### **NuTech National Announced as Title Sponsor for LP Benevolent Fund**

**Matthews, NC (July 27, 2016)** – The Loss Prevention Foundation is proud to announce NuTech National as the title sponsor for The Loss Prevention Benevolent Fund. The LPBF provides financial assistance to loss prevention professionals and their families in times of need.

NuTech National, a leading industry solution provider, has pledged \$10,000 to the LPBF, making them the 2016 LPBF title sponsor. This pledge has recently enabled the charity to transition into a tax-exempt 501(c)(3) organization.

"We are extremely honored and happy to be a part of such a great cause for our LP community and look forward to further contribution to help our community in need. We know the importance of LP personnel and will continue working to honor and support them. This fund has been an emotional experience for all parties involved and the team at NuTech could not be prouder to be leading the way in this fund and contributions to the families of LP everywhere," stated Greg Detardo, President of NuTech National.

In addition to distributing funds to the families of the fallen, the LPBF was established to provide financial grants to eligible participants who experience a verifiable economic hardship as a result of qualifying circumstances. Situations that could qualify for a grant include serious medical issues, death of a dependent, natural disaster, no permanent shelter, homelessness, etc.

"On behalf of the LPBF committee, we are very grateful for the financial support afforded to us by NuTech National. As we transition to a 501c3, charitable organization, making donations tax deductible for the donor, will encourage many more financial supporters, and as a result we will be able to help many more loss prevention professionals and their families during their time of need," explains Chris Duke, LPC, Chairman of the Loss Prevention Benevolent Fund.

“NuTech National is honored to be the 2016 Titled Sponsor of the Loss Prevention Benevolent Fund. In our rich history of providing technological solutions for the Loss Prevention industry; it is equally as important to recognize and support those who directly serve and protect. Our partnership with the LPBF aligns to offer comfort and financial assistance toward the families left behind due to the tragic loss of those men and women who have paid the ultimate debt,” mentioned Scott Evans, Director of Sales, NuTech National.

“The loss prevention/asset protection profession can be dangerous when apprehending individuals who are trying to cause loss to our retailers. Unfortunately, even when the proper precautions are taken, injury and sometimes loss of life can occur. Our industry has finally come together to help show support to those families who experience a devastating loss of a loved one while on duty. Obtaining support from a thoughtful organization like NuTech National will allow LPF to expand its ability to serve more needs of our profession,” states Gene Smith, LPC, President of The Loss Prevention Foundation.

**About The Loss Prevention Foundation:**

The Loss Prevention Foundation (LPF) is a not-for-profit 501 c (6) organization founded in 2006, by industry leading professionals to serve the loss prevention /asset protection industry. An international leader in educating and certifying loss prevention and asset protection professionals, LPF is responsible for administering the industry’s only internationally sanctioned LP credentials: LPQualified (LPQ) and LPCertified (LPC). With 24/7 online educational resources and a professional membership program, the LPF is able to educate the industry like no other organization of its kind, in the world. LPF is also focused on driving more talent to the industry from colleges, universities, military and law enforcement through its Academic Retail Partnership Program and its Hire A Vet Program. For more information, visit [www.losspreventionfoundation.org](http://www.losspreventionfoundation.org).

**About NuTech National:**

NuTech is the most established and largest force dedicated to retail loss prevention, working with the top Fortune 500 retail companies. Nutech has also had a long standing relationship with the U.S. government, protecting many of its agencies and defense-related operations, including the largest defense contractor Lockheed Martin who calls upon NuTech every day to protect its facilities throughout the U.S. NuTech National is constantly resetting the standard for retail by increasing technology and reducing cost.
