Welcome

Dear delegates of the SRNT–E 2016 annual meeting,

It is a great pleasure and honour to welcome all of you to the 17th Annual Congress of the Society for Research on Nicotine and Tobacco Europe Chapter. SRNT-E annual conference returns to the well-known historic city of Prague after 11 years. Although much has changed since the last time SRNT-E met in Prague, further effort is needed to improve tobacco control, as well as treatment in this country. Therefore, the theme of this meeting is – Translating quality science into quality practice. Together we can bring about great change!

We look forward to your contributions, which allow us to offer an outstanding conference programme with symposiums, as well as oral and poster presentations. Many thanks to the SRNT-E Board, and the Programme and Local Organizing Committees. Thank you to our congress secretariat for all their work during congress planning and preparation.

We are also grateful for the support we have received from the Czech Medical Association of J.E. Purkyně, the Czech Medical Chamber and the 1st Faculty of Medicine, Charles University.

Alexandra Pánková
head of the Local Organizing Committee

Eva Králíková
head of the Society for Treatment of Tobacco Dependence

Welcome Reception at the Residence of the Mayor of Prague  
September 8 at 19:00 hrs

The Residence of the Mayor of Prague is located in the new building of the Municipal Library, which was built between the years 1925 and 1928 by Prague Municipal Savings Bank as a gift for the capital city on the occasion of the 60th anniversary of its existence and also to mark the 10th anniversary of the Czechoslovak Republic.

The interior of the building was conceived in a more ornamental way than the exterior. It combines elements of late Art Nouveau with a strong influence of the fashionable Czech Art Deco of the 1920’s.

The Mayor’s Residence occupies the whole of the first and second floor of the front part of the library. It has a separate entrance from the corner of Platnéřská and Žatecká Street. The first floor contains representative and a reception room, the second floor contains the Mayor’s private apartment, private study and three apartments for the Mayor’s guests.

Registration: Included in the registration fee.  
Please bring your Conference badges with you to gain access to the Reception.

Transportation: Individual.  
Please ask at the Registration Desk for directions.

Address: Residence of the Mayor of Prague (Rezidence Primátora)
