Introduction

An intimate meeting in the southeast with the feel and educational scope of a much larger national meeting. More than 40 educational presentations, with opportunities for 18 or more continuing medical education credits and recognized faculty from around the country, with members from every corner of the southeast taking part. An educational event that also allows you to spend some quality time with family and friends at one of the best resort locations in recent years. This is what our annual meeting is all about.

On behalf of the Scientific Program and Executive Committee, I invite you to attend the 55th Annual Scientific Meeting of the Southeastern Society of Plastic and Reconstructive Surgeons. Registration is now open. Hotel rooms are booking quickly. Please make plans to join us this year!

Respectfully,
W. Byron Barber, M.D.
President

Program Highlights

The title of this year’s meeting is “The Science behind the Art”. There are so many quality sessions to look forward to, with many Southeasterners taking part! We are pleased to offer a presentation on the future use of stem cells and how fat injections work both scientifically and practically, by Spencer Brown and LeRoy Young. How we go about determining the validity of case series presented at both SESPRS meetings and in the literature is the basis for a presentation on Evidence Based Medicine, by Monty Eaves. We will also have panel discussions on Body Contouring moderated by Bert Losken and Facial Rejuvenation by Mark Codner. In addition, we will be studying the nose both from a cosmetic and reconstructive perspective, with Mark Constantian and Fred Menick. A two-hour separate lunch course is being offered this year, during which Dr. Menick will take us through all his latest techniques for reconstructing the various subunits of the nose as well as more complex repairs. John McCraw will host his popular “Problems and Pearls” session, while the ASPS president Malcolm Roth will update us on Health Care Reform. We also look forward to the many scientific papers presented by residents in our southeast training programs, not to mention our own member papers. We have had more submissions than ever before (nearly 100), and the papers should be excellent. Our members will also share their experiences with the electronic medical record. We hope to see you in Amelia Island, FL.

Harold I. Friedman, M.D.
Chair, Scientific Program Committee
Jorge de la Torre, M.D.
Chair, Resident Competition Committee

Thank You

We would like to thank the following companies who have already agreed to support the program: Allergan, Mentor Worldwide, Medicis Aesthetics, and Merz Aesthetics. We would especially like to thank Allergan for their generous support as a Diamond supporter for 2012!

*As of April 8, 2012

NEW FOR 2012

Scientific Poster Sessions on Monday and Tuesday, with opportunities for Q&A with the authors! More information is available at the Registration Desk.

Be sure to register your staff for this year’s 2nd Annual Office Staff Program!
Details may be found on page 7.
Keynote Speaker

Charles Bierbauer, was for many years CNN’s senior Washington correspondent and a veteran reporter covering national and international affairs. He started his commercial broadcast career as a radio reporter for WKAP radio in Allentown, Pennsylvania in 1963. He also worked in print journalism with, among others, the Chicago Daily News and Associated Press. He served as an overseas correspondent with Westinghouse Broadcasting and ABC News. As a CNN correspondent, Bierbauer reported on five presidential campaigns and served as CNN’s senior White House correspondent for almost a decade during the Reagan and Bush Administrations. He received an Emmy in 1997 for his coverage of the 1996 Olympic Park bombing, and received the ACE Award from the Association for Cable Excellence and the Overseas Press Club Award for his reporting on the Yom Kippur War. He has traveled with American presidents to all 50 states and more than 30 nations. He is currently the dean of The School of Journalism and Mass Communication at The University of South Carolina. Mr. Bierbauer will be providing us with some interesting insight into the presidential election.

Southeastern Society of Plastic and Reconstructive Surgeons
10:15–10:45 AM  Break/Exhibits

10:45–12:00 PM  Panel Presentation, Body Contouring
Moderator: Bert Losken MD
What is New in Body Contouring – Detlev Erdmann MD
Patient Selection in Body Contouring: Match Patients and Procedures – Monte Eaves MD
Around the World Tummy Tucks (Belt Lippectomies) in Non MWL Patients – Richard Greco MD
Brachioplasty Surgery: Options for Excess Arm Skin – Richard Greco MD
Various Options for Contouring the Buttock – Kevin Tehrani MD

12:00–12:15 PM  Discussion

12:15–12:45 PM  Break/Exhibits

12:30–2:30 PM  Teaching Course: Modern Nasal Reconstruction* – Fred Menick MD
Residents may register for this course free of charge. All others require an additional registration fee.
Dr. Menick is a Clinical Associate Professor in the Division of Plastic Surgery at the University of Arizona. Currently in private practice, he was Chief of Plastic Surgery (1991–1996) at the University of Arizona and Chief of Plastic Surgery (1985–1998) at the Tucson Veterans Administration Hospital. He has authored 2 textbooks on nasal and facial reconstruction, edited 3 books on facial cosmetic and reconstructive surgery, and published 32 book chapters and 35 peer-reviewed papers. During overseas trips, he has performed charitable reconstructive surgery in Brazil, the Philippines, Korea, Africa, and Vietnam.

1:00–5:00 PM  Tennis Tournament*
The tournament will take place on-site at the Ritz. The resort features four clay tennis courts. Three new clay courts use state-of-the-art Hydro-cool technology that keeps the courts play-ready.

6:30–10:00 PM  Annual Theme Dinner and Reception
Always one of the highlights of the Annual Meeting. Join your family and friends at this fun and entertaining event. All attendees are welcome to attend.

Monday, June 4

6:30 AM  Annual Fun Run
Complimentary. Registration recommended.

7:00–8:00 AM  Continental Breakfast
Exhibits Open

7:00–8:00 AM  Poster Session, with Author Q&A

7:30–8:30 AM  Member and Resident Papers
Chairman: Ed Luce MD
Secretary: Stephan Finical MD
Analysis of Acellular Dermal Matrix Integration During Tissue Expander Breast Reconstruction in a Clinically Relevant Animal Model – Onelio Garcia MD
Breast Reconstruction with Tissue Expander and Human Acellular Dermal Matrix; Outcome in Patients with Radiation – Glenn Lyle MD
The Use of Dermal Autographs in Tissue Expander Breast Reconstruction – Brian Rinker MD
Aesthetic Outcomes of Acellular Dermal Matrix Use in Tissue Expander and Implant Based Reconstruction – Clay Forsberg MD
Rethinking NAC Tattoo. A New Technique with Superior Results – Michael Cormican MD
The Influence of Silicone Gel Bleed on Capsular Contracture. A Generational Study – Hunter Moyer MD
Red Breast Syndrome in Post Mastectomy Reconstruction with Acellular Dermal Matrix: Etiology, Treatment, and the Emergence of AFB as an Unrecognized Pathogen of this Condition – Orlando Ciciliion MD
8:30–9:40 AM  |  **Panel Presentation:**  
Facial Reconstruction  
Moderator: Fred Menick MD  
How to Do a Revision of a Failed Nasal Reconstruction – Fred Menick MD  
Reconstruction of the upper eyelid – Mark Codner MD  
Orbital Mal-Positions – Tony Wolfe MD  
Microsurgical Peri-orbital Reconstruction – Eduardo Rodriguez MD

9:40–10:35 AM  |  **Resident Paper Competition**  
Chairman: Scott Corlew, MD  
Secretary: Hamid Massia, MD  
Objective Parameters Predictive of Mastectomy Flap Necrosis Utilizing Laser-Assisted Indocyanine Green Angiography (LA-ICGA) – Megan Jack, MD  
Hypoxia Induces Adipokine Release from Preadipocytes which Enhance Mammary Epithelial Proliferation – Mathew Blanton MD  
Spontaneous Cord Rupture after Collagenase Clostridium Histolytica Injection for Treatment of Dupytren’s Disease – Kiranjeet Gill MD  
Subcutaneous Talc Reduces Drain Duration and Wound Complications Following Panniculectomy and Subcutaneous Advancement Flaps During Ventral Hernia Repair – Stanley B. Getz, MD

10:35–11:20 AM  |  **Upchurch Lecture** – Thomas Biggs MD  
Currently in private practice at Biggs and Collins in Houston, Texas with an Emeritus appointment from St. Joseph Hospital, Dr. Biggs has been involved in the training of more than 145 residents, and has lectured in 56 countries (and operated in many of them!) We are pleased to have him join us for this annual lecture.

11:20–11:40 AM  |  Break/Exhibits

11:40–1:00 PM  |  **The Science Behind the Art:**  
Moderator: Henry Vasconez MD  
The Science Behind the Art:  
Evidenced Based Medicine in Plastic Surgery – Monty Eaves MD  
Why And How Adipose Derived Stem Cell Work – Spencer Brown MD  
Fat Grafts: The Science of Fat Grafting – Leroy Young MD

1:30–6:30 PM  |  **Golf Tournament** *  
Designed by Mark McCumber and Gene Littler, this Amelia Island golf course’s breathtaking landscape is as beautiful as it is challenging. Meticulously maintained greens, strategically bunkered fairways and the ever-shifting ocean breeze ensure no two rounds are ever the same.

Tuesday, June 5

6:30–7:30 AM  |  Continental Breakfast/Exhibits

6:30–7:30 AM  |  Poster Session, with Author Q&A

7:30–8:30 AM  |  **Safety CME:**  
Evils of Nicotine – Brian Rinker  
Antibiotics and Preventing SSI in Plastic Surgery – Leroy Young MD

8:30–9:20 AM  |  Patterns in Rhinoplasty: Deformities and Solutions – Mark Constantian MD

9:20–9:50 AM  |  Break/Exhibits

9:50–11:00 AM  |  Facial Rejuvenation to Operate, Inject, Laser, or Peel  
Moderator: Mark Codner MD  
Participants include: Mark Codner, Louis Bucky MD, and Michael Kane MD

11:00–12:30 PM  |  Problems and Pearls Session, with Member Participation  
Moderator: Scott Hultman, MD  
Panel Members: Scott Hultman MD, Louis Vasconez MD, and Jorge de la Torre MD

12:00–1:00 PM  |  Luncheon with Residents: Mark Codner MD  
Blepharoplasty and Managing Complications  
Residents Only.  
Includes Review of Poster Session.

10:30–11:00 AM The Dog Ate My Homework No Longer Works: Implementation of Health Care Reform. ASPS Resources Malcolm Roth MD |  
11:00–11:15 AM Review of the Tear Trough Deformity  
Ross Stutman MD, SESPRS Fellow |  
11:15–11:30 AM The Retaining Ligaments of the Face and Periorbital Region  
Mohammed Alghoul MD, SESPRS Fellow |  
11:30 AM Adjournment and Farewell Brunch  
*Separate Registration Required. |
Office Staff Program

Current as of April 1, 2012

Of great importance this year is a two-day long staff and nurses meeting that will take place concurrently with our meeting on Sunday and Monday. The topics for these office staff sessions are aimed at improving your practice. ICD 10 will soon be implemented and it promises to be a major challenge for everyone. We have asked an expert on this topic to bring our staff up to date. Karen Zupko will present several talks aimed at improving your practice, while Harry Goldberg will discuss how to handle the disgruntled patient. An additional talk will focus on EMR. Other talks are planned with topics that include injectibles, neurotoxins, and skin care. We encourage you to bring your office staff with you and have them take advantage of this wonderful learning opportunity. Separate registration for this program is required.

### Saturday, June 2

- **4:00 PM**  
  Registration Open
- **6:00–7:30 PM**  
  Welcome Reception

### Sunday, June 3

- **6:30–7:30 AM**

- **10:45–11:30 AM**  
  Update on Facial Injectable  
  Haley Wood MSN, WHNP, CPSN
- **11:30 AM**  
  Adjournment
Meeting Information

Needs Assessment
Topics will be presented for diversifying learning opportunities and sub-topic refinement following through with the Southeastern’s recent and ongoing emphasis on aesthetic and reconstructive surgery, particularly of the face, breast, and body. Based upon feedback from prior meetings, there is evidence of an ongoing need to maintain awareness and concentration on particular needs of the practicing plastic surgeon in the Southeast by presenting new approaches to traditional problems. The meeting theme, “The Science Behind the Art” strives to address topics of interest to the Membership, with the goal of preserving what the best of our “art”, while always looking for new and creative solutions to common problems.

Highlights of the 2011 meeting included an excellent facial rejuvenation panel, the Upchurch lecture by Dr. William Magee, in which he highlighted the powerful force medicine can exert as a tool for humanitarian action and political change, a panel on cleft lip nasal deformity moderated by Dr. Kevin Hagan, the annual Problems and Pearls session moderated by John McCraw, MD, a breast augmentation panel moderated by Jack Fisher, M.D., a body contouring panel moderated by Dr. Onelio Garcia, and special patient safety and business-related presentations from Leroy Young, MD and Karen Zupko. In addition, there were great panels on various aspects of cosmetic medicine cleft lip nose distributed among the always excellent Resident and Member papers.

In the post meeting survey, Members and Residents requested further education on the myriad options in breast augmentation, facial rejuvenation, and body contouring. And requests for information on new advancements in facial rejuvenation and reconstruction will be addressed at this meeting. There is also an ongoing desire for the latest in patient safety. Plans are for the always popular and educational Problems and Pearls Session to feature both reconstructive and cosmetic cases this year. A high-level training course on modern nasal reconstruction will provide additional CME.

Our Members have indicated that they prefer panel discussions and guest speakers and so the 2012 meeting will reflect that preference.

Our post meeting survey also identified needs in managing the business side of the practice of plastic surgery. To address this, there will be a parallel office staff meeting held on two mornings. This non CME program is designed to improve the experience of the plastic surgery patient, encourage team building, and improve the bottom line in these turbulent economic times.

The Southeastern has always placed a high regard on the development of future plastic surgeons. The coveted Glancy Award will be presented to the author of the best abstract by a plastic surgery resident. Member papers are also a part of our tradition. Those selected were blind graded to assure that no bias was introduced into the process.

Disclosures/Conflict of Interest Statements
All faculty are required to complete a statement detailing any and all conflicts of interest and/or industry support. It is the policy of the Southeastern Society, consistent with the policies of the ACCME, that every author must complete a Conflict of Interest Disclosure form or that author is not permitted to make a presentation at the meeting. We have printed and will verbally announce details as to any speaker who has made such a disclosure. The absence of any such affirmative statement of disclosure means that the faculty has submitted a complete disclosure statement, and has indicated that he/she has no conflicts industry support to report. All faculty/participants have been instructed that if any unapproved or off label use of a product is to be referenced in a CME program presentation, the faculty member/participant shall be required to disclose that the product is either investigational or is not labeled for the usage being discussed. Questions from the floor must be preceded by a verbal disclosure of any relevant commercial interest by the questioner.
Description
The Southeastern Society of Plastic and Reconstructive Surgeons 55th Annual Scientific Meeting is designed to deliver quality scientific and educational presentations which have been the Society’s hallmark since its beginning in 1957. This program is intended primarily for the education of plastic surgeons and others who have significant involvement within the broad spectrum of aesthetic and reconstructive Plastic Surgery. It is comprised of fundamental, intermediate, and advanced didactic material of interest and application to all attendees. Personal practice issues will be discussed along with safety management and medico-legal risk management in the operative theatre. An overview of the art and science of Plastic Surgery as well as new directions, trends and techniques within the time constraints of a four-day meeting will be provided.

Accreditation
The Southeastern Society of Plastic and Reconstructive Surgeons is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide Continuing Medical Education for physicians. The Southeastern Society of Plastic and Reconstructive Surgeons designates this educational activity for a maximum of 18 PRA Category 1 Credits, 2 of which have been designated as relating to patient safety education. The teaching course and Resident Luncheon offer an additional 2 hours CME and 1 hour of CME to qualified attendees respectively. Physicians should only claim credit commensurate with the extent of their participation in the activity.

Meeting Room Rules
The meeting room is the focal point for the Southeastern’s educational sessions, which are generally intended to be accessible only to registered health care professionals. With that understanding, we feel that it is not appropriate for small children to be present in the meeting room during the scientific sessions. We ask that all attendees recognize and observe this restriction. The Southeastern reserves the right to require any children or adolescents present in the meeting room to leave. In compliance with local standards, the meeting room will remain smoke-free at all times. Additionally, as a courtesy to the speakers and other attendees, please turn off all cell phones and pagers to their SILENT or OFF position. Individuals with special needs are asked to notify the Southeastern office in advance as to these needs.

Hotel and Spa
The Ritz-Carlton, Amelia Island
Southern hospitality at its finest is on display at The Ritz-Carlton, Amelia Island. One of the most popular beach destinations on the East Coast, this luxurious barrier island hotel provides a welcome barrier between you and the world beyond. Located on a grand stretch of the island’s 13 miles of coastline, The Ritz-Carlton, Amelia Island hotel is a resort that features well-appointed guestrooms, four restaurants and lobby lounge, including the award-winning restaurant Salt...which normally does not open on Mondays but WILL be open for us!. We think you’ll enjoy making the Ritz your home away from home this June. Reservations are available on a first-come, first-served basis by visiting the hotel’s Reservations page at https://www.ritzcarlton.com/en/Properties/AmeliaIsland/Reservations/Default.htm#top, or by calling 1-800-241-3333. Please mention that you plan to attend the SESPRS Annual Meeting. The deadline to secure a room for this event is Tuesday, May 1st. And please be sure to use the special SESPRS group code of SSPPSPA to receive our special rate of $269.00 per night, single or double occupancy.

The Spa at the Ritz-Carlton, Amelia Island
Escape to the peaceful, rejuvenating solitude of The Ritz-Carlton Spa®, Amelia Island where time doesn’t stand still, but it does slow and soften, Southern-style. The spa has so many options that it would be impossible to list them all here. We encourage you to visit the spa’s home page at http://www.ritzcarlton.com/en/Properties/AmeliaIsland/Spa/Default.htm for more information. And we have made special arrangements to have a spa representative on hand during the first day of meeting registration, making it simple to reserve a time or treatment.

Trouble securing your room? Additional hotel options are available. Call us at (703) 234-4089 or visit www.sesprs.org.
Tours and Activities

Annual Sporting Events:
Sunday, June 3 and Monday, June 4
Separate registration is required.

Trying to stay fit? Our annual golf tournament, tennis tournament and “fun run” are all returning for 2012 and should provide hours of enjoyment for both you and your family! Separate registration is required for these events. The golf tournament will be held Monday, June 4th at the Golf Club of Amelia Island, a private club catering to the exclusive surrounding community of Summer Beach. The annual tennis tournament, planned for Sunday, June 3rd, was a very popular activity in 2011 and should be so again with the Ritz-Carlton’s excellent facilities. And remember the Annual Fun Run on Sunday morning.

Don’t forget the Ritz-Carlton Fitness Center, where the scenic views and ocean breeze serve as a perfect complement to an energizing workout. The Fitness Center includes a full complement of cardio equipment, free weights, and a variety of other options to get your day started off right.

Deep Sea Fishing Excursion:
Tuesday, June 5
Separate registration is required. Registration covers transportation, bait/tackle, and gratuities.

Enjoy some of Florida’s best blue water fishing! Numerous fish havens can be found from 8-20 miles offshore of Amelia Island, and our charter will take you there. Here, a variety of manmade and natural reefs attract a variety of striking fish. Some of the best trolling action begins in early March when large schools of cobia, Spanish mackerel, king mackerel, black fin tuna and bonito migrate into offshore waters. By summer, blue water fishermen can expect to catch sailfish, cobia, kingfish, wahoo, amberjack, barracuda, cobia and more! Plan to join us for an afternoon on the water. Parties of 6 or less will depart from the marina. Other tours are also available.

Travel
Amelia Island is an easy 30-minute drive from Jacksonville International Airport (JAX), making the airport a quick and convenient option for air travelers from all over the southeast and the world. Visit their web site at www.jia.aero for more information on daily flight schedules, the airport’s rental car agencies and all the services available at this full-service airport. Taxis, shuttles and other ground transportation options are conveniently located near the baggage claim area.

Gator City Taxi is the official taxi company serving Jacksonville International Airport. Service is available at the entrance to JIA, or call Gator City Taxi at (904) 741-0008 or (904) 355-8294. The Ritz-Carlton Amelia Island also offers shuttle service to and from the airport for a fee. Contact the Ritz directly at (904) 277-1100 for further details.

Salt Cooking Class:
Monday, June 4
Separate registration is required. See registration form for details. Limited to first 18 participants.

This June, SESPRS Annual Meeting attendees will have an opportunity to work with the renowned chefs of Salt as part of an exclusive cooking class. This class will offer fans of Salt, and cooking enthusiasts in general, an opportunity to prepare some of their favorite dishes in an interactive cooking experience. Participants in the class will also learn how to harness the flavors of the many salts used in the restaurant’s dishes in their own cooking through the expert advice of a master chef. This event is expected to be very popular with couples!

Kids Night Out
Designed for kids 5-12. Reservations must be made at least 24 hours in advance to guarantee availability. Contact the resort directly at (904) 277-1100 to arrange for this service.

At the Ritz-Carlton Amelia Island, there really is something for everyone in the family. Children will enjoy activity-filled days at our energetic kid resort programs – with fun and games indoors and out, arts and crafts, sports and recreation, and educational and developmental activities supervised by trained counselors.

Parents looking for a little alone time or planning to attend the Tuesday Black Tie Dinner and Reception may enroll their younger children in the resort’s Kid’s Night Out program, offering arts and crafts, games, movies, and dinner. Sign up for one of these children’s activities for an action-packed Florida family vacation. Childcare is also available.

Salt Cooking Class:
Monday, June 4
Separate registration is required. See registration form for details. Limited to first 18 participants.

This June, SESPRS Annual Meeting attendees will have an opportunity to work with the renowned chefs of Salt as part of an exclusive cooking class. This class will offer fans of Salt, and cooking enthusiasts in general, an opportunity to prepare some of their favorite dishes in an interactive cooking experience. Participants in the class will also learn how to harness the flavors of the many salts used in the restaurant’s dishes in their own cooking through the expert advice of a master chef. Total, This Section: * EFFECTIVE ON OR AFTER MAY 28, 2012.  ** Active Duty Military Discount: Active duty military personnel attending the meeting receive 50% off all base registration fees. Copy of military ID card required. Discount will be given immediately but eligibility will be verified prior to the meeting.

Secondary Registrant Types and Fees

Secondary registrant is DEFINED AS a Spouse, Child or other Family Member.

You may register as many secondary registrants as you’d like. Please use the fee schedule below. Fee includes social and educational functions, with the exception of Dr. Menick’s Nasal Reconstruction Teaching Course, the 2nd Annual Office Staff Program, tours, golf and tennis.
