

Where we started

- 2014 – Centers for Medicaid and Medicare Services (CMS) prevention rule change
 - Delivery of prevention services
 - Requires state health plan amendment
- CDC funding to the WI Department of Health Services
 - Asthma
 - Chronic disease
- Conversations among individual groups

Where we started

- WPHA-WALHDAB
 - All ages
 - Multiple health concerns
 - Healthcare continuum
 - Multiple service providers
 - Team-based approach
 - Statewide
- Children's Health Alliance of WI

Initial business case

- Released August 2016, updated March 2017
- Team of people
- Starting point of what we knew
- Living document
- Continue to build with new
 - Ideas
 - Strategies
 - Opportunities

Summit key themes

- Most promising
 - Structure for discussion among broad group of stakeholders
 - Expands care to community services through coordination of care

Summit key themes

- Areas of improvement
 - More clearly incorporate social determinants
 - Identify common metrics and standardized measures
 - Need to map existing pilots and programs to the framework
 - Need strong IT to connect all components

Children's Health Alliance of Wisconsin www.chawisconsin.org

Formalizing the group

- Partnership for Value-based Coordinated Care
- Logo
- Website – *coming soon*
- Identified the role of partners
- Created short, mid and long-term goals

Children's Health Alliance of Wisconsin www.chawisconsin.org

Partners (as of 7/22/17)

<ul style="list-style-type: none"> • Ageless Life Solutions • AIDS Resource Center of WI • Aurora • Children's Community Health Plan • Children's Health Alliance of WI • Children's Hospital of WI • DotCom Therapy • Family Health La Clinica • Fox Valley Advance Care Planning Partnership 	<ul style="list-style-type: none"> • Great Rivers Hub • Managed Health Services • Milwaukee Fire Department • Milwaukee Health Care Partnership • Molina • Pharmacy Society of WI • Rural Health Initiative, Inc. • Rural WI Health Cooperative

Children's Health Alliance of Wisconsin www.chawisconsin.org

Role of partners

- Role as organizational representative
 - Role during meetings
 - Listen and learn
 - Share information and expertise
 - Take an active role in determining components of the business case
 - Role between meetings
 - Share information with others in your organization
 - Connect the Partnership with others
 - Ensure this work aligns with other efforts

Children's Health Alliance of Wisconsin www.chawisconsin.org

Short-term goals: <small>(to be completed by December 2017):</small>	Mid-term goals:	Long-term goals <small>(led by appropriate partner organizations):</small>
Create a glossary of terms		
Identify successes and challenges of existing value-based programs		
Assess what patients want from Medicaid		
Develop the essential elements for coordinated team-based care (CTBC) <ul style="list-style-type: none"> • Services addressing prevention and self-management • Services addressing social and economic factors • Care coordination services • Quality measures for all services • Professional groups to deliver new services • Expanded care teams to provide all services (health care, prevention and self-management, and social and economic factors) • Technology components for successful CTBC system 	Educate others about the essential elements for CTBC	Advocate for the essential elements to be included in CTBC models
	Identify essential elements of value-based financing (VBF)	Advocate for the essential elements in VBF models
	Identify existing funding streams and opportunities to leverage and align funding	
	Identify policy barriers to implement the essential elements of CTBC and VBF	Advocate for policy change to support CTBC and VBF

Short-term goals

- Create glossary of terms
- Identify successes and challenges of existing value-based programs
- Assess what patients want from Medicaid
- Develop the essential elements for coordinated team-based care (CTBC)

Children's Health Alliance of Wisconsin | www.chawisconsin.org

Short-term goals *continued*

- Essential elements
 - Services addressing prevention and self-management
 - Services addressing social and economic factors
 - Care coordination services
 - Quality of measures for all services
 - Professional groups to deliver new services
 - Expanded care teams to provide all services
 - Technology components for successful CTBC system

Children's Health Alliance of Wisconsin | www.chawisconsin.org

Mid-term goals

- Educate others about the essential elements for CTBC
- Identify essential elements of value-based financing (VBF)
- Identify existing funding streams and opportunities to leverage and align funding
- Identify policy barriers to implement the essential elements of CTBC and VBF

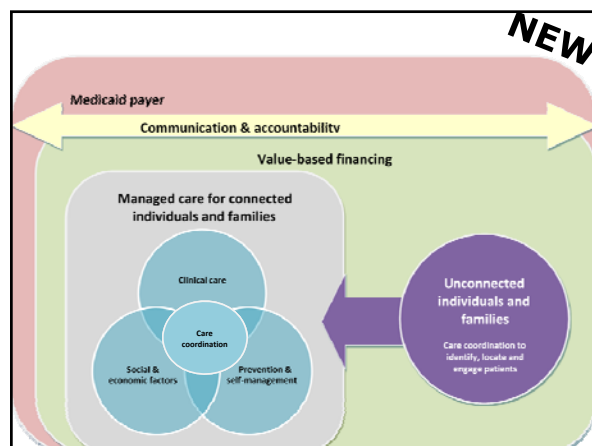

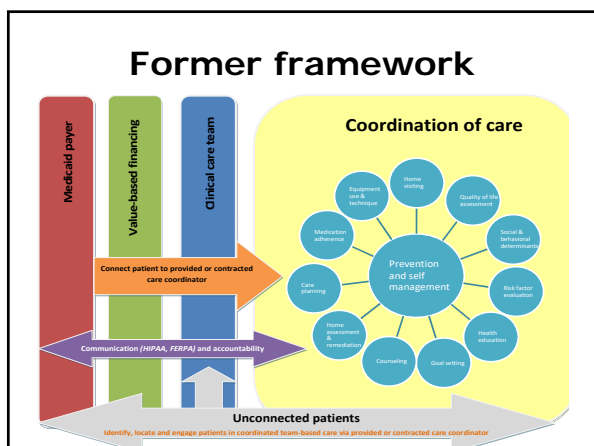

Children's Health Alliance of Wisconsin | www.chawisconsin.org

Long-term goals

- Advocate for the essential elements to be included in CTBC models
- Advocate for the essential elements in VBF models
- Advocate for policy change to support CTBC and VBF

Children's Health Alliance of Wisconsin | www.chawisconsin.org

Issue briefs

- Educational one-pagers
- Individual briefs created for:
 - Payers
 - Providers
 - Public health
 - Legislators
- Includes overview, rationale and steps to be taken

Children's Health Alliance of Wisconsin www.chawisconsin.org

Progress report on short-term goals

Children's Health Alliance of Wisconsin www.chawisconsin.org

Glossary of terms

- Ongoing process
- Includes terminology to be used in the business case
- Next steps:
 - Care coordination subcommittee – fall 2017
 - Update terms from 2017 Medicaid contracts
 - Finalize terms used in framework

Children's Health Alliance of Wisconsin www.chawisconsin.org

Existing value-based programs

- HIV medical home – p. 38
- Care4Kids – p. 39
- OB medical home – p. 40
 - To be updated fall 2017
 - Incorporate new report recently released
- WI Pharmacy Quality Collaborative – p. 41
 - To be updated with new data

Children's Health Alliance of Wisconsin www.chawisconsin.org

Patient assessment

- Subcommittee – 3rd Tuesday, 2:00 p.m. – 3:00 p.m.
- Goal:
 - Capture Medicaid patient perspective on where and how they want extended care to be delivered, determine how patients want care coordinated and which patient populations are most interested

Children's Health Alliance of Wisconsin www.chawisconsin.org

Patient assessment

- Focus groups
 - Engaged patients
 - Patient advisory boards
 - Fall 2017
- Looking for organizations with patient advisory boards
- Patient incentives

Children's Health Alliance of Wisconsin www.chawisconsin.org

Patient assessment

- Individual conversations with patients
 - Engaged/unengaged patients
 - Fall/winter 2017
- Looking for partners to help us access patients
- Patient incentives

Children's Health Alliance of Wisconsin www.chawisconsin.org

Patient assessment

- Partner with Medicaid
 - Target population: Childless adults
 - Unengaged patients
 - Initial conversations to determine interest

Children's Health Alliance of Wisconsin www.chawisconsin.org

Essential elements: Prevention & self management services

- Completed in initial business case – p. 17
 - Behavior & risk factor assessment
 - Care planning
 - Counseling
 - Equipment use & technique
 - Goal setting
 - Health education
 - Home assessment & remediation
 - Home visiting
 - Medication adherence
 - Quality of life assessment

Children's Health Alliance of Wisconsin www.chawisconsin.org

Essential elements: Social & economic factors

- Social determinants definition

“Social determinants of health (SDH) are ‘the conditions in which people are born, grow, work, live and age, and the wider set of forces and systems shaping the conditions of daily life’ (WHO). This includes economic and social policies, development agendas, social norms, and economic and political systems. All of which foster health inequities (WHO, CDC, HealthyPeople2020).”

Children's Health Alliance of Wisconsin www.chawisconsin.org

Essential elements: Social & economic factors

- Created categories of services
 - Food and nutrition
 - Housing
 - Personal safety
 - Social/community support
 - Education
 - Employment/income
 - Transportation
 - Legal

Children's Health Alliance of Wisconsin www.chawisconsin.org

Essential elements: Quality measures

- Assessment of existing measures tied to payment
 - CHIPRA
 - HEDIS
 - HRSA Health Center Program
 - MACRA MIPS
 - The Joint Commission
 - WI Medicaid Pay-for-Performance (BadgerCare and SSI)

Children's Health Alliance of Wisconsin www.chawisconsin.org

Essential elements: Quality measures

- New measures for consideration
 - CDC 6-18 Initiative
 - County Health Rankings
 - Health Leads
 - Healthiest WI 2020
 - Pathways Community HUB
 - PRAPARE
 - The Joint Commission
 - US Preventative Services Taskforce
 - WI Collaborative for Healthcare Quality

Children's Health Alliance of Wisconsin www.chawisconsin.org

Essential elements: Quality measures

- Subcommittee goals:
 - 2nd Thursday, 2:00 p.m. – 3:00 p.m.
 - Identify how HMOs track expanded services
 - Identify top measures used to determine effective care
 - Identify key measures that should be tracked
 - Identify and share documentation practices

Children's Health Alliance of Wisconsin www.chawisconsin.org

Essential elements: Care coordination

- Not completed yet – fall/winter 2017
- Need to define
- Need to define levels of care coordination
 - Payer
 - Clinical
 - Community
- Partner with others working on care coordination

Children's Health Alliance of Wisconsin www.chawisconsin.org

Essential elements: Professional groups

- Completed in initial business case, p. 18-25
 - Profession
 - Capacity
 - Certification/training
 - Where employed
 - Services delivered – *needs to be updated*
 - Funding
 - Current Medicaid reimbursement

Children's Health Alliance of Wisconsin www.chawisconsin.org

Essential elements: Professional groups

- Board certified lactation consultants
- Certified asthma educators
- Certified diabetes educators
- Certified tobacco treatment specialists
- Child passenger safety technicians
- Community health education specialists (CHES)/ Master CHES
- Community health workers
- Community paramedics/ Community emergency medical technicians

Children's Health Alliance of Wisconsin www.chawisconsin.org

Essential elements: Professional groups

- Healthy homes specialists
- Nutrition and dietetics
- Peer specialists
- WI Pharmacy Quality Collaborative certified
- Prevention specialists
- Public health nurses
- Registered environmental health specialists/ Registered sanitarians
- School nurses
- School psychologists
- School social workers
- **Others?**

Children's Health Alliance of Wisconsin www.chawisconsin.org

Essential elements: Expanded care teams

- Framework – completed
- Examples developed for use in presentations
- Winter 2017

Children's Health Alliance of Wisconsin www.chawisconsin.org

Essential elements: Technology components

- In process
- Description of some technology options in initial business case, p. 43-45
- Initial attempt to map to original framework, p. 47
- Milwaukee Health Care Partnership technology assessment
 - Use to inform and/or assess statewide

Children's Health Alliance of Wisconsin www.chawisconsin.org

Interested in joining us?

- Open to all
- Opportunities
 - Monthly partnership meetings
 - Ad hoc subcommittees
 - Quality measures
 - Patient assessment

Children's Health Alliance of Wisconsin www.chawisconsin.org

Team effort

- Partners
- Two part-time staff funded through asthma grant
- CDC public health associate
- HealthCorps members
- Undergraduate and graduate students
- WPHA-WALHDAB staff and contract lobbyist

Children's Health Alliance of Wisconsin www.chawisconsin.org

Funding

- In-kind support – WPHA and WALHDAB
- Asthma grant through WI Department of Health Services, via a CDC cooperative agreement
- Securing additional funding is a must to be able to continue at this level

Children's Health Alliance of Wisconsin www.chawisconsin.org
