

**CALL FOR SUBMISSIONS
WERA FOCAL MEETING
DEADLINE: 1 February 1 23:59 GMT
September 8-11, 2015
Budapest, Hungary**

The World Education Research Association (WERA) invites submissions for papers and symposia for the WERA Focal Meeting to be held in Budapest, Hungary on September 8 to 11, 2015. WERA is an association of major national, regional, and specialty education research associations dedicated to sharing scholarship, developing networks, and mutually supporting capacity building. The Focal Meeting is an integral part of the European Conference on Educational Research (ECER), 2015. The Focal Meeting consists of a strand of paper and symposium sessions on topics of world-wide scope that are embedded in the program of a WERA member association.

WERA symposia and paper sessions are intended to complement and extend those presented at the main conference under the ECER Call for Papers. In general, the WERA Focal Meeting seeks to feature research that includes more than one country or is comparative, cross-cultural, international, or transnational in conceptualization, scope, or design. Paper submissions need to meet these criteria; symposia submissions can include papers from single sites or countries as long as the presentations combined are from different countries and the aims of the symposium are anchored in worldwide or global issues. In 2015, eligible papers or symposium may include European countries but should not be exclusively focused on European countries to be eligible for the WERA Call. Duplicate submission through the ECER and WERA online submission systems is not allowed.

Who Should Submit?

Scholars and advanced graduate students worldwide whose research extends beyond a single-country site and includes a country beyond Europe are encouraged to submit papers to the WERA Focal Meeting. Scholars wishing to organize symposia that feature research paper presentations from multiple countries or parts of the world are also encouraged to submit.

Scope of Focal Meeting

The scope of the Focal Meeting is wide in its reach to include studies across the life span from early learning to workforce and adult education and that take place in formal and informal contexts of education and learning. The emphasis of the Focal Meeting is on papers and

symposia with a lens that is worldwide in perspective. Otherwise there is no restriction on the education research topics appropriate for consideration, although priority will be given to submissions that focus on research and findings addressed to significant trends, issues, and challenges worldwide.

Guidelines for Submission to WERA Focal Meeting

Paper and symposia submissions must be submitted through the online portal on the WERA website at <https://wera.site-ym.com/?FocalBudapest>. Submissions can be saved and work completed later, as long as it is finalized by the deadline. Submissions must be completed by 1 February 1 23:59 Central European Time.

Up to ten references may be included in the summary, and must be set forth in the reference list (up to 400 words). The submitter of the paper is responsible for submission, even if that individual is not the paper presenter.

Symposium Submission:

A symposium provides opportunities, not afforded by a single paper, to examine a specific education research problem or topic through an international, comparative, or worldwide lens and to bring to bear diverse perspectives, intensive discussion, or a wide range of expertise.

Symposium abstracts are a maximum of 600 words. Submissions also include 400-word summaries for each presentation/paper in a symposium, and allow for up to ten references for each presentation (200 Words references per presentation). References cited in the summaries must be set forth in the reference list.

Symposium proposals are submitted by an organizer who may or may not be a chair, presenter, or discussant. A WERA symposium can include a maximum of four presentations in addition to the chair. Participants include all presenters and any discussants.
