Meeting "Dinner & a Movie" will be presented at each Chapter, dates and locations TBD. "Dealing With Teachers: What's In It For Us" a video by Shelley Morrison. "Your staff works hard to serve the students what they want, to feed them fast, and to grin and bear it, no matter what the kids say or do. And then, here come teachers with their demands, rude remarks, and superior attitudes. Your servers probably think, "we're here for the kids, so why do we have to put up with the faculty? What's in it for us?"

"in this video your staff will hear an audience of managers list problems they have with teachers. Then workshop presenter Shelley Morrison will help them discover why their attitude about the faculty needs to change, and how they can deal with teachers in a way that works - even with the crankiest adult customer."
