WFCAP APPLICATION CHANGES EFFECTIVE MARCH 1, 2017
The Wisconsin Funeral and Cemetery Aids Program (WFCAP) Application, F-10141, will be updated on March 1, 2017, to accommodate required signatures that document an inquiry was made regarding the existence of any life insurance policies insuring the life of a decedent. More information regarding this change is in the February 2017 WFCAP Service Provider Update. WFCAP service providers are encouraged to sign up for email notifications about updates for WFCAP at dhs.wisconsin.gov/em/signup.htm. For more information about WFCAP, visit dhs.wisconsin.gov/em/wfcap.htm. If you have questions about WFCAP, email dhswfcapapplications@wi.gov.

Revised Wisconsin Funeral and Cemetery Aids Program
Application Effective March 1, 2017

This Wisconsin Funeral and Cemetery Aids Program (WFCAP) Service Provider Update announces revisions to the WFCAP Application, F-10141, to accommodate required signatures that document an inquiry was made regarding the existence of any life insurance for a decedent.

**Revisions to WFCAP Application**

Effective March 1, 2017, the WFCAP Application, F-10141, will be updated to reflect changes announced in this Update. Service providers must begin using this version to submit a WFCAP application on and after March 1, 2017.

The changes include a new section (Section 9) in the WFCAP application that requires signatures from both the service provider and the executor or family representative. This provides documentation that a service provider inquired about the existence of any life insurance policies for the decedent. A WFCAP application will be returned to a service provider if the section regarding the declaration of any life insurance is not completely filled out. The WFCAP Verification Checklist, F-01838, will notify the service provider of any missing information. If the missing information is not submitted by the due date stated in the Verification Checklist, a WFCAP payment will be denied. The denial reason will be stated on the WFCAP Notice of Decision, F-10143.

**Reminders**

WFCAP is the payer of last resort. WFCAP payments are limited to unmet funeral, burial, and cemetery/crematory expenses.

Applications should only be submitted when the decedent’s estate and other sources are insufficient to pay for goods and services rendered.

Only funeral homes and cemeteries/crematoriums may submit WFCAP applications, inquire about submissions, and appeal decisions.

**Additional Information**

Changes announced in this Update will be added to the online WFCAP Manual at www.emhandbooks.wisconsin.gov/wfcap/fcap.htm.

The Wisconsin Funeral and Cemetery Aids Program (WFCAP) Service Provider Update is a source of new program policy information.

WFCAP is administered by the Division of Medicaid Services, Wisconsin Department of Health Services.

For questions, call WFCAP at 888-859-0611 or visit dhs.wisconsin.gov/em/wfcap.htm.

Service providers are encouraged to sign up for email notifications of program updates at dhs.wisconsin.gov/em/signup.htm.

EFFECTIVE DATE
The following policy additions or changes are effective 03/01/2017 unless otherwise noted. Grey highlighted text denotes new text. Text with a strike through it in the old policy section denotes deleted text.

POLICY UPDATES
2.1 WFCAP Application Form
Total funeral and cemetery/crematory expenses must be reported by the funeral home, cemetery, or crematory using the most recently published WFCAP Application, F-10141. Only this form is accepted. Payment requests not submitted on the proper form will be denied.

3.4.3 Life Insurance Declaration
3.4.3.1 Service Provider
By signing the life insurance declaration section of the WFCAP application, the service provider certifies an inquiry was made of the executor or family representative of any life insurance policies, created on or after October 3, 2016, insuring the life of the decedent.

3.4.3.2 Executor/Family Representative
By signing the life insurance declaration section of the WFCAP application, the executor or family representative certifies that an inquiry was made by the service provider as to the existence of any life insurance policies, created on or after October 3, 2016, insuring the life of the decedent and has disclosed all known policies on the application.

5.1 Denying or Reducing Payments
19. The life insurance declaration section of the application was not signed and dated by both the service provider and the executor or family representative.
WFDA RENEWALS DEADLINE IS TODAY, MARCH 1st!!
Thank you to all who have renewed before the deadline! If you have not had a chance to renew yet please
renew as soon as possible. After March 1st, the website will automatically eliminate the ability of non-
renewing homes to access the member-only portions of the website (forms, news, membership directory, etc.)
until their renewal is processed. In addition, non-renewing homes will no longer receive the Spotlight.

If you have any questions about the renewal process or your access to the website call the WFDA.

**Do you “Drive S.A.F.E.”?**

How often do you consider that there are far more serious consequences to unsafe driving than just getting ticketed? In most states, if you killed or injured someone because of distracted driving or playing a role in a road rage incident, you could be criminally charged. If that’s not bad enough, these risky driving behaviors also put your loved ones in harm’s way, whether or not they are even in the vehicle with you. Think about it: What would your loved ones do if your behind-the-wheel conduct resulted in your being seriously injured or killed in a car crash, or you are sent to prison because your actions contributed to another’s injury or death? Bottom line: Poor driving decisions could ruin your freedom and tear your family apart.

At some point, everyone has made a poor driving decision: speeding to make up for lost time, reading an incoming text message, driving when too tired, or letting emotions take over when encountering a “crazy” driver.

The majority of all auto crashes can be traced back to four driving behaviors: **Speed, Attention, Fatigue, and Emotion.** Branded “Drive S.A.F.E.,” Federated Insurance’s driver awareness program helps business owners and risk managers call attention to these behaviors to help their employee drivers understand the risks each can present, and their resulting consequences.

Risky driving habits typically develop over time and can be hard to break. Keeping the S.A.F.E. factors in mind may help you overcome the temptation to engage in behind-the-wheel conduct that puts you and others in danger.

Before each trip:

- Give yourself ample time to get where you’re going. Not only does it feel good to be early and not rushed, you can significantly reduce your chances of being involved in a crash.
- Make a commitment to pay attention to the task at hand, mentally and physically. Be on the lookout for inattentive drivers and drive defensively.
- Get enough rest to help ensure peak mental awareness so you can react to hazards that may require split-second maneuvers.
- Remain in control of your emotions and act responsibly. Put space between you and motorists whose actions aren’t sensible.

Drive S.A.F.E. has one goal: to help keep you and your loved ones out of harm’s way. Please make it home safely today! For more information on all of Federated’s risk management programs, contact your [local marketing representative](mailto:localmarketingrepresentative) today, or visit our [website](http://www.federatedinsurance.com).

SPOTLIGHT ON...Seland Funeral Home
Seland Funeral Home is a family-run business with a rich history and an excellent reputation. We were established in the 1880s by Edward Olson, who advertised “furniture, carpets, sewing machines and undertaking.” It was common for furniture companies of that time to combine undertaking with their business. In 1933, Gust Gilbertson became the proprietor and operated it until 1965, when it was purchased by DeVerne Seland. DeVerne operated the funeral home along with Seland’s Home Furnishings and Flooring. This was later split into two separate companies—Seland’s Karpetland, owned by son Tim and Seland Funeral Home, owned by son Mark. Furniture was phased-out in 2004, and the funeral home was expanded and enhanced to better-serve families.

NAVIGATING THE CHALLENGES OF OPENING A CREMATORY
As the cremation rate continues to increase, many funeral home owners consider expanding their facilities and adding a crematory, rather than relying on a third-party cremation provider. However, the challenges presented by zoning boards and the potential for community opposition can be daunting. An NFDA member recently got the greenlight to proceed with building a crematory after a neighboring business challenged the validity of the permit issued by the state Department of the Environment.
